Garden Party

1960 ALL AMERICA ROSE OF THE YEAR

C 33 Garden Party (P.P. 1814). Last spring we planted over 1200 rose bushes in our test and show garden containing more than 60 varieties. Garden Party was one of the top performers in our garden and it will do the same in your garden. Vigorous, healthy plants with rich, luxuriant foliage that produced loads of flowers, starting with a glorious display in early June, continuing right through the heat of summer and a tremendous burst of bloom in autumn to finish the season.

And what huge, gorgeous flowers—up to 6 or 7 inches across—of the richest ivory you ever saw—with just the right touch of appleblossom pink to create the loveliest All America Rose in years. Garden Party has the background for this top performance—it is the first successful cross of two great roses, Peace and Charlotte Armstrong. We are proud to feature it on our front cover as our No. 1 Rose for 1960. We know it will make us a lot of friends. Be sure to plant this sparkling AARS Winner this spring.

Plant in shady spots or on north side of the house for beautiful blooms this summer.

BALLERINA

Fabulous Super Ruffled Double Tuberous Begonias

Only once in many years is a new creation so outstanding that it makes everything before it seem commonplace. Such is the new fabulous Super Ruffled Double Tuberous Begonia, Ballerina, created by the greatest Begonia Hybridizers in all the world, Allan Brown and Frank Reinelt. They combined the best qualities of the Camellia and Carnation types. Never in all our years of bringing gardeners the newest and the best, have we seen a flower so enchantingly beautiful. Truly supreme in beauty, vigor and splendid form, with infinite variations of frills, ruffles and scallops. Extra large flowers, 5 to 6 inches across with many even larger. You will find nothing to compare with them. Normally a new Begonia so far superior would sell for \$1.00 each or more, but now we offer you Ballerina for this special low price. Their popularity will sweep the nation like a tidal wave. Plant them in shade, especially afternoon shade, for spectacular big blooms, full to the center, banks of showy, brilliant color all summer long. They will bloom this season, the center of attraction, your special joy and delight. If you want to start them indoors, the bulbs are ready for shipping January 15. Please mention if you want them early.

HAMBURG, IOWA

The **4 Queens** America's Finest **CUSHION MUMS**

ALL WILL BLOOM THIS FALL

Blooms profusely from early September to severe frost

You'll pick bouquet after bouquet of these Fall Garden Favorites and still your garden will blaze with color. You will grow many hundreds, often thousands of blooms the first year from these four plants. Just think of it — color in your garden until frost. And what color! Crimson, purple, bronze and yellow in vivid autumn shades. The photograph of the Queens is good, but it doesn't begin to do justice to these sensational Cushion Mums. The blooms are from 2 to 2½ inches across and they simply cover the bush in a brilliant mass of color. The plant itself generally grows to a height of 2 feet and 2 to 3 feet wide. We send growing potted plants at proper planting time. Use coupon or letter for your order. **ACT NOW!** You save on this offer.

"Ogallala"

**NOW at a tremendous
direct to you saving!**

25 Guaranteed **\$1.00**
to grow
plants only

A regular \$2.25 value!

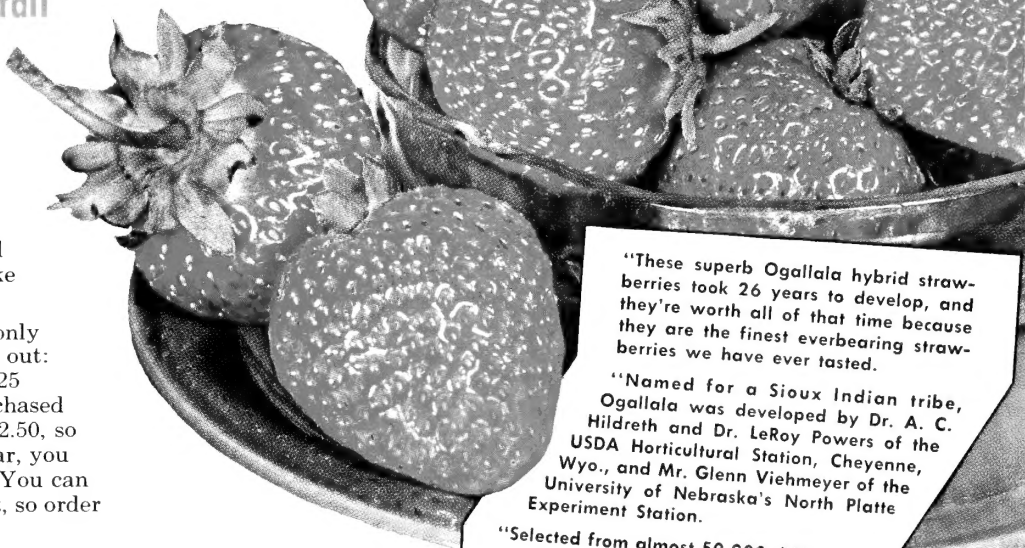

50 for \$2.00

Grow your own large
luscious Ogallala strawberries...
Enjoy them fresh this summer & fall

Never before has a new strawberry created
such a sensation...and now, at this amazingly
low price, you won't want to miss the oppor-
tunity to have new Ogallala in your own garden.

These strong, extremely hardy plants produce
large, sweet berries so rich in flavor and color
that they simply can't be described. You must
see and taste them yourself. They're unequalled
for eating fresh; they freeze well; and they make
prize-winning preserves.

Ogallala strawberries fresh from the garden not only
taste better, but they save you money. Figure it out:
under normal conditions, 25 plants will produce 25
quarts of berries this very summer and fall. Purchased
at the market, these berries would cost about \$12.50, so
you save \$11.50 the very first year. And next year, you
get loads more berries *spring, summer and fall*. You can
plant 100 plants in a space just 10 feet by 10 feet, so order
plenty at this low, low price.

"These superb Ogallala hybrid straw-
berries took 26 years to develop, and
they're worth all of that time because
they are the finest everbearing straw-
berries we have ever tasted."

"Named for a Sioux Indian tribe,
Ogallala was developed by Dr. A. C.
Hildreth and Dr. LeRoy Powers of the
USDA Horticultural Station, Cheyenne,
Wyo., and Mr. Glenn Viehmeyer of the
University of Nebraska's North Platte
Experiment Station."

"Selected from almost 50,000 different
seedlings, Ogallala combines the
sweet, rich flavor and the hardiness of
the wild Rocky Mountain strawberry
with the size and productiveness of the
best cultured varieties. We urge you
to plant Ogallala."

America's Finest Black Raspberry New **Black Hawk**

A new Black Raspberry originated by Iowa State University,
Ames, Iowa, and introduced in 1955. It has been thoroughly
tested at Ames and Council Bluffs, Iowa, and has out-yielded
all other varieties in the test. The berries are large to very large,
many being an inch across. Quality is the finest — sweet, juicy,
rich in flavor. The plants we send are strong, healthy, disease
resistant and vigorous growers. We believe this is the greatest
Black Raspberry in America. Just a few plants in your back
yard will give you lots of delicious fruit. If you have room, of
course plant more. Be sure to order now. Supplies are limited.

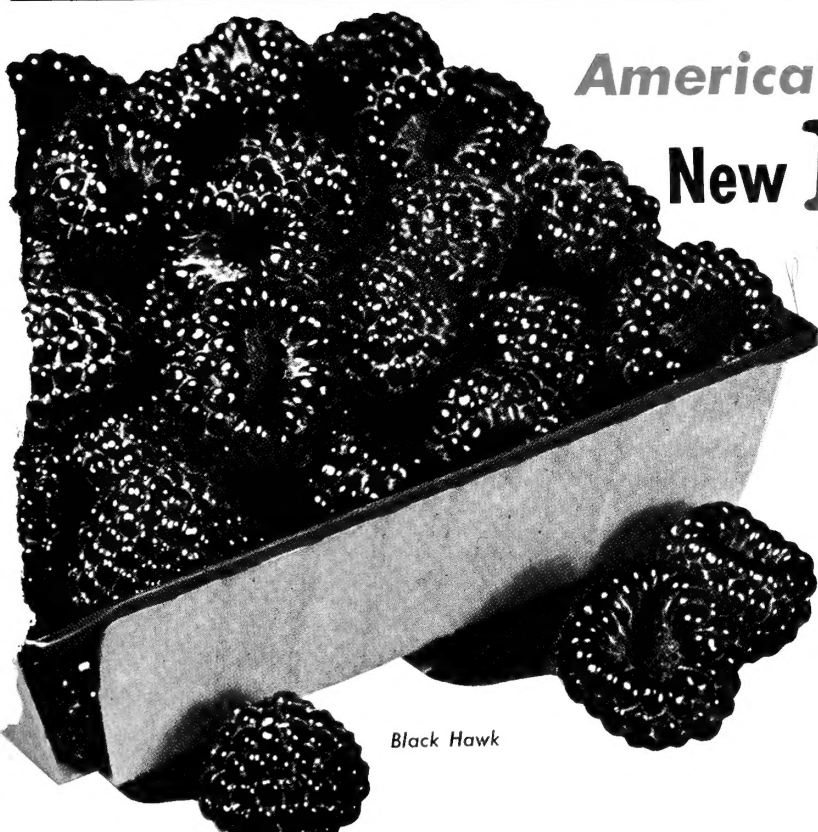

5 for **\$1.85**

Here's autumn glory for your garden! COPPER SPRAY paints a border of flame wherever you plant it. From early August to frost, year after year, this unusual new hardy perennial will be loaded with bright, burnished flowers, hundreds of them, 1½ inches across, in blazing shades of copper, bronze, orange and crimson. Bushy plants 3 or 4 feet tall make a riot of rich color in your "end-of-summer" garden. Order today, at this new low price.

Now a hardy, long-lived
HYBRID VIOLET
that blooms
spring, summer
and into fall!

**PURPLE
SHOWERS**

Makes your garden the
showplace of your neighborhood!
Will bloom for you this spring!

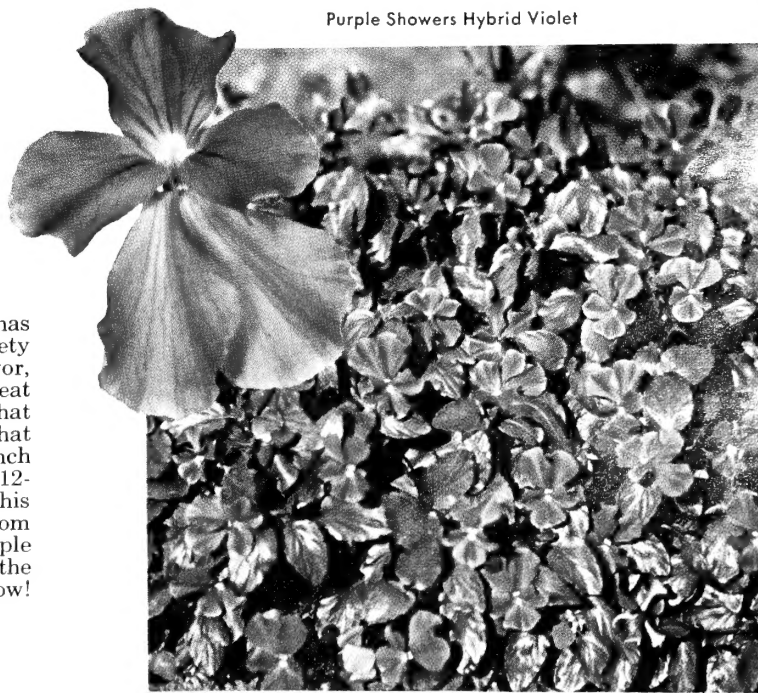

3 for **\$2.00**

only

postpaid and
guaranteed

Here at last — the long-lived hybrid purple Violet every flower-grower has been waiting for. Purple Showers has all the exquisite delicacy and velvety richness of color of a pampered hot-house prima donna... with the vigor, hardiness, strong growing qualities of a wild woods violet. Thrill to great cushions of color from spring to frost — deep intense glowing purple that holds its vividness. Purple Showers grows luxuriantly on strong plants that retain their glossy green foliage all year. Flowers come singly on 6 to 8 inch stems, fine for cutting. In a single season, a plant generally attains a 12-inch spread. Inter-State takes tremendous pride in bringing to you this rare, new, hardy, large-flowered, hybrid Violet. It combines the freedom of bloom of the Viola with the ruggedness of the violet. We know Purple Showers has a great future. Make your garden the talk of the town, the showplace of the neighborhood this summer and years to come. Order now!

Purple Showers Hybrid Violet

CARDINAL

Weigela
Vanicek

...the most spectacular
SHRUB of this Century!

We believe this to be the finest red-flowering shrub in America. In May-June every plant is simply covered from top to bottom with hundreds and hundreds of lovely rosy-red flowers. They are trumpet-shaped, 1 to 1 1/4 inches across. After this first big display, there are some scattering blooms throughout the season. If you cut off sprays of flowers and use them for bouquets, the plant will flower even more freely than if you left them on.

At Hamburg, the Cardinal Shrub has withstood 15 below zero without injury. It is so easy to grow, not particular as to soil. Thrives in full sun or part shade. It makes a shapely bush 5 to 6 feet tall with excellent foliage. Used as an untrimmed hedge, it will be the sensation of your neighborhood.

Look over your yard, whether large or small. You will find a spot where it will help make your home more beautiful. Plants set out this spring will bloom this season. We ship them to you **POSTPAID**, trimmed ready for planting, at the proper planting time for your locality.

Each **\$2.00** 3 for **\$4.95**

2 to 3 foot plants — trimmed for planting

BE SURE to include at least one on your order.

SHRUB SPECIAL

1 Cardinal Shrub

1 Wintergreen

both for only

A regular \$4.00 value

\$2.95

WINTER-GREEN

"EUONYMUS MANHATTAN"

This shrub stays green all year long!
Beautiful, hardy, easy-to-grow!

One of the most attractive and versatile of all shrubs. Lustrous, glossy green leaves stay on all winter, when planted in part or full shade. Makes a shapely bush 4 to 6 feet tall but can easily be trimmed to any desired height. Fine for foundation planting, as specimens, and a perfect background behind low shrubs, roses and perennials. Makes a wonderful hedge with its green foliage all through the winter. Thrives in sun or part shade, or even on the north side of the house. Hardy here in southern Iowa but we do not advise planting farther north. Look over your yard and you will find spots where this shrub will help make your home more attractive. Generally sold at much higher prices. This spring they are extra fine, very well-branched, and give immediate effect.

Each **\$2.00** 3 for **\$4.95** 6 for **\$8.95**

Postpaid and Guaranteed

Big well-branched plants 1 1/2 feet tall and 1 1/2 feet wide

These take the place of evergreens at a much lower price
and are much easier to grow—not injured by dogs.

INTER-STATE'S *Color Special*

Everblooming ROSES

Enjoy the beauty
of Roses in
your garden
this summer

**These sensational Roses
will bloom this summer!**

These six roses bear famous names. Bought individually, by name, they would cost you much more. As a FRIENDSHIP SPECIAL we decided to offer this gorgeous collection by color only, so you can take advantage of real savings and enjoy these prize winning beauties in your yard. You will have beautiful, fragrant roses and lots of them THIS SUMMER and many summers to come. These plants are medium size, 2-year, No. 1½ grade, field-grown. They are shipped to you postpaid, trimmed and ready for planting, with easy-to-follow planting instructions. You can grow roses in ordinary garden soil, in full sun or part shade.

Order these roses early. Plant them this spring and in 7 to 8 weeks you will be cutting lovely, dewy-fresh roses — the same fragrant beauties that would cost you so much more if you ordered them by their prize-winning famous names. Guaranteed to bloom this summer!

Catalog Value \$2.00
You Save \$1.00

You receive 1 each of the following • 1 Picotee Ballerina
• 1 Crimson Ballerina • 1 Pink Ballerina • 1 Yellow Ballerina.

These flowers created a sensation last year . . . our customers
were so excited about it that we want more people
than ever to enjoy them this year.

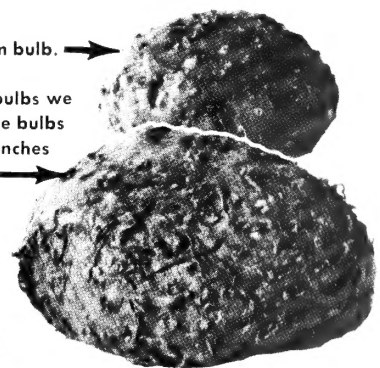

Only once in many years is a new creation so outstanding that it makes everything
before it seem commonplace. Ballerina—the new Super-Ruffled Double Tuberous
Begonia has truly taken the hearts of flower lovers all over America. Ballerina
combines the best qualities of the Camellia and Carnation types for a new kind of
enchanting floral beauty.

Plant your bulbs in the shade, or at least afternoon shade. They will bloom this
year. Large flowers delicately ruffled, radiantly colored. One of the finest, new
flowers in America. A bed of these bulbs will provide a continuous, beautiful dis-
play of flowers from early summer until frost. In the fall, take bulbs inside, after
8 to 10 weeks rest, repot for indoor bloom. Order now while the supply lasts.

CONTENTS AND ARRANGEMENT COPYRIGHT 1960 BY INTER-STATE NURSERIES
HAMBURG, IOWA

LITHO U.S.A.

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds.

1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.

2. Write your order for Seeds and Supplies on the order blank at the back of the catalog between pages 82 and 83.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds and Supplies are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality*.

3. Print or Write name, and address on all orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route and postal zone if your city is zoned. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object. All members of the same family, living at the same address, please order under one name.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. You can send us money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment.

Please do not ask us to ship C.O.D. The post office and express companies make an extra charge for this service, which makes your cost greater.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Law requires us to collect.

Mail Your Order Early

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment. When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

Blue Ribbon Glad Special

King David—Rich, velvety purple with a silver picotee. Outstanding in arrangements.

Leif Erickson—Delicate chartreuse buds open to lovely ruffled flowers of deep cream.

Prospector—Gorgeous pure yellow flowers with delicate frills.

Red Radiance—This brilliant scarlet glad will illuminate your garden or bouquet.

Spic and Span—The greatest and most popular of all Glads. Perfect, ruffled flowers of rich pink.

Sierra Snow—Tall, strong spikes with large flowers as white as new fallen snow.

Traveler—A delicate rose-lavender rated even higher than the famous Elizabeth the Queen.

YY 1 5 Each of Above 7 Glads
All 35 Fine Bulbs for \$1.95 Postpaid

YY 2 10 Each of Above 7 Glads
All 70 Fine Bulbs for \$3.35 Postpaid

YY 3 20 Each of Above 7 Glads
All 140 Fine Bulbs for \$5.95 Postpaid

Here are seven of the greatest Glads of all time, each the most popular of its color. When you see them blooming in your garden this summer, and when you use them in bouquets and arrangements, you will know why they win top awards at the flower shows. Lovely colors on graceful spikes, 6 to 8 glorious flowers open at once and every remaining bud will open perfectly right out to the tip. They are fully described on pages 71, 72. We also assure you that they are beautiful, large flowers, exquisitely ruffled.

We send you first quality, fine bulbs 1 to 1¼ inches across (diameter). We can offer them at this special price only because we sell millions of Glads. Each variety is labeled and sacked separately. **GUARANTEED TO PLEASE YOU WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER.**

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is wrong or if you have moved please write below BOTH the right and the wrong.

Inter-State's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.
3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1960, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write to us.

AND THE MEN BEHIND IT

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulín (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

What you should know about Inter-State Nurseries

The most important facts are that back of this firm are life-times of nursery experience, plus the best nursery soil, and a sincere desire and effort to please and satisfy our customers.

Our soil, called Loess by the geologists, is very rare, occurring in only a few places throughout the entire world. Even in Iowa, famous for its rich soil, this Loess is rated something very special and super-excellent. We have a long growing season, time to make the husky plants you like to set out. And our winters are cold enough (sometimes 20 below zero) to assure hardiness. Normally rainfall is ample. But we have nearly 300 acres under irrigation where we grow perennials and such stock as needs more regular watering. In one of these fields we grew over a million Phlox, the very plants listed on Page 65.

We three brothers, Carl, Les, and Dave worked for a large nursery on Saturdays and school vacations. In 1919 we moved to Hamburg, establishing our own nursery, growing and selling at wholesale to other nurseries. In 1931 we decided that as long as we were growing the nursery stock, we should sell it Direct-To-You, the final customer. So we issued our first catalog Spring 1931.

Now as the years have gone by, we are aided by our sons, who have grown up in the business, and an exceptionally fine organization, many have been with us since our first catalog and even before.

Our new storage

In 1955 we built a completely new storage, exclusively for roses. Visitors have told us it is America's finest. The temperature and humidity are controlled so that rose plants keep dormant and in perfect planting condition as far into late spring and summer as we wish and providing they are not sold sooner. We also refrigerated completely our large regular storage for trees, shrubs, etc. This stock will stay dormant and in perfect planting condition until late in the season. **This means we can serve you better than ever before.**

About this catalog

It is not just a sales book, but a Guide to Better Planting. After you look it through, you will agree it is our finest Catalog. We have tried hard to make it more helpful, better illustrations (but it is absolutely impossible to reproduce on paper the real beauty of nature, the texture, the sheen, the glowing colors). You will find new roses such as the 1960 All America Winners Garden Party on page 1 and Sarabande and Fire King on the envelope—Aztec, Kordes Perfecta, Pink Peace and the newest color in Roses, Sterling Silver on pages 44 and 45. Perennials that are not only new but better, such as Purple Showers Hybrid Violet, Penstemon Prairie Bells, Giant Primroses and New Hardy Asters on pages 54 and 55. And, the fabulous new Ballerina Ruffled Double Begonias are pictured on page 2. For many years we have devoted much time and effort on the best methods of producing Dwarf Fruit Trees. No nursery in America has a finer selection of these **Amazing Little Giants**, small trees, giant fruits. You will find them on pages 18, 19 and 20.

Finally

This then is a short story about the Inter-State Nurseries, a national institution, the largest of its kind. It has helped to make America More Beautiful, More Fruitful. Its proudest possessions are the thousands of voluntary letters telling about the greater enjoyment, better health, more beauty, and the satisfaction of making homes better places in which to live.

Important Information

It's Easy to Order by Mail from Inter-State

You can relax in the comforts of your home while you order by mail from Inter-State Nurseries. Pick out the items you want to plant this spring from the 84 colorful pages of this catalog. Write your order for Nursery Stock on the order blank opposite page 2 or use the one opposite page 83 if you order Seeds or Supplies from pages 6 & 7. Fill in your full name and complete address and enclose your remittance either by money order, check, bank draft or currency. If you send currency, please register your letter. Mail to us and when the proper planting time comes for your locality, we will ship your order Direct-to-You. Plant the stock, watch it grow and enjoy the added beauty and fruitfulness of your home.

We Pay Postage (Alaska and Hawaii orders sent air mail collect), except large trees are shipped express collect

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. (Customers in Alaska and Hawaii should write us for air mail costs.) This means that you pay no postage or handling charges on those items. Some Fruit and Shade Trees listed "Not Postpaid" are too large to go by parcel post. They are shipped by express, you pay the express charges. **We include extra stock to help pay the express.**

In some orders there are trees which must go by express and also some stock (shrubs and roses) which would go parcel post. To avoid making two separate shipments of trees, shrubs and roses (see below), we send these entire orders by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

Nursery Stock is shipped at proper planting time

Nursery Stock and Seeds are not shipped together. Seeds and Supplies are shipped at once. Nursery stock is shipped at proper planting time in your locality. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states. If you want your order shipped on a particular date, please write this on your order.

SEPARATE SHIPMENTS

Please read this carefully

Trees (both fruit and shade), shrubs, hedging, small fruit plants, vines (except Clematis) and roses are shipped first, because they should be planted first as they can stand late frosts and cold snaps after being planted. But perennials, bulbs, clematis, should not be planted as early, therefore they are shipped separately often 2 or 3 weeks later. So your order may be sent in several separate shipments in order that you get your stock at the best planting time to give you the best results. For example, if you have ordered roses, shrubs or trees and also perennials or bulbs, you will get the roses, shrubs or trees first and the perennials or bulbs later. After you get the roses, shrubs, you need not write us about not getting perennials or bulbs as we will ship them a little later on.

New Method of Wrapping

We are now using a new product, Polyethylene or Polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe". Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock. It means that your nursery stock will arrive in perfect condition **EVEN WITHOUT MOSS OR OTHER PACKING MATERIAL**. If shipment arrives during a spell of bad weather, you can leave it in the package for several days. Of course, you should plant as soon as you can because the sooner you get it in the ground, the sooner it starts growing and the quicker you get flowers or fruit.

SEND

Living Gifts

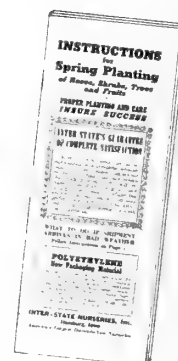

**That Will Be Cherished for Years
For Christmas, Birthdays, Mother's Day,
Easter, Anniversaries, Any Occasion**

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do.

You select from our catalog whatever you wish us to send. With your remittance, give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock you selected (without prices). It will be shipped at the proper planting time. *We guarantee satisfaction to you and to those receiving the gifts.*

Helpful Planting Guide Free!

With every nursery stock order, we send Free a Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

We Are America's Largest Direct-to-You Nurseries

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

Centrally Located

We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

Sales Tax

The Iowa law requires us to collect a sales tax of 2% on all orders sent to us **BY PEOPLE LIVING IN IOWA**. Iowa customers will please add this amount to their orders. **BUT PEOPLE NOT LIVING IN IOWA DO NOT SEND ANY SALES TAX.**

HERE ARE SOME
USEFUL SUPPLIES
CARRIED IN STOCK AT
ALL TIMES, AVAILABLE
FOR IMMEDIATE SHIPMENT

HUDSON DUSTERS

K 47 1 Hudson Bantam® Duster \$10.95

The finest new garden duster we have ever seen. Light weight, compact size, easy to use and most important, does a perfect job of dusting. Adjust the nozzle to desired angle, turn the crank and you quickly spread disease controlling dust over your plants. Will last for many years. Postpaid and satisfaction guaranteed

K 48 1 Hudson "Admiral"® Duster \$2.95

America's best known hand duster. Postpaid.

USE PEAT MOSS

As a Soil Conditioner For Better Growth

This is a special Horticultural All-Purpose Peat which can be used for Azaleas, Blue Hydrangeas, also Roses, Shrubs, Perennials, Trees, etc. Especially fine for lawns and gardens. It is almost 100% humus. Mix $\frac{1}{4}$ of this Peat with soil when planting. Helps soil hold moisture and is a wonderful soil conditioner, as it stimulates bacterial growth. In our own work, we have found Peat Moss to be far more effective than a chemical soil conditioner. Postpaid.

K 15 1 Bushel Peat Moss for \$2.95

K 14 $\frac{1}{2}$ Bushel Peat Moss for \$1.95

Tri-Ogen Rose Spray

Aerosol Bomb

Ready-to-Use—Effective

This is the easiest, most convenient way to spray your roses. All you do is push the button of this ready-to-use aerosol bomb and you can quickly and effectively spray your roses. Contains both insecticide and fungicide to give complete control over foliage diseases and insect pests. Also effective for use on Chrysanthemums, Phlox and other garden plants which are bothered by fungus or insects. Especially nice for small rose gardens. All you do is hold the aerosol bomb 3 feet from the plants and push the button.

K 52 One 12 Oz. Aerosol Bomb for \$1.50, Postpaid

BUG-DUST-O-CIDE

For Insects and Plant Diseases

1. **NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.**
2. **MULTI-PURPOSE**—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
3. **EFFECTIVE**—Satisfied users everywhere recommend Bug-Dust-O-Cide.
4. **EASY-TO-USE**—ready to apply—no mixing, no fuss or bother.

Super MOLE-NOTS

KILLS THE MOLES IN THE GROUND

No Traps • No Gas • No Exposed Poison

A new, improved method to rid your lawn or garden of pesty Moles. Ready to use Peanuts treated with odorless Thallium Sulphate, a poison deadly to moles, kills them right in the ground.

Guaranteed to Kill Moles or Money Refunded

Use according to the simple instructions with each package. Guaranteed to kill the moles or purchase price will be refunded. To quickly eradicate the entire family of moles, place these Peanuts in all visible runways, at intervals of two or three feet. The Moles eat them and die. These Peanuts, if placed around the edge and throughout a freshly made flower bed (in the ground), will eliminate the loss of bulbs or plants. Keep an ample supply on hand to treat new runways as soon as they appear. They are POISON so be sure to keep out of reach of children and pets. Postpaid.

K 6 4 ounces for \$1.00

K 7 8 ounces for \$1.90

LA MOTTE SOIL TESTING KITS

K 43 Plant Food Test Kit \$5.95 Postpaid

Some plants grow best in acid (sour) soil, others in alkaline (sweet) soil. A simple 1-minute test tells you whether your soil needs Lime or Alum. This scientific kit also enables you to test soil for Nitrogen, Phosphorus and Potash, the three main elements for plant development. Easy to use, makes 60 individual tests. "Know Your Soil" a twelve page glossary of gardening and soil terms is included with this kit.

K 44 Soil Acidity Test Kit \$1.95 Postpaid

Tests for acidity only. Makes 25 tests. Easy to use.

INTER-STATE'S 3-WAY BULB DUST

A convenient, easy-to-use dust to protect your Glads from insect pests and fungus diseases. Can also be used on Fall-planted bulbs such as Tulips, Daffodils, etc. Here's how the 3-Way action works.

1. Repellent—keeps mice, moles and other rodents away from bulbs in the ground.
2. Fungicide—To prevent loss of bulbs from fungus disease and rot, both in the ground and while storing over winter.
3. Insecticide—To control thrip and other insect pests.

Try it this spring on your Glads and keep for use on Tulips, etc., this fall. Guaranteed satisfactory. Postpaid.

K 70 1 Pound Sifter Can \$1.00

K 71 3 Pound Bag \$1.95

BETTER HOMES AND GARDENS GARDEN BOOK

K 12 Each \$4.95 Postpaid

It contains 480 loose leaf pages divided into 20 easy-to-use, tab-indexed chapters covering every phase of gardening. Over 1,000 drawings and photographs, many in full color. Guaranteed satisfactory or your money refunded.

BETTER HOMES AND GARDENS FLOWER ARRANGING BOOK

K 11 Each \$2.95 Postpaid

This sensational new book is designed to show you, step by step, how to create attractive arrangements easily, expertly. With 200 pictures, 115 in full color, you'll learn the three basic styles—Traditional, Oriental and Modern. Be the envied hostess by showing off the lovely ways to use flowers in your home learned from this inspirational book. Guaranteed satisfactory or your money refunded.

NEW "ARTOX" KILLS CRAB GRASS

K 60 3 ounce can for \$1.00, Postpaid

Artox contains Sodar, the new formulation which KILLS Crab Grass. You can have a beautiful lawn without digging, raking or hard work to get rid of the No. 1 lawn pest, Crab grass. Just mix ARTOX with water and spray it on. ARTOX kills Crab grass, both young and old plants, without damaging the regular lawn grasses. Economical, the 12-oz. size covers up to 3,600 square feet depending on the amount of Crab grass.

Postpaid Prices on ARTOX

NEW IMPROVED IMPERIAL

HOME ORCHARD SPRAY

K 80 1 Pound for \$1.95, Postpaid

K 81 3 Pounds for 4.95, Postpaid

This amazing new home orchard spray contains three of the newest and most potent insecticides and fungicides, Captan, Malathion and Methoxychlor, all scientifically combined in one Multi-Purpose Spray. You merely add water. One pound makes 12 gallons of spray. It is ideal for home fruit growing as this one spray controls insects and diseases in one spray material. It controls such insects as curculio, codling Moth, Oriental Fruit Moth, Japanese Beetle, Leaf Rollers, Aphids, etc.; and diseases like scab, blotch, brown rot, cedar rust, leaf spot, etc. It also can be used as a dormant spray. Home fruit growing can be made pleasant and profitable. Simple directions on the package. This Multi-Purpose Spray does three things:

1. Contact insecticide killing many insects by contact.
2. Fungicide for diseases.
3. Control for chewing insects.

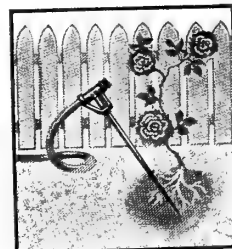

And it can be used right up to harvest.

New, Improved

ROOT FEEDER

K 26 Each \$6.95 Postpaid
with 12 regular fertilizing cartridges

The Ross Foot Feeder puts the fertilizer and water directly to the roots. Produces healthier and more vigorous growth. Especially fine for roses, shrubs and trees. In the spring it is a quick booster. In the summer insures food and water during dry spells. In the fall necessary to prevent winter damage. Simple, easy to use.

Keep a supply of cartridges on hand. Postpaid

K 27 12 Regular (8-16-8) for general feeding. \$1.00.

K 28 12 Acid cartridges (10-20-20) used for evergreens and acid loving plants like Azaleas, Blue Hydrangea, etc. \$1.00.

K 29 12 Starter (9-46-15) for spring feeding. \$1.00.

K 24 12 Rose cartridges (15-25-10) for larger blooms and healthier foliage. Contains chelated Iron. \$1.00.

RA-PID-GRO Complete Plant Food

For Better Roses Shrubs and Trees, Better Gardens and Lawns

K 160 1 Pound for \$1.45, Postpaid

We wish everybody would use Ra-Pid-Gro. It will greatly increase the enjoyment you will receive from your lawn, garden, roses, trees and shrubs. RA-PID-GRO is a concentrated, complete plant food (23-21-17 plus trace elements). Easy to use, all you do is mix with water. Economical, 1 pound makes 22 gallons of quick-acting fertilizer. Dual Purpose, use for foliage feeding and around plants. Effective, you will get more, larger flowers and fruit.

USE RA-PID-GRO WHEN PLANTING, you simply put 4 level teaspoonfuls of RA-PID-GRO in 1 gallon of water (8 level teaspoonfuls in 2 gallons of water, etc.). Soak the roots of roses, shrubs, and trees 3 to 4 minutes; just dip perennial roots and strawberry plants for a second or two. Plant immediately, protecting all roots from sun and wind, and pour the solution around the newly planted stock and water well.

USE RA-PID-GRO EVERY 2 OR 3 WEEKS throughout the season for the best results from both new and old plantings. Water thoroughly after fertilizing. It is marvelous for invigorating lawns. For use on lawns and large areas, we have a special nozzle attachment for your hose which automatically measures the correct amount of RA-PID-GRO. It costs \$1.75, Postpaid. Try RA-PID-GRO at our risk. If you are not entirely satisfied, your money will be refunded. Postpaid.

K 159 6 Ounces for \$.65

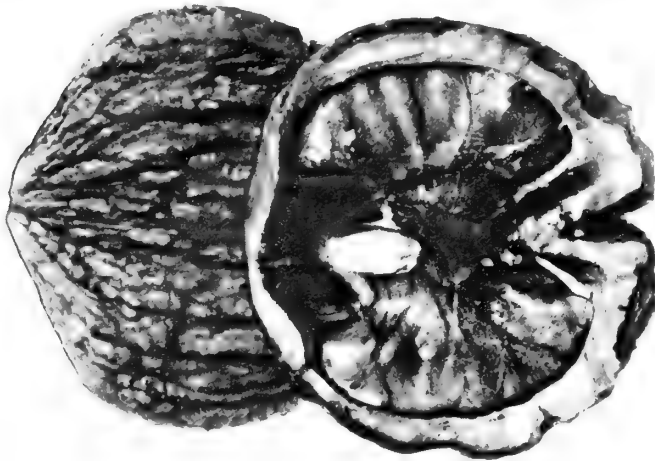

K 161 2 Pounds for \$2.65

K 160 1 Pound for 1.45

K 162 5 Pounds for 4.95

K 163 10 Pounds for \$9.45

Plant Nut Trees for profit, beauty, shade and food

Thomas Black Walnut, Actual Size

THOMAS BLACK WALNUT

N 1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have the Thomas grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.
2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts cracks out 10 to 12 pounds of meats.
3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for \$1.25 or more a pound.
4. It will grow in almost every state in America. It is not particular as to soil. Plant 50 feet apart.
5. In time the tree will grow large and walnut logs are scarce. If you wished you could sell the trees for lumber at a good price. These are grafted trees and grow rapidly.

HIRSCHI HARDY PECAN

*Thin Shelled
High Quality
Bears Heavily
and Regularly*

N 40 Hirschi Pecan is a new variety found near Kansas City by Mr. A. G. Hirschi, the eminent authority on Nuts, specializing on Walnuts and Pecans. Unlike most Pecans, the Hirschi starts bearing very young, bears regularly and heavily. The nuts are good size, very thin shelled and crack easily into full halves. The quality is very high, having the rich full flavor of the native pecan.

We have it growing at Hamburg but it will be several years before we know exactly how far north it can be grown. We know that it lives, bears and matures its nuts fully near Kansas City. We do not advise planting the Hirschi farther north than Hamburg until we learn more. The tree with its rich green foliage, perfect form, is attractive enough to plant in your front yard.

N 42 Stuart Pecan. This is the hardiest of the regular Pecan varieties which are grown throughout the South. It lives, bears and matures its nuts as far north as Southern Missouri. Stuart is very thin shelled and cracks easily into halves. The nuts are high quality with that real, delicious Pecan flavor. The tree with its rich green foliage, perfect form is attractive enough to plant in your front yard. It bears heavily and regularly, large nuts just like those you buy. This outstanding variety is one of the best kinds grown in the regular Pecan sections of the South.

HARDY ENGLISH WALNUTS

Carpathian

N 30 Hirschi's Selected Carpathian—You know what the popular English Walnuts are which are grown on the west coast. This Carpathian English Walnut is just like them, thin-shelled, fine flavor but the Carpathian is far hardier. It will live and bear in all but the most extreme cold states like Minnesota, Dakotas, etc. Our trees are propagated by grafting from a selected tree which started bearing young, heavily, regularly and has proven hardy. It will develop into a large specimen tree, magnificent in the lawn or back yard.

2 to 3 feet, Postpaid.....	Each 4.95

N 32 Hardy English Walnuts, Carpathian Seedlings. These are like the Hirschi Selected Carpathian above except they are grown as special selected seedlings. Hardy to southern Iowa, make wonderful shade trees besides bearing their delicious nuts.

3 to 4 feet, Not Postpaid.....	Each \$4.95
2 to 3 feet, Postpaid.....	Each 4.45
18 to 24 inches, Postpaid.....	Each 3.65

CHINESE CHESTNUTS

N 17 These Chinese Chestnuts are seedling trees from selected parents which have been found to be superior. They start bearing very young, generally a year or two after planting. The nuts are large, sweet, fine flavor. They develop into large, handsome trees, attractive enough to plant in your lawn as a shade tree. We do not recommend planting them where temperature regularly falls to more than 15 below zero. Yields will be larger if you plant two trees so they can cross-pollinize.

Fresh from Your Own Garden!

WONDERFUL, TASTY

Rhubarb

Rhubarb is the earliest spring vegetable. Some list it as a fruit because once planted it lasts a lifetime, coming up year after year without special care or attention. Plant 3 to 4 feet apart, covering the crown with 2 inches of soil.

We do not list the common Rhubarb because these two kinds are so far superior. In the first place they are much larger, far better flavor, sweeter and the skin of both is so tender that they need not be peeled. Also you can use them for many weeks, spring and summer. Both are very productive with large, tender, juicy stalks. Ordinarily these are seedless but if a seed stalk should develop, cut it off at once as it takes strength from the plant. POSTPAID.

A 65 Chipman's Canada Red—This new rhubarb has large stalks that are red from top to bottom, even the flesh is red. It does not lose this rich color in cooking. Juicy and sweetest of all, takes less sugar. Seedless. Skin is so tender you need not peel it. Very productive, you can pull the stalks all spring and summer.

Each \$1.10, 3 for \$2.85, 6 for \$4.95

A 61 MacDonald Red—A tremendous producer of giant size stalks all spring and summer. Stalks are 18 to 24 inches tall, many half as thick as your wrist. Seedless. It is 2 to 3 times larger than common rhubarb, far more tender, delicious and sweeter. Its bright red skin and tender flesh makes very attractive and fine tasting sauce and pies. Skin so tender it needs no peeling.

Each \$1.10, 3 for \$2.85, 6 for \$4.95

EXTRA CHOICE GRAPES

Many homes have Concord grapes only. You do not know what you are missing. You should try some of these. They are just as hardy as Concord. They bear regularly and heavily and they have an entirely different flavor.

A 108 Caco—My, such great big red grapes, so rich and sugary with an unusually sweet flavor. A strong grower, bears young, heavily and regularly.

➤ **A 109 Fredonia**—By all means you should plant some of these because they ripen 3 WEEKS BEFORE CONCORD. Big bunches of large blue-black grapes.

A 105 Niagara—The favorite white grape. Big bunches of tangy, flavorful fruits.

➤ **A 110 Portland**—Ripens very early, a few days before Fredonia. Fruit is large, attractive amber-white. And it has the most delicious, rich, spicy flavor. Bring in a bowl-full and you will have to go back for more.

A 112 Van Buren—This new grape ripens a few days before Portland. Fruit is large, blue-black, sweet, juicy, delicious. Hardy and productive.

King

LUSCIOUS *Black Raspberries*

They ripen after strawberries and just ahead of red raspberries. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. You can plant a row across the back of your garden. Our Planting Guide, sent with all orders, gives you easy-to-follow instructions about taking care of them. If you make a mulch of lawn rakings or a mixture of straw and leaves and put around the plants in the spring, you will have almost no weeding to do and besides this mulch helps hold moisture so the plants produce better.

A 94 Bristol—A tremendous producer of large, luscious, glossy jet-black berries even in thin soils where other varieties are failures. The delicious berries are not only sweet and juicy but have an unusually rich black raspberry flavor. They are almost seedless which makes them especially fine for making juice and for freezing. We receive reports from over a wide territory telling of the success of Bristol even in southern states where other varieties fail. POSTPAID.

Grow Your Own Fruit for Delicious Pies, Jams, Sauce or Jelly

Welcome New Heavy Bearing Gooseberry

A 157 Welcome—This great new Gooseberry, originated by the University of Minnesota, is by far the best variety sold today. Large, high quality berries that will make the most delicious pies, jelly or jam. The attractive light green fruit turns pink when fully ripe, extra fine eating in both stages. Welcome is a very heavy bearer giving you quart after quart of fruit every year. Easy to pick, very few thorns. These big 2-Year No. 1 Plants will bear the next year after planting. This is the finest Gooseberry we have ever tasted. Plant 3 to 4 feet apart. See Notice Below.

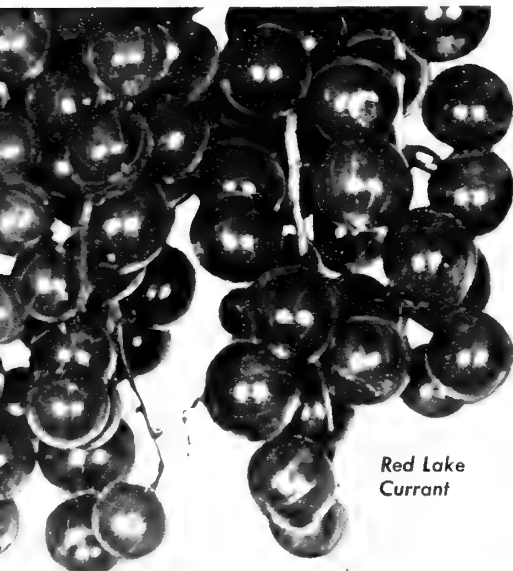

Big 2-Year No. 1 Plants Each \$1.45, 3 for \$3.95, Postpaid

A 159 Pixwell Gooseberry. It is a tremendous bearer of medium large, good quality berries. Moreover they hang down on the underside of the branches so they are easy to pick. It bears very young, the next year after planting. Color is light green, turning pink when fully ripe. See Notice Below.

Big 2-Year No. 1 Plants Each \$1.25, 3 for \$3.25, Postpaid

New Welcome Gooseberry, much larger than pictured above

Red Lake Currant

Currants For the finest Jelly and Jam

A 148 Red Lake—We think that this is the most productive, the best quality of all currants. The berries are very large, the clusters are long and filled out to the end. The color is a bright glossy red and makes the most beautiful and finest flavored jelly. They grow in ordinary garden soil. Plant 3 to 4 feet apart. Please read NOTICE BELOW.

Our big 2-Year No. 1 plants will start bearing next year after planting.

Each 75c, 3 for \$1.95, Postpaid

IMPORTANT NOTICE

On account of federal regulations we ship Currants and Gooseberries only to the following states—Alabama, Arizona, Arkansas, California, Colorado, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, South Carolina, South Dakota, Texas, Utah, and Wyoming.

Thornless Boysenberries

IMMENSE SIZE • DELICIOUS

A 140 Thornless Boysenberry—We have seen berries fully 2 inches long. The fruit ripens over a period of almost 2 months. Eat them fresh for weeks, use them for pies, sauce, preserves and fruit juice. Just like the original Boysenberry but absolutely Thornless. They are almost seedless and a very deep maroon, almost black color when ripe. Plant 8 to 10 feet apart each way. In cold sections it requires winter protection. Postpaid.

5 for \$1.45, 10 for \$2.65, 25 for \$4.95

USE BERRY-SET

For More and Larger Berries

K 17	1 Oz. (Makes 4 gal.)	\$.50
K 18	3 Oz. (Makes 12 gal.)	1.00
K 19	12 Oz. (Makes 48 gal.)	2.95

BERRY-SET makes berries grow much larger (often 50 to 100% larger), meatier sweeter and more luscious tasting. Yields are also greatly increased by a longer bearing season. Strawberries will have fewer seeds. It is easy to use. All you do is mix Berry-Set (a hormone powder) with water and spray it on the blossoms of your Strawberry, Raspberry or Blackberry plants. Postpaid.

New for 1960 Cyclone Strawberry

Luscious New

Cyclone Strawberry

A 12 Cyclone is a brand new June-bearing strawberry introduced this spring by Iowa State University, Ames. A creation of Dr. E. L. Denisen, one of America's leading authorities on fruit plants, this is the climax of many years of careful hybridizing and selection. The result is this outstanding new variety with that sweet, delicious real strawberry flavor. The strong, vigorous plants produce quart after quart of very large, bright red berries and the size holds up to the last picking. Fine for eating fresh out of the patch or superb for freezing and preserves. Our supply is limited so be sure to order early. Postpaid.

A 5 Premier is by far the most popular extra early strawberry. It is our first variety to ripen. Very productive and produces berries for many days. Berries are very large, firm, rich red color and good quality. Because the blossoms are frost-resistant, it is a sure bearer. Plant some for the first ripe strawberries, for eating fresh and for canning or preserving. This new Virus-Free Premier will be planted exclusively as soon as enough plants are available because of its greater health, vigor and productivity. Self-pollenizing. POSTPAID.

500 for 12.25

100 for \$3.35
1000 for \$21.75

A 3 Senator Dunlap is generally called "Dunlap" for short. We have sold countless millions of this grand strawberry. It is by far the most popular and widely planted in the middle west. Hundreds of thousands of families, every summer, enjoy the fruit. It is so dependable, seems like it never fails to produce a good crop.

Ripens in midseason and is simply delicious to eat fresh, can, preserve and freeze. The fine berries are bright red, easy to pick, easy to stem and tops in quality. Day after day, you can go out and pick a bowl full. Self-pollenizing so it bears even if planted alone. We think it is best to plant several varieties so that you will have fruit over a longer period of time. But if you live in the middle west and have room for only one variety, then we advise planting Dunlap.

A 11 Robinson is a new variety we have fruited here at Hamburg for several years and each passing year we think more and more of it. First of all, it is such a tremendous producer. Starts ripening just about the time Dunlap is finishing and continues for many days. The berries are very large, just a few fill a box or bowl. The color is such an appetizing bright red, grand for eating fresh and simply grand with sugar and cream. Bears so heavily that you have plenty left for canning, preserves or freezing. Self-pollenizing.

A 15 Pocahontas is a new introduction of the U.S.D.A. which produces high quality, delicious, bright red berries that will make your mouth water when they are served at your table. The size is simply huge, only a few will make a serving. Ripens in midseason. The berries are extra firm which means they will freeze and preserve exceptionally well. Our plants are grown from a virus-free strain, highly productive, a strong, vigorous grower. Any way you use them, whether for eating fresh, freezing or preserving, Pocahontas will be one of your favorites. Self-pollenizing.

A 4 Blakemore—There are probably more Blakemore sold throughout the United States than any other variety simply because it does so well. This new Virus-Free Strain is even better and as soon as available will entirely replace the common Blakemore. Ripens a few days before Senator Dunlap. Especially fine for preserving, canning and freezing because it holds its rich color and shape so well. Best not to let Dad or the children pick them, because they will eat so many right in the patch. Bring some to the table, add sugar and cream and there just isn't anything better. The berries are large, firm, attractive red color and good quality. Self-pollenizing. Bears large crops every year.

A 10 Surecrop—For real sweet, juicy, delicious strawberries, nothing can surpass this new U. S. D. A. introduction. Ripens in midseason and holds its size to the last picking. The large luscious berries are red all the way through, superb for freezing, preserves or those delicious shortcakes. And it is resistant to disease which means a big crop every year. Try some this spring. Self-pollenizing.

SEE PAGE 3 FOR FREE PREMIUMS.

A DELICIOUS TREAT FOR FAMILY AND FRIENDS!

PLANT *Everbearing Strawberries* THIS SPRING AND EAT THEM
THIS SUMMER AND FALL!

Yes, just think of it! You can plant any of these 5 superior everbearing strawberry varieties on pages 14 and 15 this spring and in a few short weeks you will be picking the large, luscious berries. Every home should have a strawberry patch. They take very little care and so little room. You can plant 100 plants in a space just 10 feet by 10 feet. And EACH plant will give you a quart of berries—100 plants for as little as \$3.95 will produce 100 quarts of fruit, which sells readily for 50¢ per quart or \$50.00 worth of strawberries, THE FIRST YEAR (under normal conditions). The next year you will get even more berries. And it's so nice to be able to pick home-grown, healthful fruit, fresh from your own garden. Keep most of the runners cut off, allowing only 4 to 5 runner plants for each original plant. Be sure to plant a patch this spring.

Red Rich

Large Size, Rich Red Color,
Productive, Finest Flavor

A 8 Red Rich (P.P. 993)—All America is talking about this amazing new everbearing strawberry. The big, beautiful berries make you hungry just to look at them. When you eat them, you will agree that they certainly have that sweet, delicious, real strawberry flavor. Large, firm, red all the way through and so sweet that you need but little sugar. Perfect for preserves and freezing because they hold their color and shape. Plant some this spring. You will have fruit THIS SUMMER AND FALL. Next year you will have berries spring, summer and fall. The plants themselves are so attractive with their abundance of large, deep green foliage that some folks who do not have a fruit garden, set the Red Rich plants in the perennial border. You get good foliage, attractive plants, blossoms and wonderful fruit. Be sure and plant some this spring.

100 for \$5.95 500 for \$19.95 1000 for \$37.50

A 7 Streamliner—Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop in June and after a short time it will start in again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat Streamliner has that rich, sweet real strawberry flavor.

Ogallala

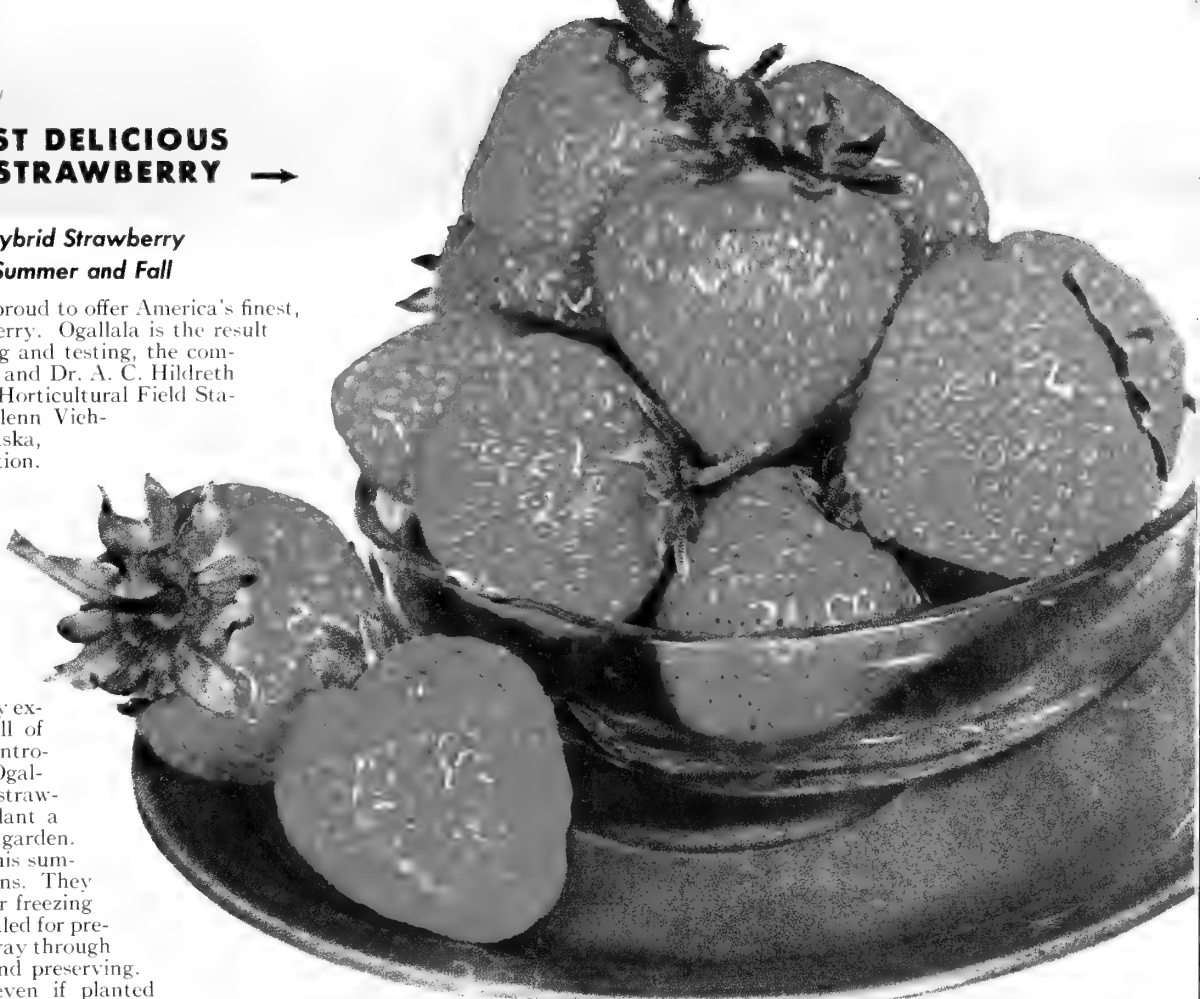

AMERICA'S MOST DELICIOUS EVERBEARING STRAWBERRY →

A Sensational New Hybrid Strawberry That Will Bear This Summer and Fall

A6 Ogallala. We are extremely proud to offer America's finest, most delicious everbearing strawberry. Ogallala is the result of 26 years of research, hybridizing and testing, the combined efforts of Dr. LeRoy Powers and Dr. A. C. Hildreth of the U. S. Dept. of Agriculture, Horticultural Field Station, Cheyenne, Wyoming and Glenn Vieh-meyer of the University of Nebraska, North Platte Experiment Station. Their crosses of the wild Rocky Mountain Strawberry with the best garden varieties resulted in over 40,000 seedlings. Out of these came Ogallala which captured the sweet, aromatic flavor of the wild strawberry with the high productivity, large size and everbearing qualities of the named varieties.

In our more than 50 years of nursery experience we have tasted nearly all of the strawberry varieties ever introduced. We honestly believe that Ogallala has the most delicious, real strawberry flavor of all. Be sure to plant a couple rows somewhere in your garden. Each plant will produce a quart this summer and fall under normal conditions. They are superb for eating fresh, fine for freezing and they absolutely cannot be equalled for preserves. The berries are red all the way through which is important for freezing and preserving. Self-pollenizing so it will bear even if planted alone. The highest yielding Everbearing Strawberry in the 1957 tests at Iowa State College, producing at the rate of 11,680 quarts per acre. Do not let the new runner plants get too thick. You need only 4 or 5 new runner plants for each original plant. Postpaid.

← *Superfection*

YOU WILL GET A BIG CROP THIS SUMMER AND FALL

A9 Superfection is a tremendous bearer. You will have delicious berries this summer and fall. And next year it will bear spring, summer and fall. The berries are big, firm and bright red and red all the way through. Serve them with cream and sugar. For preserves and freezing they are excellent, because they hold their shape and color. It is mighty fine when you can go out in your garden and pick fresh ripe delicious strawberries (saves on the grocery bill, too) spring, summer and fall. Strawberries have always been considered the most delicious of all fruits. A couple of rows across your garden will give you lots of berries. Superfection is self-pollenizing. Water well in dry weather. Without doubt one of the heaviest and most dependable bearers of all everbearing strawberries, it produces over a quart per plant each year under normal conditions.

Strawberries are not only delicious and so good to eat, they are also healthful and nutritious. Plant a patch this spring. Home-grown fruit tastes so much better and saves money too!

Black Hawk

The Finest Black Raspberry in America
DELICIOUS FLAVOR — TREMENDOUS BEARER

Berries are Large, Sweet and Juicy

A 95 **Black Hawk** is a new Black Raspberry originated by Iowa State College, Ames, Iowa and introduced Spring 1955. It has been thoroughly tested at Ames and Council Bluffs, Iowa and has out-yielded all other varieties in the test. In favorable years it produced as much as 5000 pints per acre. The berries are very large, almost an inch across. The quality is simply grand, sweet, juicy, richest flavor. Eat them fresh, can them, freeze them or in pies or jam. Any way you use them, they are wonderful eating. At Ames, usually begins ripening first week in July.

The plants are strong, healthy, vigorous growers and tremendous producers. The berries are firm and stand up well in shipping and handling. Plant them 4 feet apart in the row and rows 8 feet apart. Use the richest soil you have and if weather is dry before ripening, water thoroughly every week. You will be richly rewarded. We believe this is the greatest Black Raspberry in America. Just a few plants in your back yard will give you the delicious fruits. But of course, if you have room, plant more. Postpaid.

THE NEW EVERBEARING
RED RASPBERRY WILL BEAR
THIS SUMMER AND FALL

➤ A 84 **September** is a new red raspberry which bears the usual crop in early summer on the old canes. Then the new canes start bearing around mid-September and continue until freezing weather. The berries are huge, the largest red raspberries we have ever seen, much larger than pictured. Bright red color, good quality. Eat them fresh, for pies, jams, sauce. Wonderful for freezing. Our large 2-Year plants will produce some berries this season so you will get just a taste of the delicious fruit you will get in future years. Nearly every home has room for some. They soon pay for themselves. Just think of the benefit and pleasure of picking these huge delicious berries fresh in your own garden. Last fall they were still bearing here in October. Plant 3 to 4 feet apart. Postpaid.

Every home should have at least one cherry tree. Bear very young and regularly. You have a handsome tree, lovely flowers and the healthful fruit. We believe that we grow here the finest cherry trees in America, fine branched tops and wonderful roots. Plant 15 to 20 feet apart.

LUSCIOUS SWEET CHERRIES

F 76 **Black Tartarian**—The big, almost black sweet cherry everybody likes. Ripens in late June. Fine for eating fresh, canning and freezing. Plant a Napoleon beside it so they can cross-pollenize and produce much more.

F 84 **Napoleon** (Royal Ann)—Yellow with a pink blush. Fruit is large, sweet and delicious. Fine for eating, canning and freezing. Ripens in early July. Good pollinizer for Black Tartarian.

F 78 **Yellow Glass**—The hardest of all sweet cherries. The fruit is large, bright yellow with the real sweet delicious flavor.

KANSAS SWEET

Best Sweet Cherry for Middle-West

F 77 **Kansas Sweet**—This is the only red sweet cherry we know that will bear in the middle west and south to Texas. The fruit is large, dark red, firm, sweet with a most delicious flavor. The tree itself is handsome enough to plant in your front yard—good foliage, fine shape, beautiful flowers and wonderful fruit. Exceptionally fine to use fresh, makes marvelous pies and excellent for freezing. Plant with Montmorency for cross-pollination.

MONTMORENCY

America's Favorite Cherry

F 81 **Montmorency**—This is the most popular of all cherries, largely because it is the best of all for canning. And it tastes mighty good to eat fresh right off the tree, especially when fully-ripened, home-grown. The fruit is large, firm, very fine flavor. Ripens about 10 days after Early Richmond. The tree is a rather short grower so the fruit is easily picked. Bears heavily and regularly. Be sure you have at least one tree in your yard. It is handsome enough that many people plant it in their front yard. If you have room for but one cherry, then we recommend this. You simply cannot beat it for eating fresh, for canning, for freezing, for pies, cobbler, preserves. This is the virus-free Gilbert Strain. Self-pollinating.

METEOR, New, Finest Pie Cherry

F 85 **Meteor**—A new cherry from the Minnesota Experimental Station. The fruit is very large, rich red and excellent flavor. Good for eating fresh, for pies, cobbler, preserves and freezing. Very hardy, it will grow in cold sections where cherries could not be grown heretofore. Healthy, very resistant to leaf spot. The original tree growing near Minneapolis has never failed to bear fruit since it started many years ago. Bears young. Attractive enough to plant right in your front yard. Heavy bearer. Self-pollinating.

F 79 **Early Richmond**—The first cherry to ripen. In June, full of the bright red, juicy, delicious fruit. Self-pollinating.

AMERICA'S LARGEST SELECTION OF

Inter-State is doing more basic research in the production of Dwarf Fruit Trees than any other nursery in America. These Dwarf Fruit Trees are becoming tremendously popular simply because their small size makes it possible for millions now to grow their own delicious home-grown fruit even if their yard is small. Orchardists are also planting them because they bear younger, are so easy to take care of, and their fruit is larger. See page 20 for Dwarf Apple Trees.

Dwarf Cherry Trees

Allow these Dwarf Cherries to grow branched low to the ground, giving you more fruit. Attractive in flower, foliage and fruit. Bear young, generally next year after planting. Self pollenizing.

D 59 Kansas Sweet—The fruit is large, dark red, sweet with delicious flavor. This is the best sweet cherry for the middle west, now in dwarf form.

3 to 4 feet, Postpaid... Each \$4.45

2 to 3 feet, Postpaid... Each 3.85

D 56 Montmorency—A real Montmorency but when fully grown will be less than half normal size. Fruit is large, rich red color, fine flavor.

4 to 5 feet, Postpaid... Each \$4.45

3 to 4 feet, Postpaid... Each 3.85

D 57 North Star—Originated by the Minnesota Fruit Breeding Farm. The original tree is little more than 8 feet tall now and bears well and regularly. Large, dark red, sprightly flavor. Makes wonderful cherry pies.

4 to 5 feet, Postpaid... Each \$3.45

3 to 4 feet, Postpaid... Each 2.95

Dwarf Pear Trees

They grow scarcely taller than your head, except Bartlett is taller. Bear very young. Plant 2 varieties so they can cross-pollinize. Plant 8 to 10 feet apart. Postpaid.

6-in-1 Apple Tree

F 72 This 6-in-1 Apple Tree has six different kinds of apples, all on one tree. They are six of our best, most popular kinds, giving you fruit from early summer well into the winter.

Lodi, (Improved Yellow Transparent) summer.

Red Melba, for fall.

Yellow Delicious, for late fall.

Solid Red Delicious, for early winter.

Bright Red Jonathan, for the holidays.

Winesap, for winter.

Improved Yellow Transparent and Yellow Delicious start bearing young, followed by Red Melba and soon all are bearing, all on the same tree. This is the one tree for those who want several kinds of apples, but do not have much ground available. With its flowers, foliage, fruit, it is attractive enough to plant in front yard.

Dwarf Apple Trees LARGER FRUIT, EASY-TO-PICK, BEAR YOUNG

These Dwarfs produce larger fruits than the regular apple trees. Start bearing very young, often a year or two after planting. You can pick most of the fruit from the ground because they grow scarcely larger than a big shrub. Ornamental and fruitful, you can grow your own apples even if your yard is small. Plant 8 to 12 feet apart.

Bright Red
Jonathan

- D 7 **Early Red Bird**, best red early summer apple.
- D 1 **Lodi** (Improved Yellow Transparent), best yellow summer apple.
- D 9 **Beacon** (Improved Duchess), best red apple for August.
- D 15 **Mann's Giant**, Huge size, good quality fall apple. Fine for pies.
- D 12 **Red Melba**, new, rich-flavored, red fall apple.
- D 11 **McIntosh, Solid Red**, high quality red apple.
- D 8 **Yellow Delicious**, America's favorite yellow apple.
- D 3 **Jonadel**, New, created by Iowa State College, a cross of Red Delicious and Jonathan. A luscious, bright red early winter apple.
- D 4 **Solid Red Delicious**, America's favorite red apple.
- D 5 **Bright Red Jonathan**, the midwest's favorite red apple.
- D 14 **Winesap**, most popular long-keeping red winter apple.
- D 16 **Haralson**, Hardy, high quality red winter apple.

Jonadel NEW—DELICIOUS

➤ **F 46 Jonadel**—This sensational new apple, originated by Iowa State College, combines the rich flavor of Red Delicious with the juicy snap of Jonathan. Our most beautifully-colored apple, a brilliant crimson-red. Excellent for eating fresh, makes fine sauce and luscious pies. The large fruit has tender, white, juicy flesh that will make Jonadel a hit with

all your family and friends. Ripens right after Red Delicious and keeps for weeks. Be sure to plant at least one tree this spring.

CRAB APPLES

- **F 61 Centennial**—is without doubt the finest dual-purpose crab apple in America. The tree is covered with lovely snow-white flowers in the spring followed by beautiful bright red fruit in late summer. And the apples are the best tasting, highest quality you ever tasted.
- **F 62 Dolgo**—Bright red fruit which makes the finest tasting jelly. Attractive enough to plant in your lawn as a flowering crab. Fine for pickling.
- **F 65 Whitney**—You can eat it fresh just like an apple. It is not tart. The fruit is medium size, red striped.

SUMMER APPLES

- **F 31 Anoka**—Generally bears next year after planting. Fruit is yellow streaked red.
- **F 32 Beacon**—The fruit is large, a solid bright red of very fine quality. It ripens in August.
- **F 35 Early Red Bird**—The best real early red apple we know. The fruit is large, bright red, good quality.
- **F 37 Lodi (Improved Yellow Transparent)**—The favorite early yellow apple. Ripens in July. Fruit is large tender, juicy, fine flavor.
- **F 40 Mantet**—Extra hardy variety for northern states. Excellent quality, red, late summer apple.
- **F 33 Red June**—Red, early summer apple.

FALL APPLES

- **F 54 Mann's Giant**—The largest apple we have seen, up to 14 ounces each. Red streaked, good quality, fine for sauce or pies.
- **F 34 Maiden Blush**—Yellow with blush. Fine for eating fresh or makes fine pies. So huge that only 2 apples will make a pie.
- **F 41 Red Melba**—The most attractive Apple you ever saw, red with pink blush, with the finest, richest flavor you ever tasted. Ripens early fall. Medium large size.
- **F 42 Wealthy**—The most popular fall apple. It ripens in September but can be used weeks earlier. Large, red striped, juicy, fine quality.

WINTER APPLES

- **F 36 Delcon**—Looks like Red Delicious and tastes even better. A natural semi-dwarf tree.
- **F 60 Delicious, Solid Red**—The finest of all red apples. It bears younger, keeps longer and the fruit colors earlier than the common Red Delicious. The fruit is large, solid red, delicious flavor.
- **F 66 Delicious, Yellow**—The most popular yellow apple. Bears young and heavily. Fruit is large, juicy, fine flavor. It is ready for eating in late fall.
- **F 39 Fireside**—An extra hardy variety for planting in the coldest states. Delicious flavor, red, early winter apple.
- **F 48 Grimes Golden**—Very popular yellow apple. The fruit is large and highest quality.
- **F 47 Haralson**—High quality red apple that will keep all winter. Extra hardy variety.
- **F 49 Hawkeye Greening**—An attractive greenish-yellow, large size, good quality. Good to use fresh from the tree and is just as good in late winter.
- **F 52 Jonathan, New Bright Red**—One of America's greatest apples. A fine, deep red apple of highest quality with crisp, yet tender flesh. Juicy and full of snap.

➤ **F 53 McIntosh, Solid Red**—Large, red apple. Flesh snow-white of high quality.

➤ **F 57 Red Rome Beauty**—Large, red apple especially fine for baked apples and pies.

➤ **F 64 Winesap, Crimson**—The most popular long keeping winter apple. An improved strain with better color, larger size and keeps through winter into spring.

➤ **F 67 York Imperial**—A large red apple that keeps all winter. A heavy bearer, good quality.

F8 Sun Haven—A new hardy variety which ripens a week before Red Haven. Medium-large, golden-yellow with red blush fruit of excellent quality, nearly fuzzless. Can't be beat for those first early Peaches.

➤ **F14 Red Haven**—This new variety is the leading early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone.

F11 Fair Haven—Ripens a few days earlier than Hale Haven. Very productive, hardy, often bearing when other varieties do not. Fruit is large, yellow with red cheek. Flesh is yellow, firm and fine flavor. Free-stone.

➤ **F13 Rich Haven**—Tremendous producer of large, attractive peaches of the very finest flavor. Fruit is yellow with blush, nearly fuzzless and firm yellow flesh. An outstanding new free-stone variety.

➤ **F9 Hale Haven**—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

➤ **F15 Amber Gem**—This is a new variety that we selected because the fruits were medium-large, just right for pickling whole and for canning. The yellow flesh is firm, very delicious flavor.

➤ **F6 Early Elberta**—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy. Increasing rapidly in popularity.

➤ **F2 Polly**—Those who have tasted Polly say that it is the finest flavored peach they ever ate. The fruit is very large, blushed, free-stone. The flesh is white and has that real sweet delicious peach taste. For sauce you simply cannot equal its flavor. Also makes fine preserves.

➤ **F7 Elberta**—This is the most popular of all peaches. Large handsome fruit, yellow with blush. Flesh is yellow firm, good quality, free-stone.

F1 Sungold (Sold Only by Inter-State Nurseries) is very large, free-stone, beautifully blushed. Flesh is firm, golden yellow, full of juice, fine quality. Extra good for canning. Heavy, regular bearer. Tree is well-branched, stocky, rather low-growing making it easier to care for and pick.

➤ **F10 J. H. Hale**—Free-stone. Very large, golden yellow, flushed red with fuzzless skin. Flesh is yellow, solid, tender, high quality. Plant with other varieties for pollenization to increase yield.

YELLOW NECTARINE—The Fuzzless Peach

F120 Yellow Nectarine—Delicious, medium-large fruit with true peach flavor. Smooth skin and NO FUZZ. Hardy, bears young and heavily. Ripens in August.

Same Prices As Peaches Above.

Golden Giant Apricot

Big Delicious Apricots

Ripening right after cherries and before the peaches, apricots are one of the most delicious fruits especially when picked fully ripe. They are all free-stone, fine for eating fresh, sauce, preserves, pies and freezing. Plant 20 feet apart.

F 25 Golden Giant (Plant Patent No. 1,053). This is the finest Apricot we have ever seen. The size is immense, 2 inches across and over 2 inches long, even larger than pictured. The color itself is appetizing, golden-orange with a light blush. For flavor we simply tell you that it is the finest you ever ate, sweet, juicy, tender, delicious. Even if picked fairly green, it develops this fine flavor whereas ordinary apricots when picked green taste insipid. It is a tremendous bearer. Has missed only 2 crops in many years at Grand Junction, Colorado, the home of the originator, Dave Moore. It has borne there when all other varieties failed. It makes a large attractive tree so you can plant it in your yard if you are short of room. For eating fresh, for canning, for preserves, for freezing, **GOLDEN GIANT** is in a class by itself. In apricot fruit districts we recommend that orchardists try some. We believe they will find this is just what they have been looking for. Its huge size, attractive color, fine flavor top the market. **Golden Giant** is **SOLD ONLY BY INTER-STATE NURSERIES**. Order today to make sure that you get yours this spring.

F 29 Hungarian—Large fruit of the highest quality. Hardy and good bearer. We recommend this highly.

F 26 Superb—This fine variety originated in Kansas and has been largely planted in the middle west. Hardy, productive. Fruit is medium large, orange-yellow, flesh firm, high quality.

F 110 Allred—Ornamental as well as fruitful. The tree, the foliage, the flowers, and the fruit are all purple-red. Hardy to Central Iowa.

F 103 Green Gage—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large, greenish-yellow fruits, freely produced. Ripens in early September. Hardy to Central Iowa.

F 109 Mt. Royal—The hardiest European-type plum, it can be grown successfully even in the coldest states. The fruit is medium size, deep blue and freestone. Exceptionally high quality, the flesh is firm yet juicy. Fine for eating fresh and can't be beat for sauce.

F 102 New Lantz—This is an improved strain over the ordinary Damson. The blue plums are medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in August. Hardy to northern Iowa.

F 104 Pipestone—The fruit is immense size, the largest plum we have ever grown, red with a golden blush. The flesh is yellow, juicy and excellent quality. Very hardy.

F 113 Premier—A new variety originated at Missouri Experiment Station. One of the largest of all Plums, as large as a medium-size apple, up to 2½ inches across. Bright red with firm, juicy yellow flesh. Ripens early August.

F 107 Superior—The fruit is large, attractive red color and a rich sweet flavor. It bears very heavily, every year. Ripens in early August. Very hardy. A good pollenizer for other plums.

F 108 Toka—The richest flavored of all plums—a sweet, somewhat spicy flavor. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Ripens in August. Very hardy.

F 114 Twilite—Fruit is large, purple-red with firm red flesh of the highest quality. Perfectly hardy with us and a heavy, regular bearer.

Stanley

F 106 Stanley—This prune-plum is the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. A heavy, regular bearer. Ripens in early September. Free-stone. Hardy up to central Iowa.

DELICIOUS, EASY-TO-GROW PEARS

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollenize, will both produce more heavily than if planted alone. To tell when Pears are ready to pick, place the palm of your hand

under a Pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Then put them in a cool, dark place to ripen and you will have Pears of the highest quality.

Maxine Large Size—Delicious Flavor Our Most Blight Resistant Pear

F 91 Maxine—This is by far the finest hardy pear ever created. It has everything a great pear should have—large size, beautiful golden-yellow color, rich delicious flavor even more luscious than the famous Bartlett and, most important of all, it is the most blight resistant variety we know. It has never shown any blight in our orchards when almost all other varieties have been damaged. The snow-white, juicy flesh simply melts in your mouth. Bears young, heavily and regularly, ripening in late summer.

F 90 Bartlett—Most popular summer pear. Fruit is large, juicy, sweet, high quality. Plant in poor ground where it is less likely to blight.

F 93 Beierschmitt—Blight resistant, heavy bearer. Fruit is large, yellow with bluish, delicious flavor.

F 88 Cope's Seedless Pear—A Pear That Has No Seeds and No Core. The fruit is large, tender and sweet, juicy and delicious. If there are other varieties close, then Cope's may have a few small, immature seeds.

F 89 Duchess—Ripens in early fall. Large, juicy, high quality fruit.

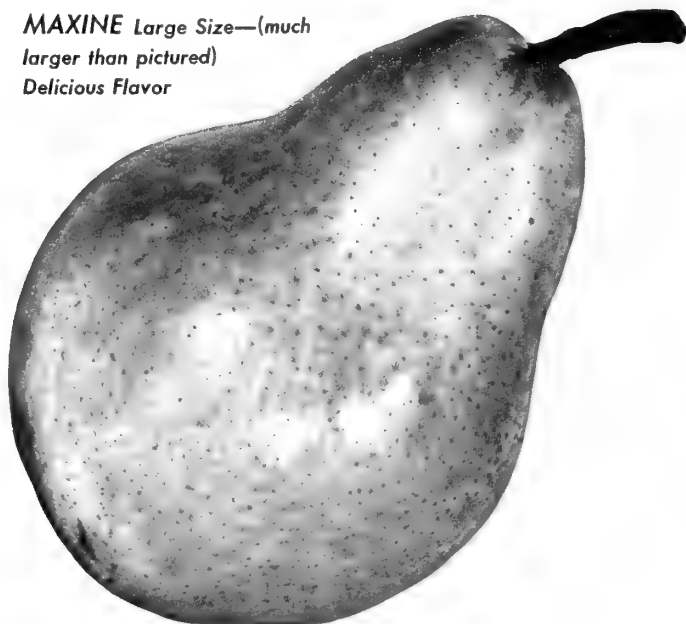

F 92 Kieffer—The most widely planted winter Pear. Bears young and heavily. A healthy, hardy, vigorous grower.

F 95 Patten—Ripens in August. The fruit is large with luscious flavor.

F 96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer.

F 94 Surecrop—Heavy, regular bearer of delicious summer pears.

Blueberries below, pictured 1/2 actual size

NEW, IMPROVED Blueberries

Luscious Fruit—Attractive in Flower, Fruit and Foliage

These 3 new, improved blueberries are far superior to common varieties. They have larger fruit, bear more profusely, better flavor and the bushes are so attractive you can plant them in your front yard with regular shrubs. The white flowers are lovely in the spring followed by the beautiful blue, luscious fruit. The waxy rich green foliage colors red in the fall. Wonderful for eating fresh, for pies and freezing. We sell only the three varieties together so they can cross pollenize. This is an all season collection of varieties that start ripening in late June continuing through early August. Plant in a cluster, 4 to 6 feet apart. Branched 3-year old plants, almost 2 feet tall that will bear next year after planting.

Blueberries prefer an acid soil. You can make your soil acid by mixing peat moss (page 6) with your soil or by mixing a handful or two of common sulphur (get at local drug store) with soil when planting. Water thoroughly.

INTER-STATE'S HARDY Vines

Clematis, COLORFUL, EVERBLOOMING

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, so many lovely flowers of purple, white, pink, blue and red, all summer. A location shaded from the hot afternoon sun is ideal. Our potted, growing plants will bloom this summer. Very hardy. Postpaid.

V 6 Comtesse de Bouchaud—Lovely large rosy-pink flowers for many weeks in late spring and summer. **Each \$1.35, 2 for \$2.35**

V 2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each \$1.35, 2 for \$2.35**

V 3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are large, 4 to 6 inches across and produced freely all summer. The most colorful and attractive of all. **Each \$1.35, 2 for \$2.35**

V 23 Ernest Markham—Striking, velvety red flowers produced profusely. June to October. The finest red Clematis. **Each \$1.35, 2 for \$2.35**

V 5 Ramona—Large light blue flowers, June to October. **Each \$1.35, 2 for \$2.35**

VV 7 One Each of All 5 Above Clematis for \$4.85, Postpaid

GOLDEN CLEMATIS, Golden Flowers All Summer

V 8 Golden Clematis (Tangutica)—A rare variety with lantern-like golden yellow flowers all summer. Then in the fall the vine is covered with feathery silvery plumes. Hardy, easy to grow, vigorous grower, 10 to 15 feet. Does best in full sun. Use on trellis, fence, porch, cave or rocks. Lives for years becoming more attractive each passing season. **Each \$1.45, Postpaid**

WISTERIA VINES, Fragrant

Easy to grow from coast to coast excepting in the very coldest states. Long clusters of fragrant flowers in the spring. Our plants are grafted from blooming wood and start blooming much quicker than ordinary Wisteria. Postpaid.

V 12 Blue V 14 Pink V 15 Purple V 16 White

Your Choice Heavy 2-Year Plants, Each \$1.65, 2 for \$2.95

SILVER LACE, Fastest Growing Hardy Vine

V 17 Silver Lace—Often grows 10 to 12 feet the very first season. From mid-summer to late fall, completely covered with thousands of small white flowers. The foliage is glossy green. Ideal for porch, pergola, fence, stumps and banks. **Strong No. 1 Plants, Each \$1.10, 2 for \$1.95, Postpaid**

BOSTON IVY Clings To Walls

V 18 Boston Ivy (Amp. Veitchi)—Clings so closely to the walls, they seem to be shingled with leaves. Foliage colors a charming maroon in the fall. Clings without support to even the smoothest surface. Prefers north or east side. **2-Year No. 1 Vines, Each \$1.10, 2 for \$1.95, Postpaid**

Summer King Honeysuckle, below

SUMMER KING HONEYSUCKLE

Blooms All Summer

V 9 (Heckrott)—From June until freezing, this magnificent plant is covered with showy clusters of large, fragrant flowers, rose-flame outside and gold inside. The attractive foliage, a rich blue-green, makes a perfect background for the brilliant flowers. Hardy, healthy, easy-to-grow. It can be used in so many places—porch, pergola, fence, fine for covering bank or cave, and especially beautiful for a trellis. **OUR PLANTS WILL BLOOM THIS SUMMER. Postpaid.**

EUONYMUS VEGETUS, Stays Green All Winter

V 30 Euonymus Vegetus—The only hardy vine we know that holds its glossy, rich green foliage all winter. Has scarlet berries for many weeks. A marvelous wall cover also fine for a ground cover as shown in picture. Grows in sun or shade. Grows rather slowly but every foot is attractive. Clings to anything.

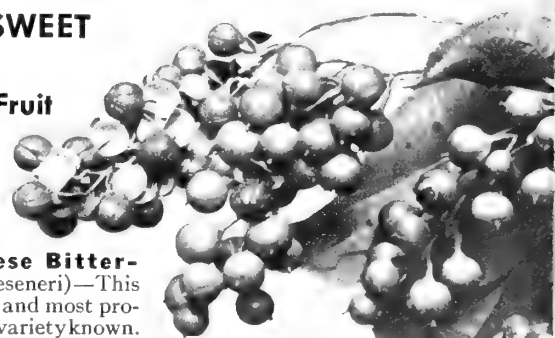

2-Year No. 1 Plants, Each \$1.75, Postpaid

BITTERSWEET

New

Sure-To-Fruit

V 19 Chinese Bittersweet (Loeseneri)—This is the surest and most prolific fruiting variety known. The foliage is a rich, dark-green. Blooms in June. In autumn the clusters of attractive orange-scarlet berries are so thick they almost cover the entire vine. Just one plant will usually fruit. But if you plant two in the same hole or close together so they can cross-pollinate, they will bear still more. The berried branches make such fine fall bouquets. Postpaid.

Heavy 2-Year Plants, Each \$1.45, 2 for \$2.45
Medium 2-Year Plants, Each 1.10, 2 for 1.95

HARDY HEDGES

Bridal Wreath, Above

Winter-Green Hedge, above, Holds Foliage All Winter

H 3 Bridal Wreath (*Spirea Van Houtte*)—Bridal Wreath is America's most popular and widely planted untrimmed flowering hedge. Millions of small white blooms cover the gracefully arching branches, every spring, without fail. Requires no special care and lasts a lifetime. Perfectly hardy, grows everywhere, in full sun or partial shade. Makes a marvelous natural hedge or screen 5 to 6 feet tall. Plant 2 to 3 feet apart.

	12 for	25 for	50 for	100 for

H 154 Winter-Green (*Euonymus Erecta, Small Leaf*)—This shrub is very much like the Winter-Green pictured on Page 27. But its leaves are smaller and it grows hardly 3 feet tall and is almost as wide. Makes a very dense, bushy plant that makes an ideal hedge because it never needs to be trimmed. Also it holds its foliage all winter. At first the leaves are a rich deep green then gradually take on an attractive purple tinge. Thrives in sun, part shade and full shade. Plant 18 inches apart. The 18 to 24-inch plants are heavily branched, and will give you a good hedge effect when planted, an evergreen hedge at a fraction of the cost of Evergreens.

PLANT "CLAVEY'S" FOR A PERFECT HEDGE IN JUST ONE YEAR

H 52 Clavey's Dwarf Honeysuckle—Plant them 18 inches apart this spring and THIS SUMMER YOU WILL HAVE A HEDGE. It makes a perfect hedge 3 feet tall and 3 feet wide that never needs to be trimmed. Or if you want a lower, narrower hedge, trim it just once a year at whatever height you wish. The picture at left shows what a bushy, attractive hedge it will make. In the spring it has small creamy flowers followed by red berries. Completely hardy.

HARDY PRIVET HEDGE

H 2 Hardy Russian Privet (*Amor River North*)—Is by far the most popular hardy trimmed hedge in the northern states. Not only adds beauty, it also protects your yard especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times, it becomes more dense and bushy. Leaves are rich, dark green and hang on until very late fall. Plant 1 foot apart.

H 9 Tatarian Honeysuckle—Thrives all over. Can be trimmed like a normal hedge. If not trimmed makes a magnificent, dense hedge screen 8 feet tall. Red flowers in the spring, followed by bright red berries. Grows in full sun or part shade. Plant 12 inches apart for trimmed hedge, 2 to 3 feet apart if untrimmed. This is the improved Zabeli strain grown from cuttings.

CHINESE ELM for Hedge or Windbreaks

H 1 Chinese Elm—Is America's fastest growing hedge, making a good showing in just a few months. It is the first to leaf out in the spring and one of the last to shed in the fall. You can trim to any desired height from 3 to 10 feet, as a hedge or tall screen. The more you trim it the more dense it becomes. After planting, cut off nearly all the top, leaving only 6 inches above ground. This will make a bushier hedge. Plant 8 inches apart. Also makes a fine WINDBREAK—fast growing, drought resistant and economical. For windbreaks, plant 5 to 6 feet apart in 2, 3 or 4 rows with alternate spacing. Do not trim after planting.

The Two Greatest Shrubs of the Century

SS 148 **3 Cardinal Shrubs**, 2 to 3 feet, \$4.95

\$ 150 CARDINAL SHRUB (Weigela Vaniccek). Since we first called your attention to this unique new shrub, we have grown and sold nearly one million plants. It is rapidly becoming the most widely planted new hardy shrub in America. The reason is simply that it is truly All-American, thriving in the East, the West, the North (except coldest states), the South. Plants set out this spring **WILL BLOOM THIS SEASON.**

We wish that you could see them blooming here. In May-June each one is simply covered from top to bottom with hundreds and hundreds of the lovely rosy-red flowers.

They are trumpet-shaped, 1 to 1¼ inches across. After this first big display, there are some scattering blooms throughout the season. If you cut off sprays of flowers and use them for bouquets, the plant will flower even more freely than if you left them on.

At Hamburg, the Cardinal Shrub has withstood 15 below zero without injury. It is so easy to grow, not particular as to soil.

Thrives in full sun or part shade. Makes a shapely bush 6 feet or so tall with excellent foliage. It is the best hardy new shrub which we have ever tested. Also makes a fine untrimmed hedge. Just one in a neighborhood will make those

who see it, want it. Look over your yard, whether large or small. You will find a spot where it will fit in. We ship them to you **POSTPAID**, trimmed ready for planting.

Cardinal Shrub, Above. America's Finest Flowering Shrub

NEW, IMPROVED

Winter-Green Stays Green All Winter

\$ 155 Winter-Green (Euonymus Manhattan)—This is an improved selection of one of the most attractive and versatile of all shrubs. Brighter green foliage and it holds this rich green color through the winter far better than the regular Winter-Green. *The lustrous, glossy green leaves stay on all winter*, especially when planted in part or full shade. Makes a shapely bush 5 to 7 feet tall but can easily be trimmed to any desired height. Fine for foundation planting, as specimens, and a perfect background behind low shrubs, roses and perennials. Makes a wonderful hedge with its green foliage all through the winter. Thrives in sun or part shade, or even on the north side of house. Hardy here in southern Iowa but we do not advise planting farther north. Look over your yard and you will find spots where this shrub will help make your home more attractive. This fine shrub can be used instead of evergreens. Easier to grow, not as expensive, and grows faster.

THESE NEW *Summer Lilacs* BLOOM PROFUSELY AND CONTINUOUSLY

Four new Summer Lilacs (sometimes called Butterfly Bush or Buddleias), each the finest of its color. All bloom profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make an attractive compact bush, 4 feet or so tall. The roots are hardy; the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting. Plant in full sun or part shade. There is a place in every garden for these beautiful Summer Lilacs. Plant behind perennials and among shrubs. Strong, No. 1 field-grown plants. Postpaid.

Royal Purple Smoke Tree

Our Finest Purple Foliaged Shrub

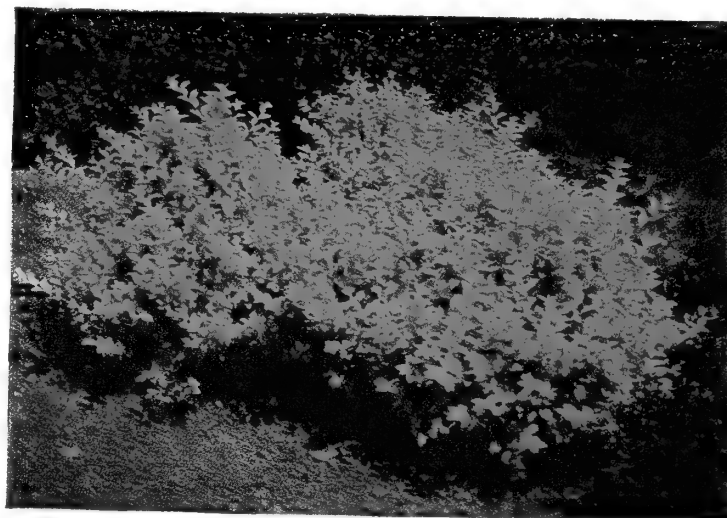

\$ 40 For foliage and flowers this is the most striking shrub we have ever seen. The leaves are a rich purple and in mid-summer it is covered with huge masses of the feathery purple flowers, producing an effect unequalled by any other shrub. Grows 8 to 10 feet tall and 4 feet wide. Marvelous for background planting and as individual specimens. It has proven hardy with us but we do not advise planting north of central Iowa. Prefers a sunny location. Postpaid.

Golden Privet, above

Golden Privet

\$ 97 **Privet, Golden** (Vicari)—The cheerful golden yellow foliage of this fine shrub gives a delightful change of pace from the ordinary green foliage plants. Grows only 4 to 5 feet tall, or it can easily be trimmed much lower. Superb for accent points in the shrub border, for foundation plantings or as beautiful, unusual low-growing hedge. The foliage retains this gorgeous color from early spring until fall when it becomes a bright mahogany. Hardy, easy to grow and prefers a sunny location. Postpaid.

LOVELY *Crape Myrtle* BLOOMS MIDSUMMER TO FROST

Hardy Pink Crape Myrtle

CRAPE MYRTLE SPECIAL

1 Hardy Pink
1 Hardy Purple
1 Hardy Red

SS 31
All 3 for \$1.95
Postpaid

The South's most beautiful shrub, can now be grown farther north by planting this hardier strain. However, we do not advise planting it north of southern Iowa. Grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. It blooms on new growth so it does not matter if the old top is entirely killed. The flowers have lovely clear colors with a soft crepe-like texture. They bloom the first summer after planting. However, they have one peculiarity. They sometimes are slow to leaf out the first year. They stay dormant for several weeks and you wonder if they are dead. But after a while the leaves come out and they soon start blooming. The foliage is glossy deep green and it blooms in the hot summer months when flowers are so welcome.

MISTY *Blue Spirea*

\$ 33 Blue Spirea (Caryopteris, Blue Mist)—One of the most attractive low-growing shrubs. From August to frost every branch and every twig has many clusters of small, fringed powder-blue flowers giving a misty appearance. Makes a neat, compact rounded bush 2 feet tall, with narrow, silvery-green foliage. The roots are hardy but in northern states the top dies down like a perennial. Cut off the old tops in early spring and it comes up lovelier than ever. Postpaid.

No. 1 Plants Each \$1.35, 3 for \$3.25

Pink Flowering Almond

Flowering Almonds

The Pink Flowering Almond, pictured above, is completely covered with bright, rosy-pink, very double flowers. The White Flowering Almond is very similar except the flowers are a pure snow-white. These Flowering Almonds bloom early, right after the Golden Bell. Makes a rounded bush 3 to 4 feet tall. Grows from coast to coast and Canada to the Gulf. Thrives in full sun or part shade. Our plants are grown on their own roots. This means extra vigor and also they will not produce "wild suckers."

NEW IMPROVED

Azaleas

Several years ago we asked our Azalea grower in Holland to increase production on these named varieties because our own tests here at Hamburg proved them to be superior to the common Azaleas. The flowers are brighter, larger and produced more profusely and the plants are more vigorous. In May-June the flowers cover the bush giving a display of color unequalled by any other shrub. Prefers partial shade and a slightly acid soil. You can make your soil acid by mixing a liberal amount of peat moss (page 6) with the soil when planting or by watering with a tablespoon of common sulphur per gallon of water several times during the summer. These fine plants are 3 years old, well-branched 12 to 15 inches tall, well-budded and WILL BLOOM THIS SEASON. Each plant is individually root wrapped to reach you in perfect planting condition. Postpaid.

Blue Hydrangea, below

BEAUTIFUL
NIKKO BLUE

Blue Hydrangea

\$ 55 **Blue Hydrangea** has immense flower heads, often a foot across, that last for many weeks. In ordinary soil the flowers are pink. In acid soil, they are blue. You can make your soil acid by mixing in one half Peat Moss (see page 6). Or, you can water twice a month with a tablespoon of aluminum sulphate per gallon of water. You can get aluminum sulphate from your drug store.

Does best in partial or full shade, even on north side of house. Grows only 3 to 4 feet tall making a well rounded shrub just as wide. Where winter temperature goes below zero give protection by mounding up 10 to 12 inches of soil around the plant before severe freezing weather. We do not recommend planting north of central Iowa. Postpaid.

COLOR
CHANGING

Burning Bush

\$ 32 **Euonymus, Alatus Compactus**—One of the most beautiful of all shrubs, becomes a different color with each season. Yellow flowers in May-June followed by red berries which are very attractive in late summer and fall. Through the summer the foliage is rich green. In the fall it colors brilliant coppery-crimson tinged rose. An unusual corky bark adds to the winter appearance of this marvelous shrub. Thrives from coast to coast, the Gulf to Canada. Makes a compact plant 4 to 5 feet tall and 4 feet wide. Fine for foundation planting or individual settings.

Flowering Shrubs

Hypericum Henryi Makes a Neat Shrub Covered With Golden-Yellow Flowers All Summer

S 49 Hypericum Henryi—If this rare shrub just had a simpler name, it would rapidly become extremely popular. It makes such a neat, dense, rounded shrub 2 feet tall, perfect in shape. In the fall it colors gold and purplish-red and is always attractive right from the first leaf. It blooms from early summer to frost, bright yellow flowers, 2½ inches across. In cold states, the tops will die down over winter. In the spring you simply cut off the old tops and new growth comes up from the roots. We recommend this very highly as being one of the best low-growing shrubs. Grows in sun or part shade. Postpaid.

12 to 18 inches..... Each \$1.50, 3 for \$3.85

THE *Sunshine* SHRUB

S 48 Sunshine Shrub (Hypericum, Kalmianum). It makes a perfect mound, 2 to 3 feet tall and 3 feet wide, very dense and bushy. We call it the "Sunshine Shrub" because of the cheery brightness it brings to home plantings. The bright, golden-yellow flowers are produced all summer long. Very easy to grow, not particular as to soil, grows in full sun or part shade, even in quite dry places. In severe winters the tops will die down. Next spring just cut off the old tops and new growth will come up from the roots.

Select, No. 1 Plants, Postpaid. Each \$1.35, 3 for \$3.45

GRACEFUL *Beauty* Bush

S 8 Beauty Bush (Kolkwitzia)—This hardy, long-lived shrub is superb in group plantings, as a specimen and for an untrimmed hedge or screen. In the spring the graceful arching branches are completely covered with lovely pink blossoms, delightfully fragrant. Grows 6 to 8 feet tall in ordinary soil in sun or part shade.

Ornamental Shrubs and Trees To Beautify Your Home

Hardy Firethorn

AT NEW LOW PRICES

S 37 Hardy Firethorn (*Pyracantha Kasan*)—This is the hardiest of all the Firethorns we know. It has come through five winters here at Hamburg (down to 20 below zero) without injury. However, we do not recommend planting north of central Iowa. It is by far the most attractive, hardy, fruiting, evergreen shrub. Usually starts bearing the second year after planting. The plants are covered with large trusses of white flowers in the spring, followed by brilliant, flaming orange berries which hang on into winter. It makes a very dense shrub with handsome rich green foliage which becomes a magnificent purple during the winter.

Select No. 1 Plants . . . Each \$1.95, 2 for \$3.45 Postpaid

Charming Tamarix

S 144 Tamarix, Summer Glow—A new variety, by far the best. The silvery blue feathery foliage gives a charming lacy loveliness. Unsurpassed for screen or background. Grows 10 to 12 feet tall but can easily be pruned to a lower height. The attractive wine-red flowers are produced almost all summer. It is so easy to grow. Thrives in sun or part shade, in dry or wet places, in good soil or poor. One of the very best shrubs. Our plants will bloom for you this Summer. Postpaid.

T 30 Marshall Oyama Crab—This rare variety is superlative where you want a screen about 10 feet tall and rather narrow. It grows upright with dense, rich green foliage with a scattering of light pink flowers. Very hardy, easy to grow in full sun or part shade. For a screen plant 4 feet apart.

New Hamburg Hybrid Elm

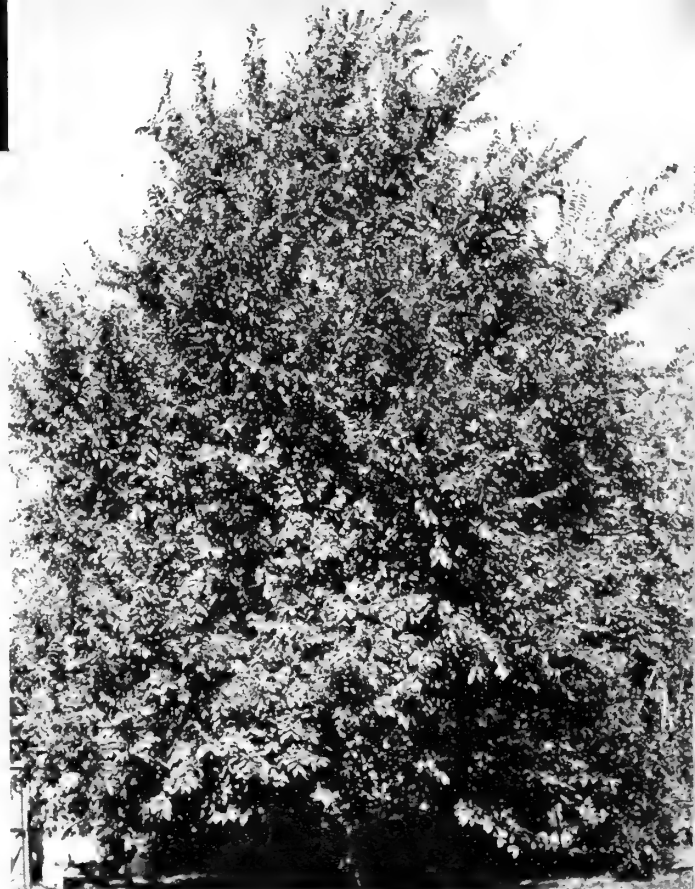

T 3 Hamburg Hybrid Elm. This is an entirely new tree, a Hybrid Elm, the fastest growing tree we have. In just ordinary soil and under normal conditions, it grows 6 to 10 feet a year. It grows so rapidly that in just five years after planting, you will have a handsome shade tree. Neither winter's cold nor summer's heat bother it the slightest. And most important of all, it has proven to be absolutely immune to the phloem necrosis virus, the dreaded disease which is killing American Elm trees.

Makes a shapely tree with large, dark green leaves. Withstands very well wind and sleet storms. Perfectly hardy here. An amazingly rapid grower, there are countless thousands of homes where it will quickly bring shade and beauty, planted in the lawn or parking. This is a lasting investment, yet it brings quick returns. Plant this spring.

CHINESE ELM

T 20 Chinese Elm. Because of its extremely rapid growth, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. But in those sections where Maples, Oaks, Locust and Elm are grown, we advise planting the Chinese Elm only for quick shade.

Shade Trees FOR

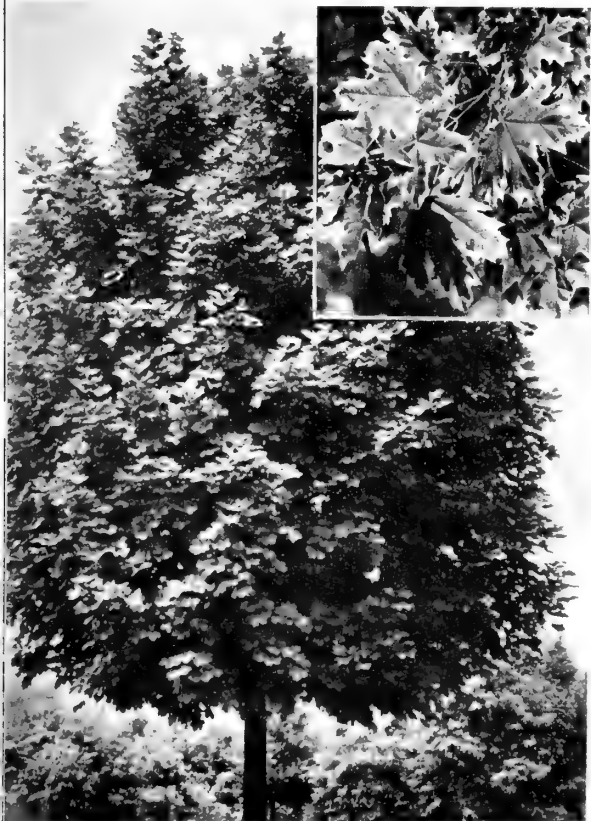

Silver Birch, above

Silver Birch Beautiful Yellow Fall Foliage

T 14 Silver Birch (Cut Leaf Weeping Birch)—The gleaming white bark and graceful drooping branches with delicately cut leaves, give a striking beauty, summer and winter, unmatched by any other ornamental tree. Grass grows right up to the trunk. The white bark comes a year or two after planting. Does best in the northern, central and eastern states. A single specimen or a group adds distinction to a lawn.

Hardiest Magnolia AMERICA'S FAVORITE FLOWERING TREE →

T 18 Magnolia, Soulangeana—This is the hardiest Magnolia and many consider it the most beautiful of all flowering trees. One of the first trees to bloom in early spring. The blossoms are very large, often 8 inches across, purple-pink on the outside and white on the inside. Grows 15 to 18 feet tall and often blooms the same year planted. There are several fine specimens in Hamburg but we think this is the northern limit.

4 to 5 feet, Not Postpaid	Each \$5.95, 2 for \$11.45
3 to 4 feet, Postpaid	Each 4.95, 2 for 9.45
2 to 3 feet, Postpaid	Each 3.95, 2 for 7.45

Pin Oak THE MOST MAJESTIC OF SHADE TREES, *Pictured on page 37*

T 11 Everybody thinks the Oak is a grand tree. Now we are offering Pin Oak, the finest of all Oaks, at special prices. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For street and lawn planting it has no equal. It grows in symmetrical, pyramidal form and at maturity towers 60 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. A sturdy, rugged grower, it adapts itself to all locations and is not bothered by insects.

Radiant AMERICA'S FINEST FLOWERING CRAB, *Pictured on page 37*

T 37 Radiant Flowering Crab. The name is perfect for this great new flowering crab from the University of Minnesota as it literally radiates beauty from any landscape planting. Radiant in flower, Radiant in foliage, Radiant in fruit. Its all-season beauty makes it superb for background planting in the garden, as an accent point in the shrub border or as an individual lawn specimen. Wherever you plant it, you will be delighted with its charm and loveliness.

Radiant bursts into bloom in early spring with a refreshing cheerfulness that only spring flowers have. The bright rosy-red flowers are followed by crimson-red fruit in mid-summer, so brilliantly-colored and long-lasting that you actually have two "colorful" seasons from one tree. Add the ideal shape and the handsome foliage and you have the perfect ornamental, flowering tree for every home in America. The new foliage is purple-red, becoming rich green. Perfectly hardy. Grows 10 to 12 feet tall.

6 to 8 feet, Not Postpaid	Each \$3.95, 2 for \$5.95
5 to 6 feet, Not Postpaid	Each 3.45, 2 for 4.95
4 to 5 feet, Postpaid	Each 2.95, 2 for 3.95

Sugar Maple ORANGE, GOLD AND SCARLET FALL FOLIAGE →

AT NEW LOW PRICES

T 6 The Sugar Maple (also called Hard Maple) is native to almost every state east of the Rockies excepting the gulf states. It is a permanent tree that lasts for generations. There are many homes in America which are identified by their magnificent Sugar Maples. Our trees are the northern. This strain colors more attractively in the fall when its luxuriant foliage is marvelous with tints of orange, gold and scarlet. It makes a large, spreading, perfectly formed tree, of which you will be proud.

6 to 8 feet, Not Postpaid	Each \$4.95, 2 for \$9.45
5 to 6 feet, Not Postpaid	Each 4.45, 2 for 8.45
4 to 5 feet, Not Postpaid	Each 3.95, 2 for 7.45

Norway Maple AMERICA'S MOST POPULAR SHADE TREE

T 5 Norway Maple—America's most widely planted shade tree. Very hardy, not particular as to soil or weather conditions. Makes a beautifully shaped tree 30 to 40 feet tall at maturity. Best known for its brilliant golden yellow coloring in the fall.

8 to 10 feet, Not Postpaid	Each \$3.85, 2 for \$6.95
6 to 8 feet, Not Postpaid	Each 3.25, 2 for 5.95

T 9 Harlequin Maple—Unique form of the popular Norway Maple. Same growth habits and appearance, except the large rich green leaves are broadly edged Ivory-white, producing a beautiful combination of green and white. One of the most beautiful trees we have seen.

BEAUTIFUL *Trees* FOR YOUR HOME

New Sunburst® Thornless Locust, above,
pictured 4 years after planting

T 47 Sunburst Thornless Locust (P.P. 1313). We know of no other ornamental shade tree that approaches its distinctive, unusual beauty. The branch tips of bright golden-yellow, shading to bronze at the ends, contrast perfectly with the rich green inner foliage to make it look like a flowering tree bursting with bloom. And, it keeps this lovely spring appearance all summer long. Sunburst is not only ornamental but also makes a fine, medium-size shade tree, reaching 30 to 35 feet at maturity, perfect for low, modern homes. Ideal for lawn planting as its lovely lacy foliage allows grass to grow under it. Extremely hardy and easy to grow.

6 to 8 feet, Not Postpaid..... **Each \$6.95**
5 to 6 feet, Not Postpaid..... **Each 5.95**

T 8 White Clump Birch is a rare form, grown as a clump with 3 or more distinct trunks with only one root system. It gives a very attractive naturalistic effect to any yard. The bark turns white after 2 or 3 years and stays white winter and summer. The green foliage turns a pleasing yellow in the fall. Grows 25 to 30 feet tall and grass will grow right up to the trunks. Perfectly hardy, easy to grow, thrives everywhere except in the southern states.

Crimson King Maple, above

T 7 Crimson King Maple (P.P. 735). Truly a King of the ornamental trees, it is distinctive, colorful, captivating. The foliage is a deep maroon-purple from the time it leafs out until the leaves fall. This rich color adds an exhilarating contrast to the prevalent greens. It will live for many generations, becoming more attractive each passing year. We have sold many thousands since we first offered it, spring of 1949. Now we are receiving enthusiastic letters of praise. The trees we send you are one year old top, 3 year old roots. They are especially fine specimens this spring. They will start branching the first summer and every leaf, every inch of growth will be a delight.

Sparkling Grandiflora Roses

Grandiflora is an exciting new class of roses. It combines the abundant bloom and rugged hardness of the Floribundas with the wonderful bud form, long lasting, larger flowers and superb cutting stems of the Hybrid Teas. Makes a vigorous plant 3 to 4 feet tall.

C 234 Starfire (P.P. 1742)—Winner of the All America Rose Selections Award, this exciting new grandiflora was the Rose of the Year for 1959. Well worthy of this great honor as it proudly holds its brilliant currant-red flowers on tall strong stems, singly or in clusters, fine for cutting. And it blooms profusely all season, from late spring until freezing weather in the fall. You will be thrilled by the captivating urn-shaped buds, the distinctive waved flowers with each petal possessing a unique luminous velvety appearance. And it makes strong, vigorous plants with healthy luxuriant foliage. Starfire will be outstanding in any garden. Postpaid.

Select 2-year No. 1 Plants Each 3.00, 3 for 7.95

C 230 Queen Elizabeth (P.P. 1259). 1955 AARS Award Winner. This magnificent new rose presents a new color, a breathtaking blending of soft carmine rose and dawn pink, majestically set off by deep green, glossy foliage. The plant has exceptional vigor and disease resistance to assure you of lovely, fragrant flowers all summer long and for many summers to come, increasing in vigor and beauty every year. We consider it one of the greatest roses ever created. Postpaid.

Greatest Roses

C 43 White Knight (P.P. 1359). The first white Hybrid Tea Rose ever to win an AARS award. The perfect, pointed buds open into large, fully-double, snow-white flowers often 5 inches or more across. The vigorous plants grow 3 feet tall and are covered with attractive, lively green foliage. We have waited many years for a white rose good enough to win the AARS award and we believe White Knight has been well worth waiting for. Postpaid.

Large Specimen Plants Each \$3.25, 3 for \$8.75
Select 2-Year No. 1 Plants ... Each 3.00, 3 for 7.95

C 58 Peace (P.P. 591). The greatest rose ever created. The perfect buds open slowly into large, fragrant, fully double flowers. Its greatest charm is the changing panorama of colors. The buds are rich gold edged cerise. As the outer petals unfold, the gold changes to canary then lightens to creamy ivory. The cerise edge gradually deepens and becomes broader so the fully open flower appears a sparkling cerise with a creamy-yellow base. Last unusually long, beautiful at all stages, retaining its perfect form. A vigorous, healthy, free-blooming bush.

Large Specimen Plants Each \$2.75, 3 for \$7.20
Select 2-Year No. 1 Plants ... Each 2.50, 3 for 6.60

C 24 Chrysler Imperial (P.P. 1167). 1953 All America Award Winner. It may well prove to be the greatest red exhibition rose of all time. In color it is unmatched by any other red rose, a vivid, rich crimson whose true beauty and texture cannot be reproduced on paper. The long tapering buds open to large, high-centered flowers 4½ to 5 inches across with 40 to 50 velvety petals and very fragrant. Borne singly on stems, fine for cutting. The plant is sturdy and healthy with an abundance of dark green, semi-glossy foliage.

of All Time!

These 6 Roses on page 40 and 41 are truly the "cream of the crop." Each one ranks among the very best of its color according to all tests and ratings both in this country and throughout the world. One of these, Peace, is generally accepted as the greatest Rose ever created. If you have seen it bloom you will know why it deserves this distinction. Chrysler Imperial and Mirandy rate along with the famous Crimson Glory as the top red Roses. White Knight, Helen Traubel and Sutter's Gold all rate as the finest in their respective color class. It is impossible to capture their exquisite beauty on paper. You must see them in full, glorious flower to appreciate how outstanding they are. Be sure to plant them this Spring. In a few short weeks they will be blooming in your garden. Excellent for cutting with their long, strong stems. *All Inter-State Roses are guaranteed to please you when you receive them and also when they bloom in your garden this summer. All Roses are shipped Postpaid, trimmed for planting.*

C 50 Mirandy (P.P. 632). This is one of America's finest dark red roses. Large buds open into immense fully double flowers with 50 petals and last a long time. Very fragrant. Blooms singly on long stems, fine for cutting. Vigorous grower with deep green, luxuriant foliage. A prolific bloomer from June to frost.

An All America Rose Selection Award indicated by this symbol  is the highest honor a rose

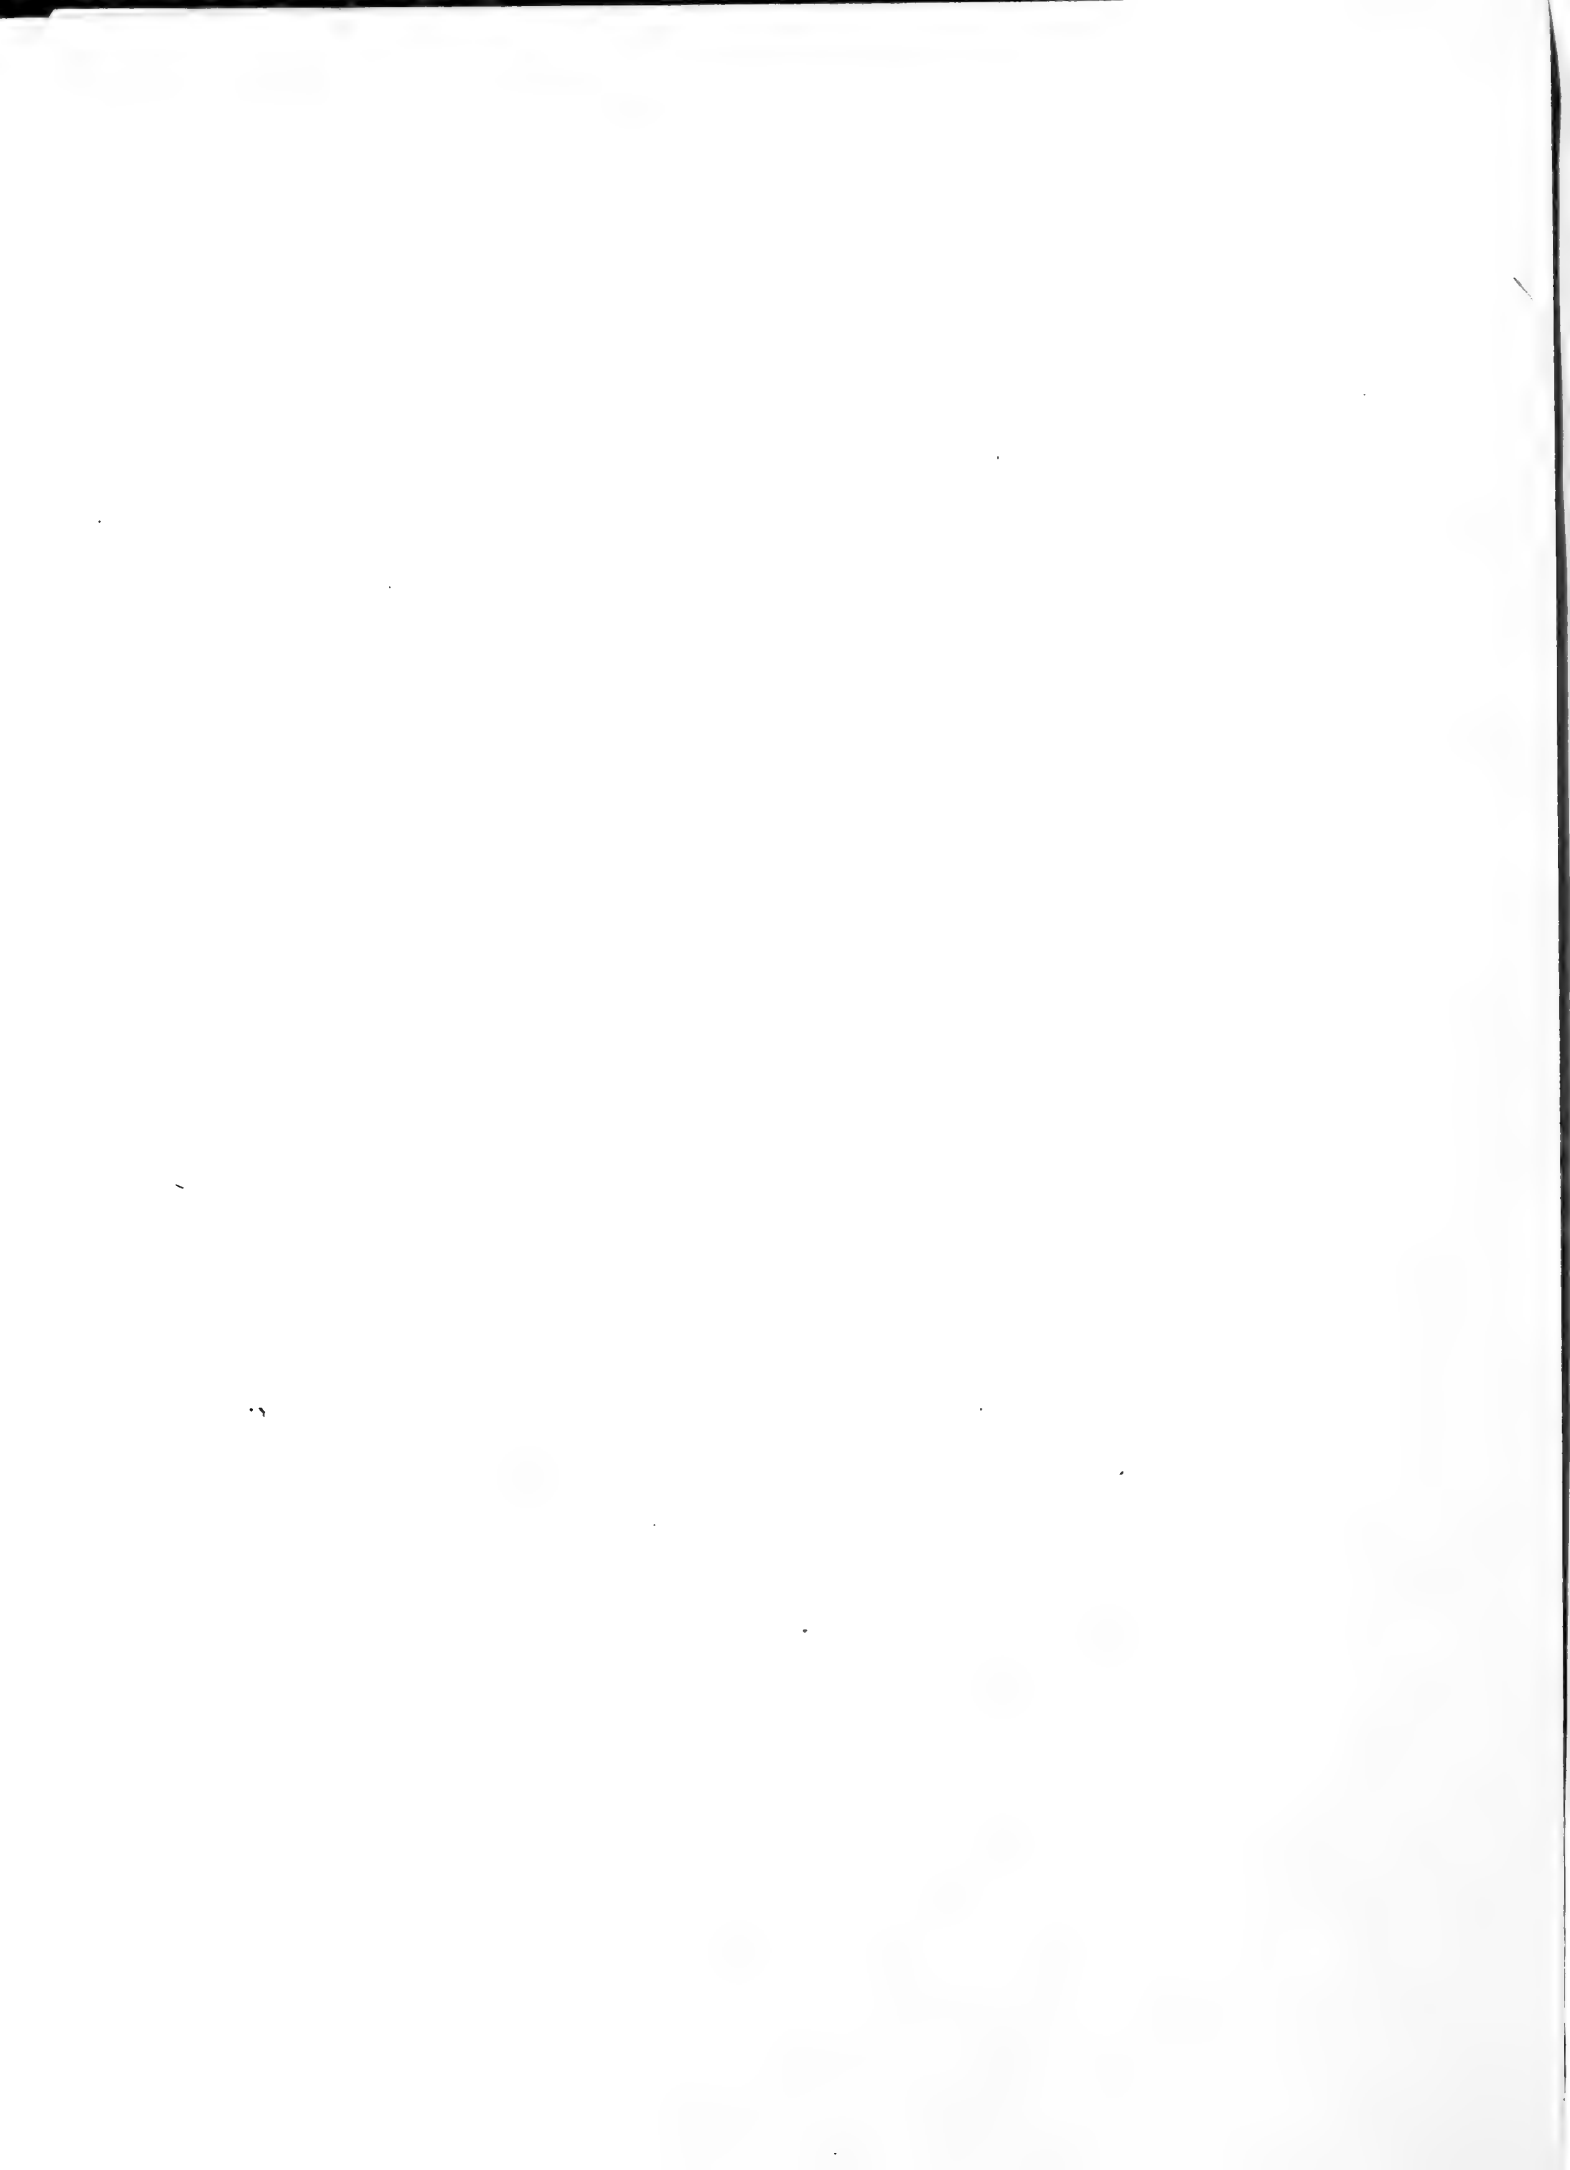

can achieve in America. The All America Selections system is a unique method for testing new varieties before they are introduced to the public. A rose has to be superior in every respect to win an award because it is tested by experts in trial rose gardens in all sections of the U. S. Not only are the flowers superior but also the plant and habit of growth. They cost but little more than other varieties and are well worth the difference.

We Guarantee every Gold Medal Rose to please you when you receive it and also when it blooms this summer

Hundreds of thousands of these famous Inter-State Gold Medal Roses have been planted from coast to coast. Nothing we have sold has made us more friends and new customers. NOTHING COULD BE FINER AS A GIFT TO A RELATIVE OR FRIEND. They are fully described on pages 50 and 51. We send you the finest 2-Year Field-grown plants, trimmed ready for planting. They WILL BLOOM THIS SUMMER and many summers to come, from early June until Frost. Order Early, Plant Early and in a few weeks you will have beautiful roses blooming in your garden.

If all of you had seen last summer the big fields of Inter-State's Roses, we simply would not have half enough. Large, sturdy, healthy, vigorous plants, full of magnificent flowers. No finer rose plants in all America and few their equal. Carefully dug and handled, they are now in our new exclusive Refrigerated Storage with ideal temperature and moisture control. We can keep these plants in dormant and perfect planting condition into June. But we advise planting as early as you can because the sooner you plant, the sooner they bloom.

Inter-State's Finest

The varieties pictured and described on pages 44 and 45 are 6 of our very best everblooming hybrid tea roses. Their lovely, colorful flowers will make a spectacular showing in your garden this summer and for many years to come. All 6 will bloom profusely from late spring until freezing weather in the fall—large, fully-double flowers, rich colors, long stems for gorgeous bouquets.

Aztec, FLAMING SCARLET-ORANGE

C 182 Aztec (P.P. 1648). The "hottest" color in roses, a flaming scarlet-orange, truly describes this sensational new variety. The huge flowers often reach 6 inches across, fully-double and perfect exhibition form. Makes a vigorous healthy plant 2 to 2½ feet tall.

Kordes
Perfecta

C 183 Kordes Perfecta (P.P. 1604). Wilhelm Kordes, creator of Crimson Glory and many other great roses, calls this his "perfect" origination. In the garden, in bouquets or for exhibition in flower shows, it simply can't be equalled. The big, high-centered, fully-double blooms are a fascinating combination of creamy-white edged carmine-pink suffused yellow at the base. Add "Perfecta's" vigorous, healthy, well-formed plants and you have one of the finest roses ever created.

CC 116A All 6 for \$13.45 Large Specimen Plants
CC 116 All 6 for 12.25 Select 2-Year No. 1 Plants

C 194 Vogue (P.P. 926), brings a new distinct color to the Floribundas, bright cherry-coral. Attractive buds open into perfectly formed, high centered flowers, 3 to 4 inches across. Delightfully fragrant. Makes a husky plant nearly 3 feet tall. Cutting the flowers freely will stimulate more bloom.

Large Specimen Plants Each \$2.25, 3 for \$6.00, 12 for \$23.50
Select 2-Year No. 1 Plants Each 2.00, 3 for 5.25, 12 for 20.50

C 198 Circus (P.P. 1382) is the first multicolored Floribunda to win the AARS Award. The constantly changing panorama of colors will delight you. The perfect buds are bright yellow and orange becoming orange-buff with shades of pink on the outer petals which gradually develop into cerise when fully open. The hybrid-tea style flowers are fully-double, fragrant. 2 feet tall.

Large Specimen Plants Each \$2.75, 3 for \$7.20, 12 for \$28.50
2-Year No. 1 Plants Each 2.50, 3 for 6.60, 12 for 26.00

C 73 Ivory Fashion (P.P. 1688). The long slender glistening white buds open into delightful 3- to 4-inch flowers with delicious fragrance. The lovely ivory-colored flowers have the same charm and grace of their famous parent, Fashion. Also like Fashion, it grows vigorously, has luxuriant foliage and blooms profusely from June until freezing weather in the fall. 30 inches tall.

Large Specimen Plants Each \$3.00, 3 for \$7.95, 12 for \$30.75
Select 2-Year No. 1 Plants Each 2.75, 3 for 7.20, 12 for 27.75

C 85 Fashion (P.P. 789) is considered the finest Floribunda ever introduced. The vigorous, healthy plants are covered with big clusters of blooms from June to Frost. An excitingly different color in roses, warm oriental-red buds open into the loveliest sparkling coral-pink richly suffused with gold. Their exquisite old-rose fragrance fills the air. Hardy, makes a bushy plant 24 inches tall.

Large Specimen Plants Each \$2.25, 3 for \$6.00, 12 for \$23.50
Select 2-Year No. 1 Plants Each 2.00, 3 for 5.25, 12 for 20.50

**BEAUTIFUL
EVERBLOOMING**

Tree Roses

Enjoy Roses, the Queen of Flowers, at eye level in unique, superlative tree form. All are everblooming, giving a continuous display of lovely, fragrant blooms from June to frost. The flowers are even larger, more beautiful and more freely produced than on regular bush roses. They are grown by budding the varieties 3 feet above the ground on a special tree rose stock. Our Planting Guide gives a simple method of winter protection. Each variety (in bush form) is described on pages indicated below. In case we are sold out of the variety you order, please indicate your second choice. Inter-State Tree Roses are the finest grown, guaranteed to please you when you receive them and also when they bloom this summer.

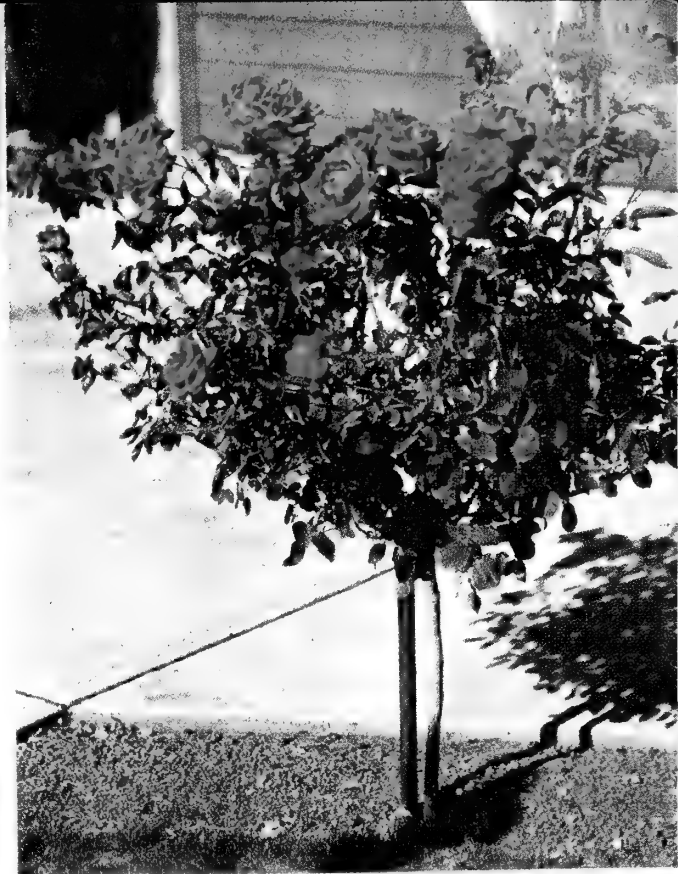

YOUR CHOICE OF THE FOLLOWING VARIETIES

Postpaid and Trimmed Ready for Planting

EACH \$6.75, 2 for \$12.50, 4 for \$24.00

EVERBLOOMING HYBRID TEA TREE ROSES

- TC 132 Charlotte Armstrong.** Cerise, one of the world's greatest. (See pages 42, 50).
TC 139 Chrysler Imperial. Pictured at right. Vivid, rich crimson. 1953 AARS Award Winner, outstanding in tree form (see page 40).
TC 125 Crimson Glory. Most popular red rose (pages 43, 50).
TC 138 Garden Party. 1960 All America Winner. Huge flowers of rich ivory with a delicate tint of appleblossom pink (page 1).
TC 135 Peace. Gold, canary, cream and pink, the greatest of all roses. Outstanding in tree form (page 40).
TC 144 Sterling Silver. The newest color in roses, silver-lavender. You'll love its dainty form and unusual beautiful color (page 44).
TC 140 Sutter's Gold. Bright copper buds open to golden yellow flowers (page 41).

Chrysler Imperial Tree Rose

EVERBLOOMING FLORIBUNDA TREE ROSES

Each \$6.75, 2 for \$12.50, 4 for \$24.00 Postpaid

- TC 145 Circus.** Apricot buds become orange-buff and cerise (page 46).
TC 127 Fashion. Coral-pink, the most popular Floribunda (page 46).
TC 128 Fire King. 1960 AARS Winner. Fully double flowers of brilliant vermillion-red (Envelope).
TC 137 Fusilier. 1958 AARS Winner. Brilliant cherry-red floribunda (see below).
TC 129 Sarabande. 1960 AARS Winner. Luminous oriental-red, semi-double flowers open to disclose bright yellow stamens in striking contrast (Envelope).

NEW MULTICOLOR TREE ROSE

TC 150 A combination of the two greatest roses, this beautiful, unusual tree rose will be a conversation piece in your garden from June until Frost producing dozens of velvety crimson flowers of Chrysler Imperial and enchanting cream and cerise blooms of Peace. Both varieties are perfect in tree form, even lovelier than in regular bush form.

Each \$7.50, 2 for \$14.00 Postpaid

THE 1958 ALL AMERICA

Floribunda Roses

C 123 Fusilier (P.P. 1709) presents a brand new color in All America Roses, a brilliant cherry-red, probably the brightest red rose in all our varieties. The rich, red buds slowly open into large, 3-inch flowers, delightfully fragrant and non-fading. 2 feet tall.

Large Specimen Plants Each \$2.75, 3 for \$7.20
Select 2-Year No. 1 Plants Each 2.50, 3 for 6.60

C 122 Gold Cup (P.P. 1683) has the most attractive, healthiest foliage of any floribunda. Add the rich, golden flowers and you have the finest yellow floribunda ever created. 2 1/2 feet tall.

New, Hardy

Bloom Spring to Frost

For mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellises and trailing over fences. All these climbers are hardy, but we recommend that winter protection be given in cold sections. Set 3 to 4 feet apart. Dr. J. H. Nicolas, Blaze, Paul's Scarlet, Gladiator, Golden Showers, Climbing Chrysler, Spectacular, Coral Pillar are ideal for trellis. They are Pillar type and do not grow as vigorously as the others. Gold Rush, New Dawn and White Dawn grow more vigorously and can be used for trellis, porch, pergola or fence. City of York and Zephyr are ideal for pergola, porch or fence as they are such strong growers. We recommend using Ra-Pid-Gro (page 7) when planting and every 3 or 4 weeks during June, July and August. All climbing roses are **Postpaid**.

DR. NICOLAS SPECIAL

At New, Low Prices

- 1 Dr. J. H. Nicolas**, radiant pink

Everblooming Climbing Roses

Blaze, brilliant, scarlet-crimson. Pictured on Page 48

C 155 Blaze—Our most popular red climbing rose. Blaze is completely covered with brilliant scarlet-crimson flowers in June and repeat blooms intermittently all season. It holds this bright color in even the hottest sun, a sight that will stop the traffic to see this spectacular rose in full bloom. It makes an ideal pillar rose for planting along fences, porches or arches.

Large Specimen Plants, Each \$1.75, 3 for \$4.50, Postpaid
2-Year No. 1 Plants, Each 1.50, 3 for 3.90, Postpaid

Dr. J. H. Nicolas, lovely rose-pink
 AT NEW LOW PRICES

C 165 Dr. J. H. Nicolas (P.P. 457). This picture, made from a color photograph, shows the beauty and freedom of bloom of this remarkable new rose. From late spring to hard frost the fully double, 50 to 60 petals, deep rose-pink flowers are produced. Very fragrant, they come on long stems fine for cutting. Hardy as Paul's Scarlet and disease resistant. Very fine as a pillar rose. The most popular climber we ever sold. It produces flowers just as perfect as those from a bush rose. Fertilize with Ra-Pid-Gro, Vigoro, etc. The more it grows, the more it blooms. Will bloom this summer. *Pictured on Page 48.*

Large Specimen Plants, Each \$2.00, 3 for \$5.25, Postpaid
2-Year No. 1 Plants, Each 1.75, 3 for 4.65, Postpaid

Gladiator, New, Everblooming. Pictured on Page 48

C 164 Gladiator (P.P. 1524). A new everblooming Climbing Rose with immense 5-inch high-centered fragrant flowers of a glowing rosy-carmine-red. It blooms and re-blooms from Spring to Frost. Has withstood below zero with us but we advise winter protection in cold states so as to take no chance of losing any of the wonderful flowers the following Summer. Strong grower, 8 to 10-feet tall, with blooms all over the plant.

Large Specimen Plants, Each \$3.00, 3 for \$7.95, Postpaid
2-Year No. 1 Plants, Each 2.75, 3 for 7.20, Postpaid

CLIMBING Golden Showers

C 162 Golden Showers (P.P. 1557). The first Climbing Rose to win the AARS Award in 16 years. An all-purpose climber, it can be trained on a fence or trellis, or it makes a natural, self-supporting pillar Rose about 5 to 6 feet tall. However you use it, Golden Showers is certain to make your home or garden more beautiful. And it is everblooming, beginning with a grand display in late spring and blooming continuously until late fall. The fragrant 4 to 5 inch flowers are a fresh daffodil yellow. *Pictured on Page 48.*

Large Specimen Plants, Each \$3.00, 3 for \$7.95, Postpaid
2-Year No. 1 Plants, Each 2.75, 3 for 7.20, Postpaid

GOLD RUSH, hardy—everblooming
 AT NEW LOW PRICES

C 170 Gold Rush—At last we have a hardy everblooming yellow climbing rose. The lovely flowers are large, double, high-centered and a rich golden yellow. They are produced from late spring to frost. Will bloom this summer and fall. The foliage is a glossy ivy-green. Hardy, a vigorous grower, this new variety is certainly welcome.

Large Specimen, Each \$2.00, 3 for \$5.25
2-Year No. 1, Each 1.75, 3 for 4.65

CLIMBING SPECTACULAR

C 168 Spectacular (P.P. 1416) presents a breathtaking sight in full glorious bloom. The glowing orange-red 4-inch flowers cover the plants in early spring and again in the fall. Makes a strong, healthy pillar type plant.

Specimen, Each \$2.75, 3 for \$7.20
2-year No. 1, Each \$2.50, 3 for 6.60

C 163 Climbing Chrysler Imperial (P.P. 1528). Now the famous Chrysler Imperial as a climber. The same rich, brilliant crimson flowers as pictured on page 40.

Specimen, Each \$3.00, 3 for \$7.95
2-Year No. 1, Each 2.75, 3 for 7.20

C 156 City of York—The best white climbing rose. For weeks in late spring and early summer, absolutely covered with the 3-inch pure white flowers. So fragrant they perfume the entire area. There is some recurrent bloom during summer and fall.

Specimen, Each \$1.75, 3 for \$4.50
2-Year No. 1, Each 1.50, 3 for 3.75

C 154 Coral Pillar—This magnificent new everblooming rose is a perfect pillar and climbing rose. The flowers are large, a brilliant blending of pink, carmine, gold and apricot. Hardly ever out of bloom from spring to frost.

Specimen, Each \$1.90, 3 for \$4.55
2-Year No. 1, Each 1.65, 3 for 3.95

C 152 New Dawn—The flowers are large, double, a lovely apple-blossom pink, delightfully fragrant. They come on long stems fine for cutting. Blooms constantly from late spring to frost. An ideal pillar rose. Hardy. Will bloom this season.

Specimen, Each \$1.75, 3 for \$4.50
2-Year No. 1, Each 1.50, 3 for 3.75

C 161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever created. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petal falls as when it opened. The flowers come in clusters on long stems. Plant on trellis or porch.

Specimen, Each \$1.50, 3 for \$3.95
2-Year No. 1, Each 1.35, 3 for 3.45

Inter-State's ROSE GUARANTEE

We believe our roses are the finest it is possible to produce. They are guaranteed to grow and bloom for you this summer, except some climbers which bloom next year after planting. If they do not, notify us by August 1st, 1960 and we will replace them free.

Remember that roses are living plants and respond to good care and attention. With each order we send a Planting Guide. Just follow the simple planting and cultural instructions and you will have glorious flowers. Fertile soil and loving care means more and better blooms.

Use RA-PID-GRO (page 7) regularly for more and better flowers.

Famous

The Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost. Can you think of another hobby that will provide more pleasure, more beauty than growing roses? Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming Hybrid Tea roses. They will commence blooming 7 to 8 weeks after planting. **PLANT ROSES EARLY**, the time when people are putting in early gardens. Plant 20 to 24 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses.

We wish that you could have seen last summer our large field of roses. There are none finer and few their equal. They matured perfectly and are now in our new exclusive rose refrigerated storage, with ideal temperature and moisture control. We believe it is the finest rose storage built, and will keep the rose plants in perfect, dormant planting condition into early summer. **BUT WE ADVISE THAT YOU ORDER EARLY AND PLANT EARLY.** The sooner you plant, the sooner you get flowers.

Those who prefer extra large bushes, will select the Large Specimen Plants. These are big and husky, well-branched and heavily rooted, the cream of the crop. However, we assure you that our Select 2-Year No. 1 Plants will satisfy critical buyers. They have made Inter-State Roses famous all over America. The Standard 2-Year Medium (No. 1½ grade) Plants are smaller than the 2-Year No. 1. They will bloom this summer and are a good value.

Prices on all roses on pages 50 and 51 (except Allure).

C 12 Allure (P. P. 886)—A new rose we introduced spring of 1950. We think that it is the finest rose of its color. In the first place the plant is so healthy, vigorous and free-blooming, with glossy leathery foliage. It won a First Certificate at the Famous Bagatelle Gardens. The buds are large, pointed, perfect form and gradually unfurl to a very large, high-centered flower with a pleasing fragrance. It lasts a long time. The color is a rich shining Neyron rose suffused with gold and tinted salmon. When fully open the flowers are 5 to 6 inches across. They come singly on long stems, very fine for cutting. Has very few thorns.

CHARLOTTE ARMSTRONG

World's Finest Pink Rose

C 10 Charlotte Armstrong—One of the world's best roses; winner of many honors. Magnificent in the garden because of its great vigor, disease-resistant foliage and freedom of bloom. Long streamlined carmine buds open into enchanting flowers of the loveliest cerise, beautiful at all stages. Pictured on page 42.

C 22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. One of the best bright red roses. Pictured on page 42.

CRIMSON GLORY

America's Most Popular Red Rose

C 11 Crimson Glory—Pictured on page 43. America's favorite red rose. Perfect buds open into large, magnificent blooms of velvety deep crimson. So fragrant that only a few flowers will perfume a room. A healthy grower, it produces its beautiful flowers from late spring to frost.

C 42 Countess Vandal—The long, pointed, orange-copper buds will delight you, one of the finest roses in bud form. Opens into large, double, high-centered flowers of brilliant pink shaded salmon with yellow at the base. Makes a healthy, free-blooming plant. Fragrant. Pictured on Page 42.

C 21 Condesa de Sastago—Large, fragrant flowers with inside of petals red and outside yellow, creating a striking two-tone effect. An unusually healthy, vigorous grower, very free-blooming. Thrives even under difficult conditions.

C 25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed, long lasting. A tall, strong grower with beautiful foliage. One of the first varieties to bloom in the spring. Pictured on page 43.

C 26 Eclipse—We rate this one of the best of all yellow roses. The golden-yellow, streamlined buds are often more than 2 inches long ornamented with narrow, branching sepals. Very fine for cutting with their strong, erect stems. The vigorous, upright plants are in bloom almost continuously from June until Frost. Pictured on page 43.

Everblooming Roses

Plant This Spring
For Blooms This Summer

C 27 Editor McFarland—All through the season the lovely fragrant, glowing pink flowers are produced on long, strong stems, fine for cutting. The buds are perfect. One of the finest pink roses.

C 30 Etoile de Hollande—One of the grandest red roses of all time. The buds are simply perfect and they open into large, glorious flowers of velvety crimson. Very fragrant, fine stems for cutting. A strong, healthy grower and free-blooming.

C 34 Frau Karl Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Such a vigorous grower you should plant them farther apart.

C 36 Golden Dawn—The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of rich yellow. Hardy, vigorous, free-blooming. The highest rated non-patented yellow rose.

C 44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today is unsurpassed.

C 47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 43.

C 49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 42.

Get-Acquainted Special

These are five of the best roses, vigorous growers, free-blooming. This Special Offer is made so that you can plant them in your own garden and find out for yourself the satisfaction, the pleasure, the beauty that Interstate roses have brought to hundreds of thousands. Pictured on pages 42 and 43. POSTPAID.

C 51 Mme. Joseph Perraud—An outstanding rose. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange. Very vigorous. Large, glossy foliage.

C 53 Mrs. Charles Bell—A strong, healthy grower that is often called Blush Radiancy. The flowers are a lovely luminous shell-pink, entirely different from all other roses.

C 55 Mrs. P. S. du Pont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago.

C 56 Mrs. Sam McGredy—Exquisite pointed buds open into beautiful, large, double, high-centered flowers of striking colors, scarlet, orange and copper. Fragrant, long stems fine for cutting. Free-blooming.

C 63 Pedrables—This fine white rose is large, often 5 inches across. The creamy buds open into pure snow-white fragrant flowers. A vigorous, well-branched grower and extremely free-blooming, all season through.

C 59 Picture—We consider this one of the very finest pink roses, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Blooms continuously.

C 60 Pink Dawn—A new rose. Fine for gardening and cutting. Buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower, hardy and free-blooming.

C 62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting, free-blooming.

C 64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Richly perfumed, long stemmed and free-blooming. One of the most beautiful roses ever introduced. Pictured on page 42.

Hardy, Rugged Roses

Here are five roses that the test of time has proven to be unusually hardy, healthy, vigorous and free-blooming. POSTPAID.

INTER-STATE'S ROSE DUST

Will keep your roses healthy

NEW FORMULA FOR 1960

Guaranteed satisfactory or
money refunded

Convenient, Effective, Economical

See Page 6 for Hudson Dusters

This is the best, most effective Rose Dust we know. A new but thoroughly tested formula contains Phaltan, Aramite and Lindane. Highly recommended by rose authorities. It does not discolor flowers or foliage.

This Rose Dust contains the necessary chemicals for the control of fungus diseases such as Black Spot and Mildew, also aphids and leaf eaters. It is very easy to use, no mixing, no fuss, no bother. Clean, healthy foliage is essential to grow good roses, also other plants. Follow a regular dusting schedule, starting early just as soon as the plants are fully leafed out. Dust often, dust regularly and dust thoroughly. You will be astonished at how much better a healthy plant blooms. Complete instructions on every package.

Primarily intended for Roses, it is also effective on other plants. POSTPAID.

K 150 2½ Pounds Rose Dust and Fibre Duster for \$2.35

K 151 3 Pounds for \$2.25

K 152 5 Pounds for \$3.25

K 153 10 Pounds for \$5.45

NEW ROSE SPRAY

For Insect and Fungus Control

A concentrated formula containing Phaltan, Aramite and Lindane that will control insects and fungus diseases of Roses and other plants such as Mums, Phlox, Evergreens, etc. Easy to use and economical too, you mix only 2 Tablespoons per gallon of water. One pound will treat 75 plants for the entire season. POSTPAID.

K 57 4 ounces for \$1.15

K 58 8 ounces for 1.95

K 59 1 pound for 3.25

C 66 Radiance, Pink—The great pink rose, planted everywhere because it has made good all over America. Fragrant.

C 67 Radiance, Red—America's great red rose. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

C 68 Rex Anderson—A sensational exhibition rose with huge flowers of delicate ivory-white. The perfectly-formed buds open into prize-winning blooms of pure loveliness.

C 75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high centered. The fragrant flowers are freely produced.

C 77 The Doctor—Considered by many to be the most beautifully colored of all roses. Long, pointed buds open into simply enormous, yet graceful blooms, very fragrant. It is a pink with an iridescence, a sheen beyond description. Each flower is so perfect, so gorgeous, you will consider it almost priceless. Far more beautiful than pictured on page 43.

EVERBLOOMING FLORIBUNDAS

In the above picture is a planting of Floribunda roses in front of Climbing roses. Floribunda Roses are hardy, disease-resistant and long lived. They need but little care. The flowers come in clusters and bloom constantly from spring to freezing. Plant them in borders, solid beds, or in groups in front of shrubs and evergreens. They make a marvelous hedge. For cutting, just a stem makes a bouquet, and they last a long time when cut. A natural for picture windows. Plant 18 to 24 inches apart.

C 118 Betty Prior. Always a mass of bright pink flowers. A strong, healthy grower reaching 3 feet in height. Large clusters of fragrant single flowers all summer long.

C 93 Dagmar Spath—Makes a bushy-upright plant over 2 feet tall that is loaded with the great clusters of snow-white flowers, semi-double and fragrant.

C 94 Eutin—Great clusters (often 50 or more flowers) of very double, red flowers. Glossy, dark green foliage. Healthy, hardy, vigorous, free-blooming, fragrant. 24 inches tall.

C 88 Floradora. Blooms constantly from June to Frost of lovely geranium-red shaded salmon-rose. The flowers are fully double with 40 to 50 petals each. Makes a healthy, upright plant 2½ to 3 feet tall.

C 196 Frensham—This is our best red floribunda. The beautifully-formed buds of brilliant scarlet-crimson come continuously from June to frost. Makes a healthy, vigorous plant 30 inches tall.

C 92 Improved Lafayette—For bedding and border this is hard to beat as the cheerful ripe cherry-red flowers are produced so abundantly all through the season. Semi-double, fragrant. 27 inches tall.

C 91 Pink Gruss An Aachen—We have yet to see anybody who does not like this great Floribunda. Makes a bushy, rather spreading plant about 18 inches tall with rich green leathery foliage. Large, fully double flowers, fragrant, exquisite orchid-pink. Perfect for corsages.

C 192 Pinocchio—The famous parent of many of the finest new floribundas. Fragrant, salmon-pink flowers are borne on healthy 2-foot plants all through the season.

C 117 The Fairy—Probably the most constant, most prolific bloomer of all roses. Sprays of small, double, shell-pink continually on sturdy, spreading bush around 3 feet tall. Hardy.

EVERBLOOMING BABY ROSES

These Polyantha Baby Roses are ideal for borders and solid beds. Many like them for cemetery planting because they are so hardy and require so little care. Bloom constantly from spring to frost. Grow only 15 to 18 inches tall. Plant 15 to 18 inches apart.

C 96 Chatillon—Enormous heads of vivid pink double flowers. It always creates a sensation.

C 97 Gloria Mundi—A favorite for the picture windows because of its large clusters of brilliant orange-scarlet double flowers.

C 98 Sparkler—Always full of the bright crimson double flowers.

Everblooming Hybrid Teas

C 29 Diamond Jubilee (P. P. 824). The large, fragrant flowers of warm buff-orange are fully double, high centered up to 5 inches across. They last unusually long both on the bush and when cut for beautiful bouquets. The plants are exceptionally vigorous, blooming freely all season, from early June until Frost.

Select 2-Year No. 1 Plants..... **Each \$2.25, 3 for \$6.00**

C 31 Forty-Niner (P.P. 792). This AARS Winner is probably the brightest colored rose ever introduced. Inside of petals is vivid red and the outside, chrome yellow.

Select 2-Year No. 1 Plants..... **Each \$2.50, 3 for \$6.60**

C 18 Lowell Thomas (P.P. 595). The finest pure, clear, non-fading yellow. Shapely buds, large, high-centered flowers of excellent form. A vigorous grower.

Select 2-Year No. 1 Plants..... **Each \$2.25, 3 for \$6.00**

C 186 Mission Bells (P.P. 923). This is one of the most exotic colored of all roses. The flowers are brilliant shrimp pink shaded salmon, 5 to 6 inches across.

Select 2-Year No. 1 Plants..... **Each \$2.00, 3 for \$5.25**

C 32 Mojave (P.P. 1176). The richly colored buds open into large, double flowers of glowing sunset orange with tones of scarlet and vermillion. The perfectly-formed buds are the finest of all roses.

Select 2-Year No. 1 Plants..... **Each \$2.75, 3 for \$7.20**

C 70 Twilight (P.P. 1434). Presents another unusual, new color in Roses, a lovely pastel tint of rose-lavender with silver reverse. High-centered, fragrant flowers 3 to 4 inches across.

Select 2-Year No. 1 Plants..... **Each \$2.75, 3 for \$7.20**

CC 74 One Each Above 6 Hybrid Tea Roses for \$11.95

Everblooming Floribundas

C 87 Goldilocks (P.P. 672). The first bright yellow floribunda. Fully double fragrant flowers in clusters from June to freezing. 24 inches

Select 2-year No. 1 Plants..... **Each \$1.75, 3 for \$4.65**

C 197 Jiminy Cricket (P.P. 1346). The dainty, urn-shaped buds of tangerine-red burst into beautiful 3½ inch blooms of coral and vermillion. 30 inches.

Select 2-Year No. 1 Plants..... **Each \$2.00, 3 for \$5.25**

C 193 Red Pinocchio (P.P. 812). Lovely flowers, carmine shaded scarlet. 20 inches.

Select 2-Year No. 1 Plants..... **Each \$1.75, 3 for \$4.65**

C 86 Spartan (P.P. 1357). New, the finest orange-red floribunda. Perfect buds open to fully-double blooms of orange-red shaded coral. 2 to 2½ feet tall.

Select 2-Year No. 1 Plants..... **Each \$2.50, 3 for \$6.60**

C 199 White Bouquet (P.P. 1415). The first white Rose ever to win the AARS award. The gardenia-like flowers are large, measuring 4 inches across, a sparkling white. 2 feet tall.

Select 2-Year No. 1 Plants..... **Each \$2.50, 3 for \$6.60**

C 112 Amy Vanderbilt (P.P. 1585). Here is a new color in Roses, a rich lavender-lilac. Delightfully fragrant. 2 feet tall.

Select 2-year No. 1 Plants..... **Each \$2.25, 3 for \$6.00**

Inter-State's New Superior Hardy

All of the outstanding Perennials below were selected from our extensive trial plantings of hundreds of new Perennials as being superior in color, flower form, vigor and the amount of bloom. They were thoroughly tested here at Hamburg and found to be completely hardy and easy to grow. Be sure to plant some or all of them this spring. They will bloom this season adding glorious color to your garden. Complete planting instructions are included with every order. Postpaid.

Purple Showers HYBRID VIOLET

NEW! Pictured on Page 55

Now a hardy, long lived Hybrid Violet that blooms spring, summer and into fall. Makes your garden the show-place of your neighborhood! Will bloom this summer!

M 95 Each 85c, 3 for \$2.25, 6 for \$3.95 Postpaid

Here at last the hardy, long-lived Hybrid Violet that we have been looking for. Three years testing here at Hamburg have been spectacularly successful. Not only have we been tremendously impressed by PURPLE SHOWERS but everybody who has seen them has fallen in love with them and wanted them in their garden. Purple Showers has the exquisite delicacy and velvety richness of color of a pampered hot-house prima donna . . . with the vigor, hardiness of a wild woods Violet. It combines the freedom of bloom of the Viola with the ruggedness of the Violet. You will thrill to its abundance of color spring, summer into fall, a deep rich intense glowing purple that holds its vivid color right thru summer's heat. Makes a luxuriant plant, almost a foot across the first season, and holds its rich green foliage all winter. We grow it right out in the open field in full sunshine. However, it will thrive on the north side in full or partial shade. Low-growing, makes a wonderful showing in beds or borders. The flowers are large, often 2 inches long and come singly on 6 to 8-inch stems. Inter-State takes great pride in bringing to you Purple Showers. We believe it has a great future and suggest that you order early. Pictured on page 55.

Prairie Bells HYBRID PENSTEMON

NEW! Thrilling Beyond Words! Pictured on Page 55

M 232 Each 60c, 3 for \$1.45, 6 for \$2.45 Postpaid

This new hardy perennial was developed by Glenn Viehmeyer of the Nebraska North Platte Experiment Station. It comes from the western prairies, combining native species of Penstemon, especially the Seeba and Fate Hybrids. Grows 3 to 4 feet tall. The stately stems have heart-shaped blue-green foliage which is attractive after the flowers are gone. The flowers are bell-shaped, often 2 1/2 inches or more of colorful blossoms on the stems. Wildflower translucent colors, snow-white, mother-of-pearl, shell pink, coral, amethyst, lavender, rose, ruby—a "Must" for gardeners who enjoy the new, the novel, the dramatically different. Striking in the garden and really something special for bouquets and arrangements. Will bloom this summer. We have found them easy to grow, in full sun or partial shade. In acid soils we advise mixing some hydrated lime with the soil when planting. Normally a new variety like this would be introduced at \$1.00 each or more. But we made the price so reasonable that thousands can test Prairie Bells in their own garden. We think this low introductory price will exhaust our supply before the season is over. Pictured on page 55.

M 238 Penstemon, Lena Seeba—This is a pure white form of the Prairie Bells above. Easy to grow, will bloom this summer.

Each 60c, 3 for \$1.45, Postpaid

M 231 Penstemon, Prairie Fire—New for 1960. An entirely new Flat-head hybrid from Viehmeyer that is extra hardy and healthy. Strong 2 to 3 foot spikes of brilliant scarlet-crimson flowers. Will bloom all summer if you remove the old flowers.

Each 60c, 3 for \$1.45, Postpaid

Penstemon, Indian Jewels. New—Pictured on page 61.

Giant Primroses TO GIVE YOUR GARDEN THE SPARKLE OF NEW LIFE THIS SPRING! →

Plant these Giant Pacific Hybrid Primroses (*primula polyanthus*) this spring. In just a few weeks they will burst into a rainbow of lavishly beautiful blooms, almost before the rest of your garden wakes up. Large flowers, many the size of a silver dollar, much larger than pictured on page 55. Shade loving, they do fine on the north side in full or partial shade. Plant them in beds, or borders. Colors range from delicate pastels through radiant, vivid tones to the boldest, most brilliant hues Mother Nature can produce. These are vigorous plants with strong crowns that will produce an abundance of flowers, this spring. Next spring the plants will be larger and the display almost unbelievable. Here is something you have always wanted.

Fall-Blooming Hardy Asters

NEW! Pictured on Page 55

Recently we imported over fifty new Asters from England (where most of the new varieties originate). Four of them were so outstandingly superior that we immediately decided that we would offer them as quickly as possible. Last fall these four Asters were again far better. Now this spring you can plant them in your garden and this fall you will agree with us that never have you had such lovely Aster flowers. Hardy, grow in most any ordinary garden soil, in full sun or part shade. Lassie, Marie Ballard, and Picture will make fine bushy plants around 30 inches tall. White Wings grows only about 2 feet tall. All are free-blooming, simply covering the plant. They start blooming in late summer and last into fall. Pictured on page 55.

M 33 Lassie is the most exquisite pink you ever saw, a delightful clear pink color, with not the least trace of lavender.

M 37 Marie Ballard is the finest blue we have ever seen, a charming medium shade of true blue.

M 38 Picture. Here is a red without purple tones, a bright shining color that is a tremendous improvement in red Asters.

M 41 White Wings is purest snow-white with golden center, the largest, most-perfect, most beautiful white Aster we have ever seen. Makes a neat, bushy plant wider than tall.

NEW IMPROVED LAVENDER

M 51 Lavandula, Hidcote—This is an improvement over the old-fashioned popular Lavender. Makes a neat, bushy plant 12 to 15 inches tall with purple-blue flowers in July and August, silvery gray foliage. Both the foliage and the flowers are fragrant and much used for drying. Grows in full sun or part shade, not particular as to soil.

"MUMS" ARE AMERICA'S FAVORITE FALL FLOWERS

Colorful, Long Lasting, Fine for Cutting • All Mums are Postpaid

M 840 Pink Quill. This new Mum from Lehman is wanted by all who see it. Very large, spidery quilled flowers 4 to 6 inches across (larger than pictured) of a delightful shell-pink with deeper center. Unique and attractive in the garden and simply marvelous for cutting. Makes a very bushy, rounded plant 2 feet tall. Starts blooming around September 25th. **Each \$1.00, 3 for \$2.50**

M 820 Crimson Glory. This is Lehman's sensational new red Mum. Almost exactly the same rich crimson color as the popular Crimson Glory Rose. Makes a rather upright, well-branched plant with striking deep red flowers 3 to 3½ inches across. Starts blooming in September and is a glorious sight for weeks. By far our best red Mum. **Each 85c, 3 for \$2.25**

M 864 Prairie Sunshine—You will recognize the picture in the top left as Golden Thrill. Due to the tremendous demand in past years we exhausted our supply so completely that we do not have enough to list. In place of Golden Thrill we are using Prairie Sunshine, large 3 to 4-inch, fully double flowers of the most brilliant yellow you ever saw. Grows 30 inches tall and is covered with gorgeous blooms from August until freezing, almost 3 full months of color. Created by Glenn Viehmeyer of Nebraska University, it is one of the greatest Mums in all America. **Each 85c, 3 for \$2.25**

M 826 Frosty (P.R.R.). A new Mum introduced by Inter-State spring 1956. Large, incurved flowers, much larger than pictured, 4 to 5 inches across, pure snow-white when open. The buds have a delicate lavender tinge. Starts blooming in mid-September and in a few days is almost a solid mound of white. It is the best early blooming, incurved white. **Each \$1.00, 3 for \$2.50**

M 813 Aristocrat has everything expected of a great garden Chrysanthemum. Large, fully double flowers, 3 to 4 inches across; vigorous plant with healthy foliage; clean, lovely color; perfectly formed flowers and a prolific bloomer. From mid-September until freezing the 2-foot plants are covered with flowers of deep cerise with overtones of bright rose. **Each 85c, 3 for \$2.25**

M 812 Aksarben—New, Unusual, Beautiful Golden "toast 'n honey" Mum is the most unusually colored Mum we have ever seen—a golden "toast 'n honey" with reddish-bronze inside the petal points. The first of a new race of Mums from Viehmeyer, double quill style with perfect form. Delightful for arrangements, magnificent in the garden, you'll enjoy golden-brown Aksarben for many weeks in the fall. **Each 85c, 3 for \$2.25**

Garden Chrysanthemums

We guarantee this collection of 12 Mums to be the finest in America

All of the Mums we send you are growing, potted plants which we have tested and found to be the best for outdoor planting. Mums are usually shipped later and separately from other perennials and nursery stock. All Inter-State Mums carry the following guarantee. When they bloom in your garden next fall, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the Mums. All Mums Are Postpaid.

M 822 Bronze Giant. This new variety is one of Lehman's very best. Huge flowers, 5 inches or more across, of glorious, intense bronze. The vigorous upright plants grow 30 inches tall and produce dozens of magnificent blooms of our favorite fall color. Blooms mid-September until freezing. **Each \$1.00, 3 for \$2.50**

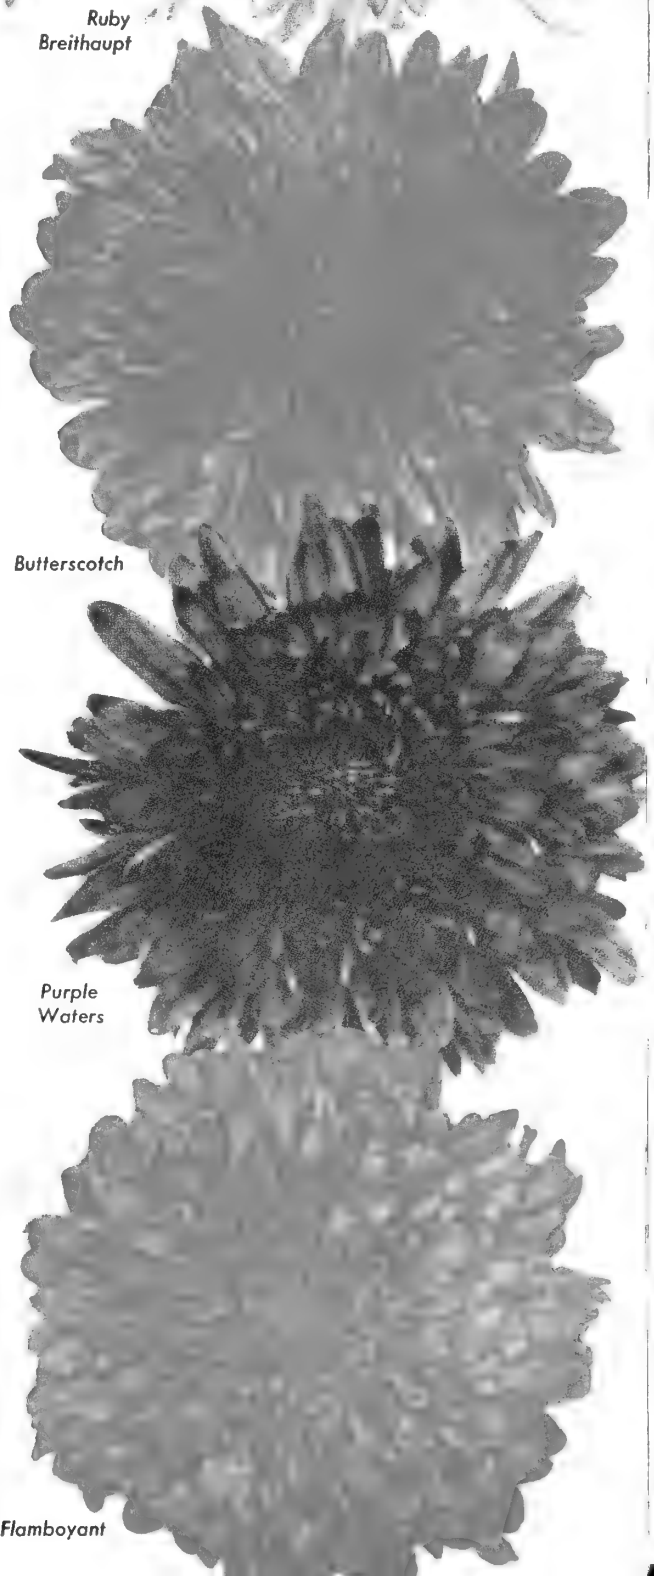

M 825 Dr. L. E. Longley. One of the finest of all Mums and by far the best of its color, an exquisite rosy-lavender. Starts blooming in late August and is simply covered for weeks with lovely 3-inch flowers. **Each 85c, 3 for \$2.25**

M 858 Ruby Breithaupt. A late introduction of Dr. Kraus and we consider it one of his best. This variety created more interest than any other Mum in trials last autumn. And no wonder, with its immense, informal type flowers and rich coloring. The vigorous 30-inch plants with luxuriant, deep green foliage are an attraction themselves. Starts blooming in late September with flowers of creamy-white deepening to primrose yellow in the center. You will enjoy it in your own garden this fall. **Each \$1.00, 3 for \$2.50**

M 817 Butterscotch, another new Kraus masterpiece, was a thrilling sight to see here at Hamburg last fall. From mid-September until freezing weather in late October, people who visited our nursery were fascinated by its panorama of color. The first flowers are a pure golden yellow. Then, they become a deep golden amber, one of the finest of all fall colors. The large 3½ to 4-inch semi-incurred flowers are borne in profusion on the healthy, 30-inch plants. **Each 85c, 3 for \$2.25**

M 839 Purple Waters, a Lehman creation, is the best large flowering purple Mum we know. The perfectly double, 3 inch flowers completely cover the 2-foot plants from mid-September until freezing. Striking in the garden or in bouquets. **Each 85c, 3 for \$2.25**

M 834 Flamboyant. For the most spectacular coloring in Mums, plant Flamboyant. It creates a parade of ever changing color from late August until early October. The 3-inch flowers open a bright tangerine-red changing to warm orange and then golden bronze. A star attraction in any planting. **Each 85c, 3 for \$2.25**

Inter-State's *Four Queens* America's Finest Cushion Mums For Glorious Fall Colors

**WILL GIVE YOU BUSHEL'S
OF BLOOMS THIS FALL!**

Yellow
Queen

Crimson
Queen

Bronze
Queen

Purple
Queen

Visitors last fall were amazed at the spectacular beauty of our fields of Mums. These New Varieties of Cushion Type Chrysanthemums were particularly outstanding. In the first place, they make perfect plants, about two feet tall and two to three feet wide. So full of flowers that you cannot see the foliage. They start blooming in early September and continue right up to severe frosts. They literally produce Bushels of Blooms. Marvelous coloring for the garden and you pick bouquet after bouquet and scarcely miss a flower. The flowers are two to two and one-half inches across and completely cover the entire plant.

M 815 Bronze Queen—The flowers have perfect fall coloring, golden bronze with touches of copper and tangerine. A tremendous bloomer.

M 824 Crimson Queen—By far the finest Red Cushion Mum we have ever seen. The color is rich shining crimson. A perfect mound of bloom.

M 843 Purple Queen—When you see this for the first time, it really gives you a thrill. No flower in your garden will create a greater sensation. The rich purple flowers are lovely from the first opening bud until severe freezes.

M 853 Yellow Queen—The richest bright clear yellow, a color that lights up the entire yard. In the garden, in a bouquet, it is outstanding.

ENCHANTING NEW MUMS

We maintain each year one of the most extensive Mum tests in America. This year we had on trial here at Hamburg, more than 200 named varieties and numbered seedlings. From this extensive trial and test plantings we have selected the Mums listed on this page and pages 56, 57, 58 as the very best. Plant some this spring and you will have hundreds of colorful flowers from late August until severe frosts. Mums make delightful bouquets with their gay colors and they last for many days. All Mums are Postpaid.

Your Choice, Alike or Assorted, 9 Mums Below
Each 85c, 3 for \$2.25 Postpaid

M 847 Mesa—New for 1960 this is the first of a new race of Mums from Glenn Viehmeyer of Nebraska North Platte Experiment Station. The flowers remind you of huge Daisies, 4½ to 6 inches across, borne singly on long stems fine for cutting. There are 6 to 8 rows of the long rather fluffy petals of lively pink surrounding a center of gleaming gold. 2 feet tall.

M 848 Mustang—new for 1960 from Viehmeyer. This makes a healthy, sturdy plant nearly 2 feet tall and 2 feet wide that winds and rains do not bother. The flowers are large, double, 4 to 6 inches across, and completely cover the plant from late August to hard frosts. The color is a dynamic orange. Blooms singly, long lasting on the bush and when cut.

M 838 Mikado—New, makes a well-branched plant nearly 3 feet tall. Large, velvety Turkish-red flowers of the football type.

M 835 Champagne—An entirely new color in Mums, ivory-shell-pink, one of Lehman's best. Large flowers on strong, well-branched plants.

M 851 Golden Fantasy—Rich, brilliant yellow flowers in unique split-petal form. New and very fine.

M 836 King's Ransom—The tall, upright plants are topped with huge flowers of shining golden-yellow. Healthy, vigorous plants 3 feet tall produce long stems excellent for cutting.

M 837 Lady Fair—The tantalizing recurved blossoms are a beautiful soft lavender shaded orchid-pink, 3 inches across. Tousled, cactus style flowers.

M 846 Princess Kay—Lovely, pure-white, fully-double flowers cover the healthy plants like a mound of snow. New from Lehman.

M 854 Raggedy Ann—A giant cushion 2 feet tall and over 2 feet wide, like banks of snow for two months in early fall. Unique carnation style flowers of pure white with orchid tints.

INTER-STATE'S *Colorful Daisies*

M 241 Pyrethrum (Painted Daisy)—This is the superb Robinson strain, the finest we know. The flowers are larger and brighter colored, the most gorgeous reds, fine pinks and pure whites, all mixed to blend beautifully. Long stems fine for cutting. Blooms profusely in the spring and early summer. Grows about 24 inches tall. We are making a very special price so that you can plant them freely. The finely-cut foliage is attractive in itself when the plant is not in bloom. It can be used in bouquets and arrangements.

SHASTA DAISY— *Pictured below*

M 265 Few perennials can equal this for the astonishing number of cut flowers it will produce in June and July. Also attractive in the garden. Large, glistening white blooms with rich yellow center. Long 2-foot stems fine for cutting. Add just a little greenery and only a few of these flowers make a lovely bouquet. You can plant all Shasta Daisies either in full sun or with some afternoon shade. Strong, field-grown plants, that will bloom freely this season and even more next year. Daisies are one of our most popular perennials. With very little care or attention they will give you beautiful flowers for many weeks.

Each 60c, 3 for \$1.50 Postpaid

Giant Alaska Shasta Daisy

IMPROVED ESTHER READ

SHASTA DAISY— *Pictured below*

M 267 For many years we have been searching for a double Shasta Daisy that would stand our winters. Here is one which has proven rugged enough to withstand our winter weather. The flowers are simply marvelous. Large, 3 to 3½ inches across, fully double, snow-white with a golden touch in the center. They commence blooming in early summer and continue right up into fall. The flowers come singly on long stems, fine for cutting. Each flower lasts a long time in the garden and also when cut. It is such a strong grower and free-bloomer, that you will get many bouquets **THIS VERY FIRST SUMMER**. And next summer a great deal more. Selected field-grown plants.

Each 75c, 3 for \$1.95 Postpaid

Improved Esther Read Shasta Daisy

MARCONI FRINGED

SHASTA DAISY— *Pictured below*

M 263 There are several lovely fringed Shasta Daisies but this is the only one that we have found which will live and bloom for years. The flowers are large, 3 to 4 inches across, with narrow, frilled petals, snow-white with a bright yellow center. Flowers are borne singly on long stems, long-lasting in the garden and also when cut. Grows almost 2 feet tall and blooms very freely in late spring and early summer. A hardy, healthy, vigorous grower that can be divided every 2 or 3 years. At small cost you can have many dozens of lovely flowers. Will bloom this summer. We send you hardy, selected field-grown plants.

Marconi Fringed Shasta Daisy

Glorious Perennials

THAT BLOOM FOR WEEKS

SALVIA PURPLE SPIRES

M 253 Salvia Purple Spires (Superba Compacta)—This grand new perennial is a sight to behold all summer. The spires of rich royal purple cover the entire plant for many weeks. And, if you cut off the old flowers, it will produce new blooms right up to frost. Perfectly hardy, easy to grow in full sun or part shade. It makes a vigorous plant 18 to 24 inches tall with attractive foliage. Be sure to add Purple Spires to your perennial garden this spring.

Each 85c, 3 for \$1.95, Postpaid

Salvia Purple Spires

Perennial Sweet Peas

(Lathyrus) have long been a favorite of many flower lovers. The vine-type plants with their delightful flowers during July and August are marvelous for porches, trailing over banks, caves, trellis and fences. The flowers are larger than the annual sweet peas and are fine for cutting. The stems die down over winter and vigorous new growth comes from the roots each spring. Your choice, POSTPAID.

NOTICE—Our experience shows that perennials do better when planted after the ground begins to warm up. Therefore, we ship perennials 2 weeks or so later than Roses, Shrubs and Trees which can be planted earlier. If you order both perennials and Roses, Shrubs or Trees, you will receive 2 or more shipments before your order is complete.

COREOPSIS, Golden Shower

M 89 Coreopsis, Golden Shower. This is one of our best hardy new perennials. The bright yellow star-like flowers, 1 to 1½ inches across, are produced for many weeks right through the hottest summer weather. The bright green, feathery foliage is attractive in itself. Makes a neat, bushy plant 24 to 30 inches tall that will brighten up a dull corner or add color to a border.

Each 60c, 3 for \$1.50, Postpaid

Coreopsis, Golden Shower, Above
Penstemon, Indian Jewels, below

PENSTEMON, INDIAN JEWELS

M 237 Penstemon Indian Jewels (Flathead Hybrids). New, another creation of Mr. Glenn Viehmeyer of the Nebraska Experiment Station of North Platte, Nebraska. Indian Jewels captures all of the beauty and vigor of the native Penstemons of the western prairies with the exquisite form of the garden varieties. They bloom over a period of many weeks in early summer and, if the old stems are cut off, new stems will appear producing even more flowers. The colors range from beautiful shades of red from crimson to scarlet and rose, charming hues of pink, lavender, purple and even a few touches of blue. A very low price for an outstanding new perennial. Select field-grown plants. Postpaid.

Each 50c, 3 for \$1.25, 6 for \$2.25

PENSTEMON, PINIFOLIUS

M 230 Penstemon, Pinifolius—Glenn Viehmeyer found this delightful perennial while prospecting for new plants in the Rocky Mountains. After testing it here at Hamburg for several years, we agree with him that it has splendid possibilities as a hardy evergreen perennial. Grows only 3 to 4 inches tall but spreads out 12 to 18 inches making it fine for borders or rock gardens. The foliage remains green all year, then in late spring it shoots up 6-inch spikes of dainty red flowers. Prefers full sun but thrives even in poor soil. Postpaid.

Each \$1.00, 3 for \$2.75

Beautify Your Home

Creeping Phlox STAYS GREEN ALL WINTER

Creeping Phlox (Subulata)—Grows scarcely 4 inches tall. Moss-like foliage stays green all winter. In the spring, completely covered with flowers. Thrives in sun or part shade. Fine for covering bare spots, for borders and edging, for rock gardens. Hardy, easy to grow. These are large field-grown plants that can be divided into 3 to 6 divisions per plant, a tremendous value. These are new improved varieties. Postpaid.

Creeping Phlox, for covering bare spots

Gypsophilas Pictured at right

Mix a little lime with the soil before planting all Gypsophilas. All are hardy, prefer sunny spot and make bushy plants 2 to 3 feet tall.

M 149 Gypsophila, Bristol Fairy—Large panicles of small, perfectly double white flowers produced profusely all summer. A favorite for bouquets. Our plants are grafted.

Each 75c, 3 for \$1.95, Postpaid

M 148 Gypsophila, Oldhamiana Pink—Masses of light pink flowers August to frost. Lovely in the garden, fine for cutting.

Each 45c, 3 for \$1.15, Postpaid

M 150 Baby's Breath, Snow White (Gypsophila Pan. fl. pl.)—In July-August, completely covered with very small double white flowers. Lovely in the garden, unequalled for bouquets. This is best for winter use.

Each 45c, 3 for \$1.15, Postpaid

STOKESIA BLUE DANUBE

New Improved Stoke's Aster

M 280 Stokesia, Blue Danube. This fine perennial should be in every garden. The large rich blue flowers reach 5 to 6 inches across, blooming from June to September. It makes a neat compact plant that produces strong stems 12 to 18 inches tall topped with gorgeous flowers. Easy to grow, perfectly hardy and blooms profusely all summer. This is a new, improved variety which gives you more and larger flowers than Blue Moon.

Each 75c, 3 for \$1.95, Postpaid

M 211 Nepeta, Blue Wonder (Ground Ivy). This makes a perfect ground cover as it grows only 8 inches tall and 1½ to 2 feet wide. The foliage is an attractive silvery-gray. Bright blue flowers all summer.

Each 45c, 3 for \$1.15, Postpaid

M 26 Artemisia, Silver Mound is one of the most striking new hardy perennials. Grows less than a foot tall and 12 to 15 inches wide. The color of the fernlike foliage is the most pleasing, clearest silver-gray you ever saw. Wonderful for borders. Prefers a sunny location but does well in part shade.

Each 75c, 3 for \$1.95, Postpaid

Japanese Iris, THE RAINBOW IRIS, Pictured Above

M 182 Japanese Iris, Kaempferi, The Rainbow Iris. Called Children of the Gods in early days because of their gorgeous colors. Few plants can compare with them for spectacular beauty. Bloom in June and July. Large flat flowers, some as large as dinner plates, atop strong stems nearly 3 feet tall. The foliage itself is attractive. When planting, cover the crown with 2 inches of soil. Like a sunny spot, rich soil and abundant moisture, especially early in the season and when blooming. They like an acid soil (the average soil is slightly acid), and will not tolerate lime. Grown from coast to coast. Priced low for extra fine plants. This spring we can supply only a fine mixture of many colors: white, blue, purple, yellow, pink.

Mixed Colors Each 60c, 3 for \$1.50, 6 for \$2.65 Postpaid

Geranium Alpinum

M 52 Geranium, Alpinum—After several years of thorough testing of this perennial here at Hamburg, we are offering this completely hardy, low growing plant for the first time this spring. It makes a neat, compact plant less than 12 inches tall and 12 to 24 inches across, ideal for borders or rock gardens. The purple-blue flowers are produced almost all summer long, a colorful spot wherever you plant it. Thrives in full sun or part shade, not particular as to soil but, like all perennials, it requires good drainage. We send you healthy, No. 1 field-grown plants that will bloom the very first summer.

Each 85c, 3 for \$1.95, Postpaid

M 21 Achillea, Emerald Isle (Millifolium). Develops into a rounded plant 12 to 15 inches tall which produces white flowers on long stems during the summer. But the real beauty of this plant is the rich green coloring of its fern-like foliage. Ideal for borders.

Each 60c, 3 for \$1.50, Postpaid

Below, Hardy Veronicas

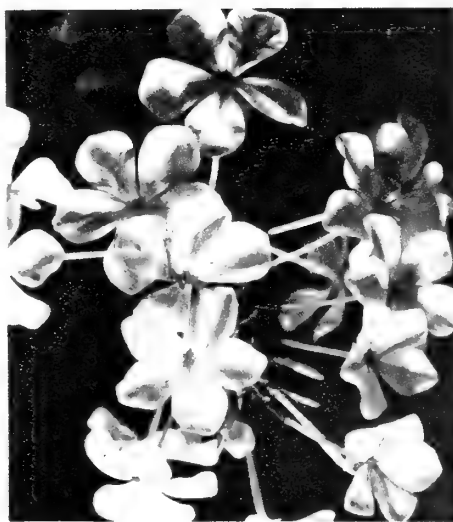

Above, Vinca Minor, grows in full shade

Vinca Minor, our best ground cover

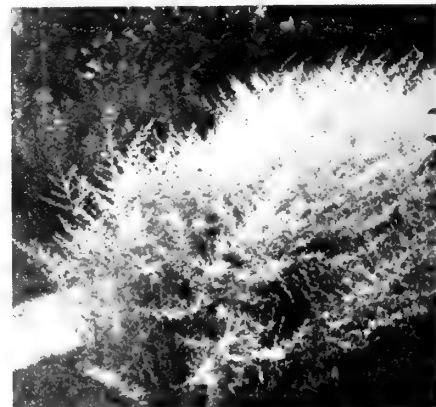

M 259 (Periwinkle). This is by far our best ground cover, an improved strain which produces more and larger flowers. In early summer it is a profusion of bright blue flowers set off beautifully by glossy green foliage that stays green summer and winter. It is fine for covering banks and bare spots, even under trees where grass will not grow. This Vinca not only is exceptionally good for planting in shady, hard-to-grow places, but it also grows in full sun or part shade. We send you 4 divisions in a bunch. Plant these divisions 4 to 6 inches apart and in a year or two you will have a solid carpet of green. Excellent to plant around Lilies as it protects their roots summer and winter. Especially here in the mid-west, it is the best ground cover we know.

Bunch, Each 40c, 3 for \$1.00, 12 for \$3.45

Plumbago, above

M 239 Plumbago—The open flowers are a rich blue, the tiny buds a bronzy-red, giving the entire plant a beautiful and unusual appearance. Always in bloom from July to frost. For an edging plant or a low growing solid bed, it simply cannot be beat. Grows only 6 inches tall. **Each 65c, 3 for \$1.65, Postpaid**

Artemisia, Silver King, above

M 25 Artemisia, Silver King—This hardy plant is highly prized because of its frosty silvery-white foliage. It is attractive in the garden and much used in bouquets and arrangements. Also can be cut and kept for winter use. Grows 2 to 3 feet tall, in sun or a little shade, any ordinary soil. Once planted, it will come up year after year.

Each 60c, 3 for \$1.50, Postpaid

Hardy Veronicas

M 291 Veronica, Icicle—A new variety with pure white flowers on graceful spikes 15 inches tall. Blooms from midsummer into fall. Makes a healthy, vigorous plant with the richest dark green foliage, attractive in itself. Hardy, easy to grow, in sun or part shade. Fine in the garden or in bouquets. The more you cut it, the more it blooms.

Each 75c, 3 for \$1.95, Postpaid

M 289 Veronica, Sunny Border Blue—Should be in every garden. The deep blue flowers are produced from July into September on 18 to 24-inch stems. Hardy, it gets better each passing year. Especially fine in the garden border and excellent for cutting.

Hardy Easy-to-Grow Perennials For A

Helenium Copper Spray, above

McKana's Giant Columbine

ALL AMERICA AWARD WINNER

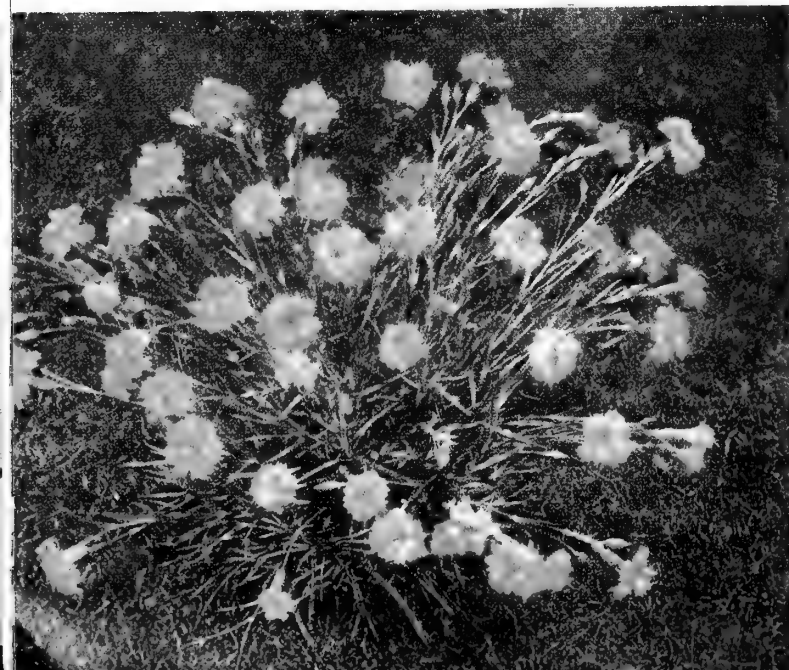

M 85 McKana's Giant Columbine is the first and only perennial ever to win the All America Seed Selections Award. Plant them in your garden and you will see for yourself this very spring why they won this coveted award. The flowers are huge, many 4 inches across, with 4 to 5-inch spurs, far larger than any other Columbine we have ever seen. The colors are simply exquisite, vivid yet not bold or gaudy, shades of red, rose, pink, yellow, cream, white, lavender, purple, blue, some self-colored, but mostly pleasing combinations. We assure you that they are far more beautiful and attractive and larger than pictured. Our field-grown plants will all bloom for you this spring, the Larger Select Plants will naturally produce more flowers. They grow 2 to 3 feet tall, thrive in ordinary soil and prefer slight shade. Hardy, they will come up year after year. Lovely in the garden and add grace and beauty to a bouquet. Grown in a grand assortment of colors, mixed, a beautiful harmonious blend. POSTPAID.

GIANT OLYMPIC, America's Finest Hardy Garden Lily

B 79 Created by Jan de Graaff. The huge, trumpet-shaped flowers are 7 to 9 inches long and 5 to 6 inches across, blooming in great clusters on husky stems 4 to 6 feet tall. This is a special selected strain grown from seed which gives a pleasing variation of colors from cool icy green, shades of yellow, pink to white with a golden throat and shades of pink on the outside. THEY WILL BLOOM IN YOUR GARDEN THIS SUMMER in July. Plant in a well-drained spot 7 inches deep. Postpaid.

Large Bulbs (6 to 7 inches around) Each 65c; 3 for \$1.65, 6 for \$2.95

New Hardy Lilies

Mid-Century Hybrid Lilies

B 88 Mid-Century Hybrid Lilies. An outstanding cross which was thought impossible until accomplished recently by Jan de Graaff. Very hardy, they grow and thrive everywhere even under adverse conditions. The range of colors is superb, shades of yellow from canary to gold, apricot, pinks, rose, salmon, many shades of red. The blooms come in clusters on strong stems 3 to 4 feet tall. Plant in a well-drained spot, full sun or partial shade, 7 inches deep. They will come up year after year, multiplying and increasing in beauty. Beautiful in the garden and excellent for cutting. Top Size Bulbs (5 to 7 inches around)

Each 65c, 3 for \$1.65, 6 for \$2.95, Postpaid

B 87 Enchantment (P.P. 862). In June-July, it is a blaze of color, vivid rosy-flame flowers, 4 to 5 inches across, on stems 3 feet tall. One of the most beautiful and prolific of all Lilies. Postpaid.

Top-Size Bulbs (5 to 6 inches around) Each 75c, 3 for \$1.95

B 83 Philippine Lily, White Superior (Formosanum). Delightfully fragrant, trumpet-shaped flowers, 7 to 8 inches long of pure white. Blooms in mid-August on stems 4 to 6 feet tall. Postpaid.

Selected bulbs (5 to 6 inches around) Each 50c, 3 for \$1.35

B 84 Red Coral Lily (Tenuifolium). The small, fragrant, bright red flowers are so attractive in late spring and early summer. Grow 18 to 24 inches tall. Especially fine for rock gardens and nooks. Postpaid.

Top Size Bulbs (4-6 inches around) . . Each 35c, 3 for 85c, 6 for \$1.45

B 65 Rubrum Many think this is the most beautiful of all hardy Lilies. Flowers are bright pink edged white, with small maroon spots. Blooms in August and September on strong stems 3 to 4 feet tall. The reflexed wavy flowers are lovely in the garden and fine for cutting. Postpaid.

Giant Bulbs (8 to 9 in. around) . . Each 85c, 3 for \$1.95, 6 for \$3.45

Mid-Century Hybrid Lilies

Gold Banded AURATUM LILY Pictured Below

B 68 Auratum Platyphyllum. This is the best strain of one of the world's most beautiful Lilies. The flowers are even larger than pictured, huge trumpets, 5 to 7 inches across. They are waxy white with small crimson spots and each petal has a center stripe of golden yellow. When established, the stems are 4 to 6 feet tall with up to 25 flowers on a single stem. Blooms from late July into September. These American-grown bulbs cost a little more than the imported bulbs but are well worth it, producing more and larger flowers. Plant 7 inches deep. Postpaid.

Large Bulbs (7 to 8 in. around) . . Each \$1.50, 3 for \$3.75

AURATUM VIRGINALE New for 1960

B 74 Auratum Virginale -Visitors to our nursery last summer were overwhelmed by the thrilling beauty of this white form of the famous Auratum Platyphyllum. It has the same huge flowers and vigorous plants but WITHOUT THE SPOTS. Be sure to add this spectacular Lily to your garden this spring. Postpaid.

Large Bulbs (6 to 7 inches around) Each \$2.00

Crimson Beauty, above

Crimson Beauty Lily

B 80 The striking flowers of this fine Lily are much larger and more attractive than pictured above. The color is a distinctive crimson. Blooms freely in early summer in upright clusters, on stems 18 to 20 inches tall. After it is established, it is nothing unusual to have 25 flowers on a single stem. Very hardy and easy to grow, thrives everywhere all over America. Plant 7 inches deep. It will come up year after year, for a lifetime, getting more beautiful each passing year. Postpaid.

Selected Bulbs (6 to 7 inches around) Each 75c, 3 for \$1.95

INTER-STATE'S

Grand Champion Glads

Out of the hundreds of Gladiolus varieties we selected these 5 as the very finest. They are true Grand Champions. In the Gladiolus shows throughout America each variety wins the Blue Ribbons for its color and Spic and Span is recognized as the greatest of all Glads today. When they bloom this summer, if you are not thrilled, just tell us so and your money will be refunded and no questions asked. Wonderful long spikes, perfect flowers 4 to 6 inches across, gorgeous bouquets of breathtaking colors. POSTPAID.

Early Red, the brightest of all red Glads, is described on page 71.

DOUBLY GUARANTEED

1. Guaranteed to please you when you get the bulbs.
2. Guaranteed to please you when they bloom this summer.

When you receive the bulbs, if you are not satisfied, return just one-half of them and we will refund the money you paid us for all of them. When they bloom, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the glads. Finest of all flowers for cutting.

NEW VARIETIES • BETTER COLORS • LARGER SPIKES

Here we offer you one of the finest selections of Gladiolus (Glads for short) in America. Many are new, all are good. The ratings mentioned under various varieties below are the results of the voting by the Gladiolus Symposium, which is made up of both Exhibition and Commercial growers. They have excelled in form, flower placement, vigor and color. Glad bulbs are ideal gifts for a relative or friend. We will ship direct to them, Postpaid, enclosing a gift card with your name.

Because we take great care in selecting our Glads we sell them by the millions, sending them to every state. We offer 2 sizes of bulbs. The LARGE are 1 1/4 to 2 inches across (diameter) and the MEDIUM are 1 to 1 1/4 inches across. All will bloom this summer, the larger bulbs producing bigger spikes. They are so easy to grow. Plant them 5 to 6 inches deep and 6 inches apart. Make your first planting when you make your early garden. Then make several plantings, 2 weeks apart and you will have the lovely flowers for many weeks. Takes around 75 days from planting to blooming. ALL GLADS ARE POSTPAID.

Glads By Color

This special offer is made for those who enjoy fine Glads by separate colors, yet do not care to bother keeping record of the names. The same beautiful varieties as listed on pages 71 and 72 are included, each color sacked separately. The MEDIUM BULBS are 1 to 1 1/4 inches across (diameter) and the LARGE BULBS are 1 1/4 to 1 1/2 inches across (diameter). Both sizes will bloom this summer but the larger bulbs produce longer spikes. WE GUARANTEE BOTH SIZES TO PLEASE YOU, WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER. We have selected the six most popular colors. If you bought these very same Glads by name, they would cost you considerably more. **Postpaid.**

Landmark—top, Little Pansy—bottom, All America Glads for 1960

ALL AMERICA GLADS

These new All America Glads were selected after years of testing by Gladiolus judges from all sections of America. They were judged as to beauty of color, flower form and placement, flower opening, size of spike and vigor. We guarantee them to please you.

Your Choice, 5 All America Glads, below. Postpaid.

Large Size Bulbs, Each 35c, 3 for \$1.00, 12 for \$3.45

ALL AMERICA GLADS FOR 1960

Y 90 Landmark (P.A.F.)—A giant among Glads, truly deserving of the All America Award. Large 5 to 6 inch beautifully ruffled, rich cream flowers are carried on unusually strong stems—10 to 14 florets open at once—a gorgeous sight.

Y 99 Little Pansy (P.A.F.)—All America's first Table Glad or Tiny Tot. The rich, velvety blue "blotch" adds an elegant touch to the lively, light violet florets. Perfect for table bouquets or arrangements, it grows 30 inches tall with 16 to 18 exquisite florets. Bulbs are 1 inch or more across, each one guaranteed to bloom this summer.

1958 and 1959 All America Glads, see prices above

Y 96 Emperor (P.P. 1655)—1958 All America Winner, a spectacular combination of regal purple with ermine-white throats.

Y 95 Joyous (P.A.F.)—The large ruffled florets of rich, velvety rose are borne in elegant splendor. 1959 All America.

Y 98 Sparkler (P.P. 1741)—This 1959 Winner is a gay combination of sparkling clear yellow with a bright red throat.

YY 97 1 Each of All 5 All America Glads, All 5 for \$1.50

Y 23 Early Red—When we first saw "Early Red" blooming in Dr. Knight's garden we knew this was the red Glad we were waiting for. The most beautiful, pure red color one can imagine in a flower. Delicately ruffled 4 to 5 inch flowers on strong spikes. New and very scarce.

	3 for	6 for	12 for	25 for
Large....	75c	\$1.35	\$2.35	\$3.95
Medium.	60c	.95	1.65	2.95

Y 19 Dark David—The deep velvety crimson flowers are ruffled to perfection. The huge florets are perfectly placed on tall, strong stems. The best "black" red.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium.	40c	70c	1.25	2.15

Y 26 Fire Gleam—Large flowing scarlet-red. The beautifully ruffled flowers on tall straight spikes with the brilliant color make this one of the top new red Glads.

	3 for	6 for	12 for	25 for
Large....	50c	90c	\$1.65	\$2.95
Medium.	40c	70c	1.25	2.15

Y 29 Florence Nightingale—The highest rated of all white Glads both by commercial growers and the florists. The tall spikes, large flowers, beautifully ruffled, snow-white with light ivory throat are impressive both in the garden and in a bouquet, truly a Grand Champion. Pictured on page 70.

	3 for	6 for	12 for	25 for
Large....	45c	80c	\$1.45	\$2.65
Medium.	35c	55c	1.00	1.85

Y 11 Brown Lullaby—presents an entirely new color effect in Glads, shades of brown accented by a red feather in the throat with a silver picotee outlining each petal. Add this to your garden for something new, unusual and beautiful. 3 for 6 for 12 for 25 for
Large.... **75c \$1.35 \$2.35 \$3.95**
Medium.. **60c .95 1.65 2.95**

Y 28 Friendship—Beautifully ruffled, perfect form on tall straight stems and the color is the purest pink with an ivory-white throat and a frosty sheen over the entire flower as if sprinkled with powdered stars. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 33 Gold—One of the highest rated of all yellow Glads by those who are the final judges of a great flower, the florists. The perfect spikes are almost four feet tall of the most beautiful, ruffled, rich golden-yellow flowers. When you see it bloom you'll know why it always wins the Blue Ribbons. Pictured on page 70. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 16 Green Ice—The best of the new "Green" Glads—a light chartreuse shading deeper in the throat that blends well in bouquets. Produces fine, long spikes with up to 22 buds per spike, a superb exhibition flower. For something new, unusual and different, try Green Ice this spring. 3 for 6 for 12 for 25 for
Large.... **75c \$1.35 \$2.35 \$3.95**
Medium.. **60c .95 1.65 2.95**

Y 35 Harry Hopkins—The flowers of this new Glad are enormous, perfect form and the color is a rich ruby-wine that fairly glistens and does not fade or fleck. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 43 King David—This has been a show winner since it was first introduced. The rich, velvety purple flowers have a faint silver picotee. The tall, tapering spikes reach over 4 feet tall. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 44 Leif Erickson—We call this new variety the "Chartreuse Glad." The buds are a delicate chartreuse opening to lovely ruffled flowers of deep cream. A vigorous, healthy variety with 7 to 9 flowers open at once. For something new, unusual and beautiful plant some this spring. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 41 Lorelei—The most talked about new Glad in America today. The lovely ruffled florets of glistening pure cream are beautifully displayed on tall graceful spikes. Healthy bulbs that produce strong stems with large enchanting flowers. It is rated the No. 1 Cream both by the exhibition and commercial growers. 3 for 6 for 12 for 25 for
Large.... **60c \$1.00 \$1.85 \$3.25**
Medium.. **45c .80 1.45 2.45**

Y 51 Mother Fischer—This and Florence Nightingale are rated as the finest of all white Gladioli. Both are magnificent. Every bulb of Mother Fischer will produce a perfect spike of beautifully ruffled flowers as pure white as new fallen snow. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 54 Noweta Rose—Carl Fischer, one of America's top hybridizers, considers this his most sensational Glad. A true Grand Champion. Straight, strong spikes often 5 feet tall with flowers 5 to 6 inches across, ruffled, a sparkling deep lavender-rose. Plant the bulbs an inch or two deeper than others because the spikes are so tall and heavy. Pictured on page 70. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 58 Pactolus—This new Glad is the most spectacular and brilliantly colored we have ever seen. Reminds you of a bright setting sun in an amber evening. The flowers are nicely ruffled, a glowing apricot-gold with brilliant orange-red blotch. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 59 Palette—The most unusually colored glad we have ever seen, brilliant vermilion red with a purple blotch. For those of you who want the very latest and something different yet beautiful, try Palette this spring. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 56 Prospector—This great new yellow Glad has everything—beautiful ruffles, rich yellow color, perfect placement, and healthy bulbs that produce strong tall spikes. A golden-buff shading on the lower petals adds a lovely artistic touch. 3 for 6 for 12 for 25 for
Large.... **60c \$1.00 \$1.85 \$3.25**
Medium.. **45c .80 1.45 2.45**

Y 67 Red Charm—Without question this is one of the very best crimson Glads grown today. The flowers are large, perfect form, many open at once and come on tall straight stems. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 69 Red Radiance—Smooth velvety textured brilliant scarlet without any markings. Large flowers 5 to 5½ inches across on tall stately spikes, opening 7 to 9 florets at one time. One of the highest rated of all Glads both for commercial growers and the home garden. 3 for 6 for 12 for 25 for
Large.... **60c \$1.00 \$1.85 \$3.25**
Medium.. **45c .80 1.45 2.45**

Y 74 Salman's Glory—The name is confusing. Salman is the name of the originator and not the color. In fact it is a huge creamy-white with a large red blotch edged yellow. Big, stately, tall spikes. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 75 Salman's Sensation—America's top rated blue Glad far better than Ravel or Blue Beauty. The spikes are simply huge, up to 5 feet tall with 15 to 20 florets of enchanting violet blue. This is truly the "sensation" of all Mr. Salman's great Glad introductions. 3 for 6 for 12 for 25 for
Large.... **60c \$1.00 \$1.85 \$3.25**
Medium.. **45c .80 1.45 2.45**

Y 65 Sans Souci—Far brighter than pictured on page 70. We picked this new scarlet—as the best of all the new red Glads. Its easy grace, perfect form and glowing color makes it a standout in any planting or any bouquet. Fast becoming an all time favorite with the florists. You will find it on the Grand Champion table at every show. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 71 Sierra Snow—Considered one of the finest new whites. The name is perfect for the tall, strong spikes with large flowers as white as new fallen snow. Many large, ruffled florets open at once. Should be in every glad garden. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 77 Southern Belle—One of the finest new novelties. A rich pink with contrasting ivory throat overlaid with a smoky haze of silvery blue. Tall, perfect spikes of ruffled flowers so unusual and different yet lovely and charming. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 63 Sparkling Eyes—One of the most startling, eye-catching glads we have ever seen, sparkling white with a glowing purple blotch in the throat. Magnificent for bouquets, appealing in the garden. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 79 Spic and Span—Recognized as the greatest of all Glads regardless of color. This Grand Champion is the highest rated of all Glads both by Exhibition and Cut Flower Growers. It has everything a winner should have, beautiful flowers, perfect form, wonderful spikes, excellent grower and rich color. Produces 20 or more ruffled, deep pink flowers on extra long spikes which never crook. Pictured on page 70. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 73 Spotlight Yellow—Now and then a new variety is created which seems to stand head and shoulders above everything else. Here is just such a Glad. Large blooms of perfect form. The color is a clean, clear, yet brilliant yellow with small red mark in the throat which greatly enhances its beauty. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 78 Sweet Sixteen—A pure sparkling light pink that we have never seen in any other flower. Perfectly formed and perfectly spaced flowers on tall stately spikes reaching 5 feet have made this a favorite with glad lovers everywhere. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 76 The Rajah—We rate this new Glad as the finest, most beautiful of all purples. The tall spikes are almost shoulder high, with large ruffled flowers of lustrous true-purple. Makes an ordinary bouquet a prize winner. Every bulb will produce a perfect spike. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 81 Traveler—A delicate rose-lavender. We rate this great new glad better even than the famous, Elizabeth the Queen. Traveler has taller spikes, more flowers, finer color. Be sure to try some this spring. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 55 Violet Charm—One of the most unusually colored glads we know, an elegant shade of light lavender-violet with a deeper violet blotch in the throat tipped with a rich cream. Pleasingly ruffled flowers are perfectly placed on tall, strong spikes. 3 for 6 for 12 for 25 for
Large.... **50c 90c \$1.65 \$2.95**
Medium.. **40c 70c 1.25 2.15**

Y 83 White Goddess—Very new and conceded to be right at the top of the large ruffled whites. A magnificent spike, very heavily ruffled flowers of heavy substance. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

Y 84 White Gold—When this blooms in your garden, you will call over the neighbors. The size is huge, the color is a satiny white shading to gold. We think every Glad we list is beautiful but here is one that not only is beautiful, it is impressive, it is amazing. 3 for 6 for 12 for 25 for
Large.... **45c 80c \$1.45 \$2.65**
Medium.. **35c 55c 1.00 1.85**

TABLE GLADS for Incomparable Arrangements

Y 100 Table Glads ("Tiny Tots" or miniatures) will make you the envied hostess as you display your artistic touch in charming table arrangements. The exquisite 2 to 3-inch florets on 12 to 15-inch spikes are so easy to blend with foliage and complimentary flowers for the loveliest bouquets. They bloom early and are so easy to grow from healthy bulbs 1¼ inches or more across. Many beautiful assorted colors. Try several this spring—you'll be happy you did when they bloom this summer. A solid bed of President Cannas is a grand sight all summer and fall to frost.

Tuberose, Single Flowered, Above

TIGER FLOWER

Aztec Tiger Flower (Tigridia)—The flowers are so strikingly beautiful that nothing in your garden will draw as much attention. Grows 24 inches tall. The blooms are huge, often 6 inches across. Each flower lasts but a day, opening at dawn, following the sun in its course, then passing at sunset. This goes on all through the summer. Large size, No. 1 bulbs, 1 inch or more across (diameter).

B 60 Pink
B 62 White

B 61 Red

3 for 60c, 6 for \$1.00**

**BB 64 Two Each of 4 Above Colors
All 8 Bulbs for \$1.00 Postpaid**

TUBEROSE SWEET-SCENTED Postpaid

B 299 Tuberose, Single Flowered. Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. Start indoors for earlier blooms. They are attractive in the border and excellent for cutting. Dig in the fall and store like Glad bulbs.

Large No. 1 Bulbs 3 for 75c, 6 for \$1.25

B 298 Tuberose, The Pearl, Double Flowered—Same as the popular single flowered above except these have lovely, large double flowers.

Large No. 1 Bulbs 3 for 85c, 6 for \$1.45

Grow Prize Dahlias

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, small to medium-size bulb will do much better than a large, sappy, over-grown bulb. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

**Just look at these low prices for fine Dahlias
—All will bloom this late summer and fall.**

Giant Dahlias

You who delight in raising large blooms will want these four outstanding Dahlias. Give them a little attention and you can grow flowers as large as dinner plates, 8 to 10 inches across, and brilliant as a beacon light.

B 6 Avalon—We rate this the best all-around yellow Dahlia. Perfectly formed large flowers freely produced on strong stems. Starts blooming early in the season. **Each 75c**

B 17 Commando—Immense, deep flowers almost a foot across of enchanting lilac-blue. One of the most spectacular Dahlias we have seen. It certainly has won many blue ribbons. **Each 75c**

B 15 Mrs. George le Boutillier—By far the most popular Dahlia regardless of color. Everyone likes it, especially the men. Huge flowers of rich crimson, the greatest of all reds. **Each 75c**

B 21 Rosy Morn—This new variety is absolutely the finest giant pink we have ever seen. The loveliest, brightest, glowing pink. Very free blooming on strong stems. **Each 85c**

GIANT DAHLIA SPECIAL, Postpaid

BB 30 One Each Above 4 Dahlias only **\$2.25**
BB 29 Two Each Above 4 Dahlias only **\$3.85**

Exotic Cactus Dahlias

Many people think these Cactus Dahlias are even more spectacular and beautiful than the Giant Dahlias. The stylish, quilled flowers reach 5 to 6 inches or more across yet they are so graceful they make charming bouquets. The vigorous plants are prolific bloomers. These are 3 of the very best.

B 27 Carnaval—This bright beauty with each red petal tipped golden-yellow will be one of your favorites. A riot of color. **Each 85c**

B 26 Orfeo—Large, rich, glistening purple flowers to grace your garden for many weeks in late summer. You'll like it. **Each 85c**

B 25 Pride of Holland—This is the most beautiful pink Dahlia ever created. More than twice as large as pictured above. Be sure to try this gorgeous Dahlia this year. Next season you'll want many more. **Each 85c**

Color Dahlia Special

OUR 4 MOST POPULAR COLORS LARGE FLOWERING, FREE-BLOOMING

For those who do not care to keep the names separate but nevertheless want fine Dahlias, these are ideal. These are all large flowering, free-blooming, but they are labeled as to color only. Moreover, we have found from years of experience these are the four most wanted colors in Dahlias:

1 Pink 1 Yellow 1 Red 1 White

BB 2 All 4 for \$1.45 Postpaid

BUTTON (Pompon) DAHLIAS

These Button (Pompon) Dahlias have small flowers 1½ inches across, perfect in form. Produce continuously for many weeks. Beautiful in the garden, fine for cutting, rich glowing colors. The bulbs are smaller than the larger varieties but it is astonishing how freely they bloom.

B 4 MIXED COLORS Each 40c, 3 for \$1.00 Postpaid

Show (Ball) Dahlias

These are also called Ball Dahlias. They are small, 2 to 3 inches across. Tremendous bloomers, from early in the season to frost. The flowers come singly on long stems, attractive in the garden and especially fine for cutting. Every day, in season, you can cut a bouquet. The colors are so clean, bright and cheerful, and blend beautifully. Plant them freely, you will be richly rewarded.

NEW MULTIFLORA BEGONIAS

P 350 For a mass of brilliant color all summer long, no other Begonia can equal these new multiflora Begonias: sturdy, well-branched plants covered with exquisite medium-size flowers. These superior American Hybrids come in a fine mixture of gorgeous colors, including red, copper and yellow. Can be potted for indoor bloom and superb for those shady spots in your garden. Postpaid.

Large Bulbs, 1½ to 2 inches across, Each 60c, 3 for \$1.50

LILY-OF-THE-VALLEY

M 193 Everybody loves these delightfully fragrant white flowers pictured above. They thrive in full shade on the north side of your home against the wall where few plants will live. They also do just as well right out in the full sun. We send you clumps of 5 to 7 Pips which will bloom this season.

Each 50c, 3 Clumps for \$1.35 Postpaid

Plantain Lily, above

M 226 Plantain Lily (Funkia Sub. Grand.) Pictured above. Especially fine for shady places but it also grows in the sun. Grows 18 inches tall with attractive large deep green leaves. The flowers are large, pure white, fragrant and resemble Easter Lilies when fully open. Blooms freely in August and September.

Each \$1.25, 3 for \$2.95 Postpaid

M 228 Variegated Plantain Lily—Similar to the one pictured above only the leaves are attractively variegated with silvery-white. The lilac-colored, bell-shaped flowers bloom on 18 inch spikes.

Each 75c, 3 for \$1.95 Postpaid

Hardy Ferns

Many ask us "What can I plant in shady places?" Among the very best, are these Hardy Ferns. They thrive in the shade. That is their natural home. Perfectly hardy, they come up year after year.

M 120 American Maidenhair—Fine on north side. Grows a foot tall.

M 121 Hayscented—Grows in semi-sunny places as well as shade. 12 to 18 inches tall.

M 122 Interrupted—Good for foundation planting in shade or part shade. 2 to 4 ft. tall.

M 123 Lady—Pictured. Likes the shade. 1 to 2 feet tall.

M 124 Ostrich Plume—Especially fine for a shady, rather moist spot. 2 to 4 feet tall.

Perennials FOR SHADY SPOTS

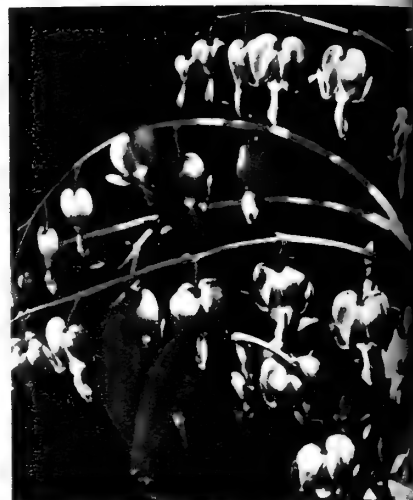

Bleeding Heart

(OLD FASHIONED)

M 58 Bleeding Heart, Old Fashioned—A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

Each \$1.00, 2 for \$1.75, Postpaid

M 60 Bleeding Heart, Fern Leaf (Eximia)—Lovely pink flowers are produced continuously from late spring right through summer into fall. Fern-like foliage is very attractive. Grows a foot tall in sun or shade. Hardy, easy to grow. Fine border plant. **Each 60c, 3 for \$1.50, Postpaid**

Bleeding Heart, Old Fashioned

Fancy-leaved Caladium

For a continuous foliage display from late spring to frost, no other plant equals these. Easy to grow, in sun, partial shade, even full shade. In the fall before freezing weather, dig and store like Cannas. Or you can pot them for winter use indoors. Make stunning arrangements. Plant 4 inches deep in late spring after ground warms up. You can have Mixed Colors or Separate Colors, Red, Pink or White. These are first quality bulbs. Naturally the Large Bulbs have more eyes than the smaller and will produce more foliage. For an earlier start, it is best to pot the bulbs and keep them indoors until all danger of frost is past.

All-America Seed Winners

SNAPDRAGON,
Red Rocket,

1960 All America Winner

867 Snapdragon, Red Rocket—is the top All America for 1960, winner of the cherished Silver Medal. Makes strong, vigorous plants with base branching producing 10 or more stems each with 2½ foot flower spike for a splendid garden display. The flowers are a rich, velvety crimson-red with distinctive foliage and stems of dark reddish-green. Far superior to any other red "snap". **Pkt. 50c**

PHLOX, Glamour,
1960 All America Winner

868 Phlox, Glamour—presents a lovely new color in annual phlox, a gorgeous, clean salmon-pink of unusual brightness, with a creamy-white eye for delightful contrast. The flowers are borne in large graceful clusters on dwarf bushy plants. The soft pastel color blends harmoniously in the garden or bouquets. **Pkt. 50c**

MARIGOLD, Toreador,
1960 All America Winner

869 Marigold, Toreador—Newest of the Giant F₁ Hybrid American Marigolds, Toreador produces loosely ruffled, fully double flowers up to 5 inches across and nearly as deep. The bright orange deepens in the center which highlights the bright outer petals. A strong, prolific bloomer on 2-foot stems, excellent for cutting. Blooms from early summer to frost, a full season of color in your flower border. **Pkt. 50c**

Below, Petite Marigolds

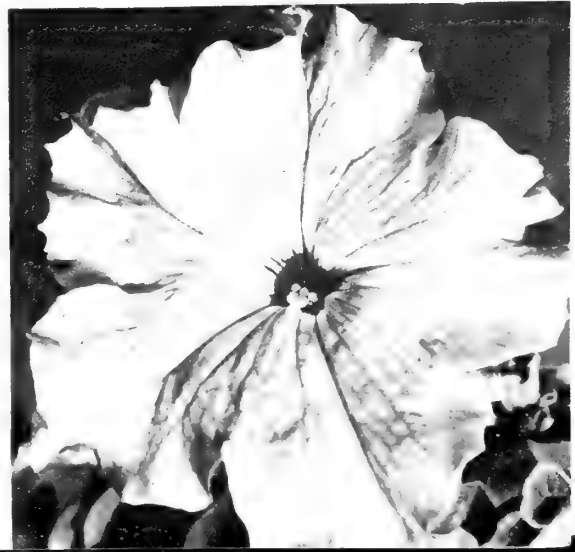

Alyssum, Pink Heather,
1959 All America Winner

866 Alyssum, Pink Heather—The only All America Winner for 1959. Pink Heather is a soft lavender-pink. It grows about 6 inches tall and spreads to 10 inches across, perfect for edging, bedding, rock garden or pot plants. Easy to grow and they bloom continuously from mid-summer until frost. It may be started early for transplanting or seeded direct in the open ground. One of the best garden flowers. **Pkt. 35c**

PETUNIA MAYTIME 1958 All America Winner

865 Petunia, Maytime—Another new color in the F₁ Hybrids, the finest of all Petunias, a lovely light salmon-pink. The ruffled and fringed edges also add to the exquisite beauty of the large 3½ inch flowers. An outstanding grandiflora, vigorous, free-blooming that makes a compact plant 12 inches tall and over a foot wide. **Pkt. (150 seeds) 50c**

New Ortho-Polka Zinnias, above

250 Zinnia, Ortho-Polka (36)—An outstanding new Zinnia. Far superior to Peppermint Stick Zinnia, with flowers twice as large (4 inches across) and brighter colors. The broad, fully double flowers come in the most striking color combinations such as pink, rose, red, or purple with white; red, orange, scarlet with yellow and many others. The plants are vigorous, healthy, drought resistant with strong, long stems for cutting. **Pkt. 25c**

807 Zinnia, Pride of Dieldrin (30)—A new cactus flowered Zinnia which we feel is far superior to any other in its color. So brilliant they shine like beacons in the garden, a stand-out as far as the eye can see. Large quilled flowers with centers of scarlet-flame with golden orange outer petals. Strong, stiff stems fine for cutting. **Pkt. 25c**

804 Zinnia, Dark Jewels (36)—The best, brightest colored mixture ever introduced. Dark Jewels contains such bright cheerful colors as golden yellow, spirea red, cherry, lavender, flame, orange and scarlet with just enough white for contrast. Immense blooms—ruffled and quilled for gorgeous bouquets. **Pkt. 25c**

Zinnias, Dark Jewels

166 Marigold, Parisian Hybrids (12)—Every bloom blotched or striped in all the colors and tones known to Marigolds. Rich green foliage with blooms that average 2½ inches across. Free blooming and fully double. **Pkt. 15c**

163 Marigold, Burpee Gold (30)—Gives an abundance of glorious deep orange double blooms, 3½ inches across. **Pkt. 15c**

165 Marigold, Red Head (12)—All-America Winner. Especially fine for borders. First the blooms are a rich, mahogany-red, changing to auburn then to bronze and gold. **Pkt. 15c**

806 Marigold, Glitters (32)—All-America Winner. Chrysanthemum-flowered with bright lemon-yellow flowers, fluffy and 3 inches or more across. **Pkt. 25c**

164 Marigold, Crackerjack (30)—One of the finest new Marigolds in years. Large flowers (4 to 5 inches across), striking colors, fully double, held majestically above the attractive foliage on strong stems. The color range is superb, primrose, yellow, gold to bright orange. **Pkt. 25c**

127 Bells of Ireland. For delightful flower arrangements try these green veined one-inch bell flowers with small white centers on 18 to 24 inch stems. Everlastings. **Pkt. 15c**

123 Calendula, Pacific Beauty Mixed (24) The extra large blooms are dark orange with a scarlet sheen. **Pkt. 15c**

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. **Pkt. 15c**

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. **Pkt. 15c**

131 Castor Bean, Ricinus (120)—Tall-growing background plant screening alleys and unsightly places. **Pkt. 15c**

808 Cosmos, Mandarin—Brand new. Fully double flowers of brilliant orange. Beautiful, dense foliage. **Pkt. 25c**

139 Cosmos, Radiance (48)—A combination of two new colors. The petals are deep rose with a rich crimson eye and a bright yellow center. Blooms all summer. **Pkt. 15c**

141 Cosmos—New Extra Early Sensation Mixed (48)—A new strain that blooms two weeks earlier than other varieties. A full color range of very large flowers. **Pkt. 15c**

124 Celosia, Pampas Plume (30)—Large, feathered plumes of many bright colors, bronze, copper, gold, sunset and reds, on long stems. Grows 3 feet tall. **Pkt. 25c**

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors. **Pkt. 15c**

145 Dianthus, Pinks, Heddewigii Dbl. Mixed (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting. **Pkt. 15c**

850 Celosia, Toreador—Much brighter red than the other crimson-colored cockscombs. It grows 2 feet tall. Blooms midsummer until frost. Lovely in the garden or can be dried for winter bouquets. **Pkt. 35c**

Celosia, Toreador, 1955 All-America Winner

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms. **Pkt. 15c**

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white from July until frost. **Pkt. 15c**

154 Gypsophila, Annual Baby's Breath (15)—Gives an abundance of large, pure white flowers. **Pkt. 15c**

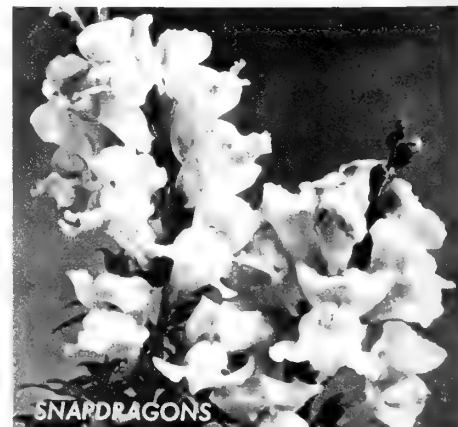

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range. **Pkt. 15c**

308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed. **Pkt. 15c**

196 Poppies, American Legion (30)—Brilliant scarlet that brightens your flower garden. Reseeds itself, lasts for years. **Pkt. 15c**

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Delicate green foliage covered all season with bright colored flowers. **Pkt. 15c**

225 Snapdragon, New Tetra (30)—These new Giant Ruffled Tetraploid Snapdragons are the largest flowered of all. Distinctly ruffled with richer, brighter, clearer colors, beautiful tone blendings. **Pkt. 15c**

226 Snapdragon, Super Giants, Rust-proof (30)—A mixture of our own selection, taller and bearing larger blossoms. **Pkt. 15c**

228 Strawflowers, Everlasting, Mixed (20)—Especially selected for your winter and decorative bouquets. **Pkt. 15c**

243 Salvia, Splendens, Globe of Fire (16)—Continuous blooms of brilliant scarlet for your borders, beds and window boxes. **Pkt. 15c**

244 Tithonia, Torch—Waist high, bushy plants with brilliant orange-scarlet, single, dahlia-like blooms. **Pkt. 15c**

248 Verbena, Giant Hybrids (10)—Fine for borders, beds, boxes and among tall growing plants. All colors mixed. **Pkt. 15c**

**INTER-STATE'S TESTED,

Vegetable Seeds!

Our Seed Guarantee

We guarantee our seeds to be of the best quality and to grow in your garden. Otherwise, we will replace them free.

When you see this mark (*) before the name of a variety, it means that we recommend it especially for quality and productiveness in the home garden. The number following the name indicates the approximate days from planting until ready for use. Planting Instructions are printed on every packet.

IMPORTANT NOTICE . . . If you order both Seeds and Nursery Stock, please write your Seed Order on a separate Order Blank or sheet of paper. Seeds and Nursery Stock are not shipped together. Be sure to write your full name and complete address, plainly, on both sheets. **ALL SEEDS ARE POSTPAID!**

FREE! Make your SEED ORDER total \$2.00 or more and we will include FREE some packets of seeds worth 45c or more.

K 23 Nitragin Only 25c. Be sure to inoculate your Beans, Peas and Sweet Pea Seeds with Nitragin. It greatly increases the yield. A garden size packet is enough to treat 3 or 4 pounds of all 3 seeds.

BEANS

One packet of Bush Beans will plant 25 feet and 1 pound 140 feet.

Your Choice of Bean Varieties

2. MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.

3. EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.

4. EASY-TO-USE—ready to apply—no mixing, no fuss or bother.

Have Earlier, Larger, More Tomatoes by using

Blossom-Set

You will have Earlier, Larger, Meatier and More Tomatoes by using "Blossom-Set," an approved plant hormone. Tested by U.S.D.A. and leading universities. Easy to use, just mix with water. It makes the fruit set better, prevents the falling of the first blossoms. The tomatoes will ripen 2 weeks or more earlier. The plants will produce larger, firmer, meatier fruits with fewer seeds, better flavor and richer color. Use it also on CUCUMBERS, EGG PLANTS, PEPPERS, SQUASH. Makes them produce more and better. Full instructions on the bottle. Guaranteed satisfactory. Postpaid.

Hardy Amaryllis, Surprise Lily, above

Hardy Amaryllis, **SURPRISE LILY**

at a sensational, new, low price **3 for \$1.00 Postpaid**

B 151 Hardy Amaryllis (*Lycoris Squamigera*). This spring, 1960, we are able to offer this remarkable bulb at new low prices. This is possible only because we sell them by the tens of thousands. Finest quality bulbs that will thrive and bloom in your garden for years, with more and more beautiful flowers each year. This amazing bulb produces attractive green foliage in the spring. The foliage then dies down. In August the flower stalks shoot up 2 feet tall with large Lily-shaped flowers, a lovely orchid-pink. There are often 8 to 12 flowers on a single stem. Perfectly hardy here but we do not advise planting in cold states like Minnesota, Dakotas, etc. These bulbs are larger than ordinary and generally sell for 50¢ each. Plant so the bulb is covered with 4 to 5 inches of soil. **POSTPAID.**

Large Bulbs (5 to 6 inches around) Each 40c, 3 for \$1.00, 6 for \$1.75

Charlotte Armstrong

WORLD'S FINEST PINK ROSE

C 10 Charlotte Armstrong. One of the world's best roses; winner of many honors. Magnificent in the garden because of its great vigor, disease-resistant foliage and freedom of bloom. Here is an opportunity to get genuine Inter-State roses at a **SPECIAL LOW PRICE**. These are exactly the same fine varieties as described on other rose pages but the plants are medium size 2-year number 1½ grade, field-grown. They are labeled as to color rather than by name.

We assure you that you will have beautiful, fragrant roses and lots of them, **THIS SUMMER**, and many summers to come. Order them early, **PLANT THEM EARLY THIS SPRING** and in a few weeks you will be cutting the lovely flowers.

You can grow roses in ordinary garden soil, in full sun or part shade. With each order we send easy-to-follow planting instructions. It also explains the simple winter protection needed in the cold states.

Inter-State roses are famous throughout America. Enjoy them in your own garden. We guarantee these roses to please you when you get them and also when they bloom. Shipped postpaid, trimmed for planting.

Postpaid and Guaranteed to please you when you receive the bulbs and also when they bloom this summer.

If bought by name these Glads would cost 3 times as much or more.

Gladiolus are the finest of all flowers for cutting and so easy to grow. Customers from coast to coast have written us telling how delighted they are with this collection. We believe it is the finest mixture in all America. It is strictly high-class, hand-made by us from fine named varieties. Contains all the gorgeous Gladiolus colors, from white to almost black, with many shades of red, pink, yellow, lavender, purple, orange, blue, and the lovely blends. When they bloom this summer you will recognize many of the varieties described on pages 71 and 72. The flowers are large, 4 to 6 inches across, many ruffled, on tall sturdy stems. We offer 2 sizes of bulbs. The LARGE bulbs are $1\frac{1}{4}$ to $1\frac{1}{2}$ inches across (Diameter) and the FINE bulbs are 1 to $1\frac{1}{4}$ inches across. Both sizes will bloom this summer, the larger bulbs producing bigger spikes. Glads are so easy to grow, all over America. Just plant them in ordinary soil, 5 inches deep. Make your first planting in early April. Then plant at 2 week intervals until middle of July. You will have flowers from mid-June to frost. Easy-to-follow Planting Instructions sent with each order. Plant plenty, how handy it is when you can go out in your garden for a needed bouquet.
